## PREFACE

The Hobbs, New Mexico Municipal Code, originally published by Matthew Bender & Company, has been kept current by regular supplementation by Municipal Code Corporation, its successor in interest.

During original codification, the ordinances were compiled, edited and indexed by the editorial staff of Matthew Bender & Company under the direction of David Hooten, Emergency Management and Jan Fletcher, City Clerk.

The Code is organized by subject matter under an expandable three-factor decimal numbering system which is designed to facilitate supplementation without disturbing the numbering of existing provisions. Each section number designates, in sequence, the numbers of the Title, chapter, and section. Thus, Section 2.12.040 is Section .040, located in Chapter 2.12 of Title 2. In most instances, sections are numbered by tens (.010, .020, .030, etc.), leaving nine vacant positions between original sections to accommodate future provisions. Similarly, chapters and titles are numbered to provide for internal expansion.

In parentheses following each section is a legislative history identifying the specific sources for the provisions of that section. This legislative history is complemented by an ordinance disposition table, following the text of the Code, listing by number all ordinances, their subjects, and where they appear in the codification; and beginning with the 2009 Republication, legislation can be tracked using the "Code Comparative Table and Disposition List."

A subject-matter index, with complete cross-referencing, locates specific code provisions by individual section numbers.

**This supplement brings the Code up to date through Ordinance No. 1152, adopted May 15, 2023.**

## **HOW TO USE YOUR CODE**

This code is organized to make the laws of the city as accessible as possible to city officials, city employees and private citizens. Please take a moment to familiarize yourself with some of the important elements of this code.

### **Numbering System.**

The numbering system is the backbone of a Code of Ordinances; Municipal Code Corporation uses a unique and versatile numbering structure that allows for easy expansion and amendment of this Code. It is based on three tiers, beginning with title, then chapter, and ending with section. Each part is represented in the code section number. For example, Section 2.04.010 is Section .010, in Chapter 2.04 of Title 2.

### **Title.**

A title is a broad category under which ordinances on a related subject are compiled. This code contains about 15 to 20 titles. For example, the first title is Title 1, General Provisions, which may contain ordinances about the general penalty, code adoption and definitions. The titles in this code are separated by tabbed divider pages for quick reference. Some titles are Reserved for later use.

### **Chapter.**

Chapters deal with more specific subjects, and are often derived from one ordinance. All of the chapters on a related subject are grouped in one title. The chapters are numbered so that new chapters which should logically be placed near certain existing chapters can be added at a later time without renumbering existing material. For example, Chapter 2.06, City Manager, can be added between 2.04, City Council, and Chapter 2.08, City Attorney.

### **Section.**

Each section of the code contains substantive ordinance material. The sections are numbered by "tens" to allow for expansion of the code without renumbering.

### **Tables of Contents.**

There are many tables of contents in this code to assist in locating specific information. At the beginning of the code is the main table of contents listing each title. In addition, each title and chapter has its own table of contents listing the chapters and sections, respectively.

### **Ordinance History Note.**

At the end of each code section, you will find an "ordinance history note," which lists the underlying ordinances for that section. The ordinances are listed by number, section (if applicable) and year. (Example: (Ord. 272 § 1, 1992).)

Beginning with the 2009 Republication, a secondary ordinance history note will be appended to affected sections. Ordinance history notes will be amended with the most recent ordinance added to the end. These history notes can be cross referenced to the code comparative table and disposition list appearing at the back of the volume preceding the index.

### **Statutory References.**

The statutory references direct the code user to those portions of the state statutes that are applicable to the laws of the municipality. As the statutes are revised, these references will be updated.

### **Cross-Reference Table.**

When a code is based on an earlier codification, the cross-reference table will help users find older or "prior" code references in the new code. The cross-reference table is located near the end of the code, under the tabbed divider "Tables." This table lists the prior code section in the column labeled "Prior Code Section" and the new code section in the column labeled "Herein."

Beginning with the 2009 Republication, this table will no longer be updated.

### **Ordinance List and Disposition Table.**

To find a specific ordinance in the code, turn to the section called "Tables" for the Ordinance List and Disposition Table. This very useful

table tells you the status of every ordinance reviewed for inclusion in the code. The table is organized by ordinance number and provides a brief description and the disposition of the ordinance. If the ordinance is codified, the chapter (or chapters) will be indicated. (Example: (2.04, 6.12, 9.04).) If the ordinance is of a temporary nature or deals with subjects not normally codified, such as budgets, taxes, annexations or rezones, the disposition will be "(Special)." If the ordinance is for some reason omitted from the code, usually at the direction of the municipality, the disposition will be "(Not codified)." Other dispositions sometimes used are "(Tabled)," "(Pending)," "(Number Not Used)" or "(Missing)."

Beginning with the 2009 Republication, this table will be replaced with the "Code Comparative Table and Disposition List."

### **Code Comparative Table and Disposition List.**

Beginning with the 2009 Republication, a Code Comparative Table and Disposition List has been added for use in tracking legislative history. Located in the back of this volume, this table is a chronological listing of each ordinance considered for codification. The Code Comparative Table and Disposition List specifies the ordinance number, adoption date, description of the ordinance and the disposition within the code of each ordinance. By use of the Code Comparative Table and Disposition List, the reader can locate any section of the code as supplemented, and any subsequent ordinance included herein.

### **Index.**

If you are not certain where to look for a particular subject in this code, start with the index. This is an alphabetical multi-tier subject index which uses section numbers as the reference, and cross-references where necessary. Look for the main heading of the subject you need, then the appropriate subheadings:

#### **BUSINESS LICENSE**

See also BUSINESS TAX

Fee 5.04.030

Required when 5.04.010

The index will be updated as necessary when the code text is amended.

### **Instruction Sheet.**

Each supplement to the new code will be accompanied by an Instruction Sheet. This guide will tell the code user the date of the most recent supplement and the last ordinance contained in that supplement. It will then list the pages that must be pulled from the code and the new pages that must be inserted. Following these instructions carefully will assure that the code is kept accurate and current. Removed pages should be kept for future reference.

### **Electronic Submission.**

In the interests of accuracy and speed, we encourage you to submit your ordinances electronically if at all possible. We can accept most any file format, including Word, WordPerfect or text files. If you have a choice, we prefer Word, any version. You can send files to us as an e-mail attachment, by FTP, on a diskette or CD-ROM. Electronic files enable us not only to get you your code more quickly but also ensure that it is error-free. Our e-mail address is: [ords@municode.com](mailto:ords@municode.com).

For hard copy, send two copies of all ordinances passed to:

## Checklist of Up-to-Date Pages

(This checklist will be updated with the  
printing of each Supplement)

From our experience in publishing Looseleaf Supplements on a page-for-page substitution basis, it has become evident that through usage and supplementation many pages can be inserted and removed in error.

The following listing is included in this Code as a ready guide for the user to determine whether the Code volume properly reflects the latest printing of each page.

In the first column all page numbers are listed in sequence. The second column reflects the latest printing of the pages as they should appear in an up-to-date volume. The letters "OC" indicate the pages have not been reprinted in the Supplement Service and appear as published for the original Code. When a page has been reprinted or printed in the Supplement Service, this column reflects the identification number or Supplement Number printed on the bottom of the page.

In addition to assisting existing holders of the Code, this list may be used in compiling an up-to-date copy from the original Code and subsequent Supplements.

### **1-1. Powers.**

The municipality, now existing and known as the City of Hobbs, is a body corporate and may exercise all legislative powers and perform all functions not expressly denied by general law or this Charter. The City may exercise its legislative power in the manner it deems necessary or the City may act in the manner provided by law ("state statute"). The purpose of this Charter is to provide for maximum local self-government. A liberal construction shall be given to the powers of the City. (Amd. of 3-2-2010; Amd. of 3-3-2020)

## **Section 2 Electorate**

### **2-1. Electors.**

A. Candidates. Any registered qualified elector of the City of Hobbs may be a candidate for the office of Mayor, Municipal Judge, or Commissioner for the district in which the elector resides, if that candidate has resided within the City limits of Hobbs and, if applicable, within the appropriate Commission district for a period of at least 180 days prior to the filing of that elector's declaration of candidacy.

B. Voting Eligibility. Any registered qualified elector of the City of Hobbs is eligible to vote in any City election.

C. Voter Photo Identification. Voter photo identification shall be required for all municipal elections as follows:

1. When a voter approaches the election polling place seeking to vote, the voter must identify herself or himself audibly by name. The Municipal Election Clerk shall locate the registered voter's name as spoken and ask the individual seeking to vote for one current identification card containing the voter's name and photograph.
2. Such photo identification card may include any card issued by a government agency, driver's license, student identification card, commercial transaction card (such as a credit or debit card), insurance card, union card, a profes-

sional association card or a voter identification card issued by the Hobbs City Clerk, provided the item submitted contains a photograph depiction of the voter.

3. If the individual is unable to provide a photo identification card, she or he shall be allowed to vote on a conditional ballot, but only if she or he swears or affirms under penalty of perjury in an affidavit provided by the City Clerk that she or he is the registered voter listed on the voter registration rolls at the precinct at which she or he presented herself or himself to vote and provides her or his date of birth and the last four digits of her or his Social Security number.
4. Conditional ballots shall be issued for no other reason than the failure to present photo identification. Conditional ballots shall be counted only by the Canvassing Board and only on the voter's presentation to the City Clerk, by 9:00 a.m. on the third day following the election, one of the photo identification cards described in this section. The Canvassing Board shall also verify that the voter who cast the conditional ballot was registered to vote for the election and did not vote elsewhere in the same election. If a voter who cast a conditional ballot under this section swears or affirms under penalty of perjury in an affidavit provided by the City Clerk within the three-day canvassing period that she or he has a religious objection to being photographed, such voter shall not be required to submit photo identification. The Canvassing Board shall otherwise verify that the conditional ballot was valid.
5. The City Clerk shall develop and provide instructions for election judges concerning the requirements of this section and a method of complaint and resolution for individuals who feel they have been discriminated against by election officials or the City Clerk's administration of this section.
6. Regarding the requirements of this section, knowingly executing a false statement constitutes perjury as provided in Section 30-25-1 NMSA 1978 and voting on the basis of a falsely executed statement constitutes false voting as provided in Sections 1-20-8, 1-20-8.1 and 3-8-75 NMSA 1978.
7. Voter photo identification cards shall be issued by the City Clerk without charge to any voter who presents any two of the following identification documents that show the name and address of the voter: a state-issued identification card, Social Security card, student identification card, library card, insurance card, selective service card, union card, professional association card, utility bill, bank statement, government check or a paycheck,

upon confirmation with the County Clerk that such person is registered to vote. If the individual is unable to present any two of these documents to the City Clerk, then the voter shall swear or affirm in writing under penalty of perjury that she or he is the registered voter and shall be issued a voter photo identification card upon confirmation with the County Clerk that such person is registered to vote. The City Clerk issued photo identification card shall state on its face that it shall not be valid for identification other than for the purpose of voting in City of Hobbs municipal elections and shall not be valid if the voter is subsequently purged from the voter rolls.

- e. Question of Privilege. Questions of privilege do not relate to pending business but concern special matters of immediate and overriding importance which should be allowed to interrupt the consideration of any other matter. The presiding officer makes all rulings as to whether a request for privilege is granted.

4. Public Comment.

- a. Persons Addressing the Commission in an Open Meeting. Each person who addresses the Commission shall not make disruptive comments

which include, but are not limited to, personal attacks, threatening remarks, repetitive remarks, slanderous remarks, derogatory remarks, profane remarks, or other comments or acts that disrupt the proceedings.

- b. **Warning and Redress.** Pursuant to Article I(F)(1)(a) herein, the presiding officer shall preserve order and decorum in the proceedings. As such, the presiding officer shall request that a person who is disrupting the proceedings cease disruption. If, after receiving a warning from the presiding officer, a person persists in disrupting the proceedings, the presiding officer shall order the person to leave the Commission meeting.
- c. **Time limits.** Pursuant to Article II(B)(1)(b), the presiding officer may set time limits on public comment. The period of time allotted for public comment shall not exceed a maximum of thirty (30) minutes in the aggregate, unless a majority of Commissioners vote to extend the time. Each speaker shall be afforded the same amount of time, set by the presiding officer, within the aggregate time allotted.
- d. **Prior registration required.** In order to maximize efficiency and preserve decorum, each member of the public wishing to provide public comment before the Commission shall register to do so by signing the Public Comment Registration Form, located in the Commission Chambers, prior to commencement of the meeting in which they wish to speak. The presiding officer shall have the authority to call for further public input at any time during the meeting. This section shall be exclusive from the process for Article III, Public Hearings.

C. **Actions of the Commission.**

- 1. **Ordinances.** An ordinance has the effect of law within the municipality and ranks highest in authority of all actions.
  - a. A proposed ordinance is open to diminimous amendment on final reading.
  - b. Substantive amendments offered at adoption shall require adoption to be postponed to a subsequent meeting and re-publication of the proposed ordinance.
- 2. **Resolutions.** A resolution is an internal legislative act which is a formal statement of policy concerning matters of special or temporary character.
  - a. Action shall be taken by resolution when required by law and in those instances where a formal expression of policy is desired.

- b. Resolutions shall remain in effect until rescinded or replaced by a subsequent resolution on the same subject.

A main motion must be seconded before a vote can take place and only one (1) main motion may be on the floor at a time. In the absence of a second, the motion fails. Main motions are debatable and amendable, and can be tabled and reconsidered after adoption.

- 2. Withdrawal and Modification of Motions. Until a motion is seconded and stated, the mover may withdraw or modify the motion without consent. When a motion is seconded, and stated, it is in the control of the governing body and can therefore be withdrawn or modified only by consent of the body.

#### E. Amendments.

- 1. Every amendment proposed must be relevant to the subject of the proposition.
- 2. A proposed amendment is made as a motion and takes precedence over the original motion out of which it arises and must be seconded and voted upon before the original motion.
- 3. After an amendment is adopted, the question, as amended, must be put to a vote.

F. Reconsideration of Action. Reconsideration of a negative vote on final action is as proper as reconsideration of a favorable vote. The motion to reconsider may be made at the same meeting or a subsequent meeting. However, certain rules apply as appropriate under the circumstances.

1. The motion must be made by a member who voted with the prevailing side.
2. The motion to reconsider is inappropriate after the action taken has gone into effect or after it is too late to reverse the action taken.
3. Should the motion for reconsideration pass, the item is immediately before the governing body to be acted upon or scheduled for hearing at a subsequent meeting, if necessary, for required public notice purposes.
4. Should the motion for reconsideration fail, the item remains as adopted.

### **2.56.080 Equal employment opportunity.**

It has been and will continue to be a fundamental policy of the City not to unfairly discriminate against individuals on the basis of race, color, religion, sex, pregnancy, ancestry, sexual orientation and gender identity or expression, spousal affiliation, national origin, age, physical or mental handicap or disability, serious medical condition, genetic information, status as a military veteran, or any other legally protected characteristic with respect to recruitment, hiring, discipline, training, promotion, working conditions, wages and salary, employee benefits, and the application of policies. This policy shall not be used as a basis for excluding or separating individuals of a particular characteristic as identified in this section from participating in business or work-related social activities or discussions to avoid allegations of harassment.

- A. Effective implementation and continuing administration of this policy will be the direct responsibility of the City Manager or the City Manager's designee. The City Manager or designee has the responsibility to ensure that the coordination, direction, and review of equal employment opportunity policies, practices, and programs is accomplished. Questions or concerns about this policy should be directed to the Human Resource Director.
- B. All supervisory personnel shall ensure that all employees reporting to them understand and effectively implement the policy. Further, supervisory personnel shall promptly report any alleged harassment or discriminatory treatment they become aware of to the City Manager or Human Resource Director.
- C. The City does not condone and will not tolerate the discrimination, harassment, or bullying of any employee. In addition, it is a violation of City policy for any employee to engage in any form of harassment, discrimination, or

bullying. Complaints of harassment of any type, including sexual harassment, should be brought to the attention of the City Manager or the Human Resource Director.

- D. Harassment is verbal, written, or physical conduct that denigrates or shows hostility or aversion toward an individual because of a legally protected characteristic, or that of their relatives, friends or associates, and that: (i) has the purpose or effect of creating an intimidating, hostile, or offensive work environment, (ii) has the purpose or effect of unreasonably interfering with an individual's work performance, or (iii) otherwise adversely affects an individual's employment opportunities.

Harassing conduct includes epithets, slurs or negative stereotyping; threatening, intimidating, or hostile acts; denigrating jokes; and written or graphic material that denigrates or shows hostility or aversion toward an individual or group that is placed on walls or elsewhere on the employer's premises or circulated in the workplace, on City time, or using City equipment by e-mail, phone, text messages, social networking sites, or other means.

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when, for example: (i) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (ii) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or (iii) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment. Sexual harassment can be physical and psychological in nature. An aggregation of incidents can constitute sexual harassment even if one of the incidents considered on its own would not be harassing.

- E. If an employee feels that they have been subjected to harassment, they may immediately inform the harasser that the conduct is unwelcome and needs to stop. If the inappropriate conduct does not cease, or if the employee is unable to or uncomfortable with addressing the alleged harasser directly, they should report the incident to the Human Resource Director or City Manager.
- F. Bullying is defined as repeated, health-harming mistreatment of one or more people by one or more perpetrators. It is abusive conduct that includes

threatening, humiliating or intimidating behaviors, work interference/sabotage that prevents work from getting done, or verbal abuse. Bullying can be behavior that is verbal, physical, gesture, or exclusion.

- G. All complaints of discriminatory treatment, harassment, bullying, or retaliation in violation of this policy should be brought to the attention of the City Manager or the Human Resource Director.
- H. Complaints of harassment, discriminatory treatment, bullying, or retaliation should be brought forward as promptly as reasonably possible after the alleged harassment, discriminatory treatment, bullying, or retaliation occurs. A prompt, thorough, and impartial investigation will be conducted in as confidential manner as possible. The City will protect the confidentiality of employees who report or participate in the investigation of alleged harassment, discriminatory treatment, bullying, or retaliation to the greatest possible extent consistent with adequate investigation and appropriate corrective action.
- I. Any person reporting harassment, discriminatory treatment, bullying, or retaliation or participating in an investigation of harassment, discriminatory treatment, or bullying shall not be subject to retaliatory action.
- J. Employees who report alleged harassment, discriminatory treatment, bullying, or retaliation will be notified of the status of their complaint, the results of the investigation, and any corrective or preventative action taken. Corrective or preventative action resulting from the reporting of alleged harassment, discriminatory treatment, bullying, or retaliation will be implemented promptly.
- K. It is the responsibility of each and every employee of the City to give this policy of equal employment opportunity real meaning and full support.
- L. Violations of the equal employment policy including any acts of harassment, discrimination, bullying, or retaliation are subject to progressive discipline, up to and including involuntary termination of employment. False and malicious complaints of harassment, discrimination, bullying, or retaliation (as opposed to complaints that, even if erroneous, are made in good faith) may be the subject of appropriate disciplinary action. (Ord. No. 1141, 4-4-2022)

### **2.56.100 Whistleblower.**

The City requires employees to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. As employees of the City, employees must practice honesty and integrity in fulfilling their duties and responsibilities and comply with all applicable laws and regulations. This whistleblower policy is intended to encourage and enable employees to raise serious concerns internally so that the City can address and correct inappropriate conduct and actions. A whistleblower, as defined by this policy, is an employee of the City who reports an activity that they consider to be illegal or dishonest. The whistleblower is not responsible for investigating the activity or for determining fault or corrective measures; an appropriate designee of the City Manager is charged with this responsibility. Examples of illegal or dishonest activities include, but are not limited to, violations of federal, state, or local laws; billing for services not performed or for goods not delivered; policy violations; and fraudulent financial reporting.

- A. Effective implementation and continuing administration of this policy will be the direct responsibility of the City Manager or the City Manager's designee. Questions or concerns about this policy should be directed to the Human Resource Director or City Attorney.
- B. Employees who have knowledge of or a concern of illegal or dishonest fraudulent activity should contact their immediate supervisor, the Human Resource Director, or the City Attorney. The employee must exercise sound judgment to avoid baseless allegations. An employee who intentionally files a false report of wrongdoing will be subject to discipline, up to and including involuntary termination.
- C. All supervisory personnel shall ensure that all employees reporting to them understand the policy. Further, supervisory personnel shall promptly report any allegations of illegal or dishonest behavior brought to their attention to the Human Resource Director or City Attorney.

City will protect the confidentiality of employees who report or participate in the investigation to the greatest possible extent consistent with adequate investigation and appropriate corrective action.

- E. It is a violation of this policy to retaliate, or for a supervisor to allow retaliation, against an employee who in good faith reports an ethics violation or a suspected violation of law. In addition, any employee participating in an investigation of illegal or dishonest fraudulent activity shall not be subject to retaliatory action.

### **2.56.230 Reclassification.**

Reclassification of a position may be requested to recognize a significant change in the duties and responsibilities of a position. Reclassification shall not be used as a method of awarding an employee a salary increase or rewarding high perfor-

mance. A position being reclassified does not in itself require a salary increase of the current incumbent if the incumbent is still within the position's pay after reclassification.

Reclassification requests will be submitted along with a job analysis, the job description, a letter justifying the reclassification request, and organizational chart by the Department Head to the Human Resource Director for evaluation.

After completion of a job audit by the human resource department, the Human Resource Director will present reclassification requests received from the Department Head to the City Manager. The City Manager will determine if a reclassification may be justified and may direct the human resource department to analyze the position and make a classification recommendation.

Although there may be various instances when a position is reclassified, such as during reorganization or when directed by the City Manager, the customary time for submitting a reclassification request is during budget adjustments or prior to the annual budget preparation. The ideal time for reclassification is when the position is vacant.

Compensation and review considerations are addressed in 2.56.360 Reclassification. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

(Ord. No. 1141, 4-4-2022)

(Ord. No. 1141, 4-4-2022)

**2.56.320 Rate at appointment—Increases.**

Upon original appointment, all persons employed by the City shall be paid at the minimum rate for the classification. However, the City Manager may authorize original appointments at higher than the minimum rate within the designated pay range if the employee demonstrates exceptional experience, education, or training beyond the minimum qualifications in the job description, or to accommodate market conditions. A memo documenting the justification for appointments at higher than the minimum rate shall be submitted to the Human Resource Director and City Manager for review.

The Human Resource Director shall be responsible for reviewing all proposed appointment pay rates for (i) equity within the appointee's classification and (ii) equity in relation to incumbents in classifications that may be training or serving in a leadership capacity to the appointee. If a potential internal equity issue exists, the Human Resource Director has the authority to establish a maximum appointment rate regardless of experience, education, or training of the appointee.

If hired at higher than the minimum rate, such employee shall be eligible for salary increases in accordance with the approved compensation plan. (Ord. 916 (part), 2003)

(Ord. No. 1141, 4-4-2022)

**2.56.340 Rate decreases upon demotion.**

When an employee is demoted for disciplinary reasons to a position having a lower classification level, the employee shall receive a salary decrease. The decrease shall be within the pay range of the lower-level position. If an employee receives a demotion for non-disciplinary reasons, the rate of pay may equal the rate of pay received prior to the demotion, provided the rate of pay is in the pay range of the lower-level position. The performance review date will not change as a result of

the demotion. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

### **2.56.350 Transfer.**

When an employee is transferred within the same pay grade, the rate of pay shall remain the same. The performance review date will not change as a result of the transfer. (Ord. No. 1141, 4-4-2022)

### **2.56.360 Reclassification.**

The process of reclassification is addressed in 2.56.230 Reclassification.

- A. If an employee's position is reclassified to a higher-level classification or when a classification is assigned to a higher salary range, no reduction in the base pay rate will result. The employee shall receive at least the minimum rate of pay in the new range or a rate of pay higher than the minimum rate of pay within the designated range based upon the recommendations of the Human Resource Director and the approval of the City Manager. A position being reclassified to a higher-level does not in itself require a salary increase if the employee is already within the position's salary range after reclassification.
- B. When an employee's position is reclassified to a lower-level classification or when a classification is assigned to a lower salary range, the affected employee shall be permitted to continue at the present rate of pay. The employee shall not be eligible for salary increases until the salary range encompasses the incumbent's pay rate.

An employee's performance review date does not change as a result of a reclassification. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

### **2.56.370 Distribution of pay upon termination.**

If an employee is involuntarily terminated, the final check shall be issued within five (5) calendar days pursuant to applicable law. If an employee is voluntarily terminated, the final check is due and payable the next regular payday.

In the event a final paycheck is unclaimed or not cashed, the human resource department will mail the final check to the address on file with the human resource department. In the event a forwarding address is unknown, the human resource department will make all efforts available to them to locate the employee or a forwarding address. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

**2.56.380 Pay periods and distribution.**

Employees are paid every two (2) weeks with the pay period beginning on Sunday and ending on Saturday fourteen (14) days later. Employees can elect to either receive pay distribution via a physical check or direct deposit. Employees may designate another person to pick-up their paycheck or request the paycheck to be mailed by submitting an Authorization for Release of Payroll Check for the human resource department.

Paychecks which have not been distributed by the department representative by the end of the payday will be returned to the human resource department. eligibility as required by law. Therefore, electronic communications should not be used outside regularly scheduled work hours unless required and approved by management. This includes all types of work-related communication. Non-exempt employees should not check for, read, send, or respond to work-related e-mails outside their normal work schedules unless specifically authorized based on job duties or direction by management to do so.

- D. Employees must clock-in at the beginning of their workday, out at the end of their workday in and out for meal periods, and out when leaving the premises during working hours for reasons other than City business. Clocking in and out at the same time is prohibited.
  - E. Employees may only record their own time in the time clock system. Supervisors may adjust an employee's time if they failed to clock in or out.
  - F. Employees may not clock-in earlier than seven (7) minutes before their scheduled starting time without prior authorization from the supervisor or department head.
  - G. Employees may only clock-in when they are ready to start work. The practice of clocking-in and then taking a break is not allowed.

#### Article 4 Hours of Work and Overtime

##### **2.56.400 Hours of work.**

An employee's normal work schedule may vary and is determined by the respective department head.

The standard workweek used to determine overtime eligibility for non-exempt employees shall equal forty (40) hours, regardless of an employee's particular work schedule, unless otherwise designated by the City Commission or collective bargaining agreement. The standard workweek shall begin Sunday at midnight and end on Saturday at 11:59 p.m. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

##### **2.56.410 Overtime—Eligibility for non-exempt positions.**

Any non-exempt employee who works time in excess of the standard workweek shall be compensated for overtime. This applies to full-time, part-time, seasonal, and temporary employees. Compensation may be in the form of pay or compensa-

tory time off consistent with the provisions of the Fair Labor Standards Act. Overtime shall be compensated at one and one-half (1½) times the regular hourly rate. The City reserves the right to require employees to take monetary payment for overtime rather than accrue compensatory time off. For general employees, accumulated compensatory time will be capped at twenty (20) hours. All exceptions to accumulated compensatory time caps for general employees must be approved by the City Manager. Accumulated compensatory time caps for bargaining unit employees shall be pursuant to the collective bargaining agreement. (Ord. 916 (part), 2003) (Ord. No. 1141, 4-4-2022)

#### **2.56.420 Overtime—Scheduling.**

Overtime shall be authorized only by a department head. Overtime may be assigned and required in consideration of work requirements and resource availability. (Ord. 916 (part), 2003)

#### **2.56.430 Computation of overtime.**

A. Extended Duty. For overtime extending beyond the normal work period when the employee does not leave the work site, eligible employees will be compensated overtime based on time worked.

B. Callback Pay. When a non-exempt employee is called back for unscheduled work after having left the work site after completion of a regularly scheduled shift, all work performed shall be compensated at the applicable rate. On the first call back in each day, the employee will be compensated for a minimum of one (1) hour or actual time worked, whichever is greater. For subsequent call backs in the same given day, the employee shall be compensated for hours actually worked.

C. On-Call Pay. For departments who do not maintain a twenty-four (24) hour operation and require routine on-call duty in order to respond to after-hour and/or weekend calls, the on-call employee shall be compensated for a maximum of fourteen (14) hours of additional pay at straight time for each full week of on-call time. The on-call time shall be reported as follows: Two (2) hours per day for each day in which on-call duty is performed. These hours will not be adjusted for on-call time during holidays, etc. Eligibility for on-call pay requires inclusion on a written on-call schedule approved by the department head. On-call employees may be subject to disciplinary action and loss of on-call compensation if an employee is unable, through illness, emergency, or any other reason to carry out on-call responsibilities.

D. Court Appearances. When any non-exempt employee is called to testify in a court case and the basis of their testimony is related to the performance of job duties, the employee shall be eligible for court appearance pay. Court appearance pay shall be granted only when the hearing is scheduled outside of the employee's regular work schedule. This provision does not apply to employee plaintiffs in actions against the City.

E. Effect of Paid Leave. For general employees, no paid holiday, paid time off, paid administrative leave, or compensatory time used shall be counted as working time in determining eligibility for overtime. Paid holiday, paid time off, paid administrative leave, or compensatory time for bargaining unit employees shall be pursuant to the collective bargaining agreement.

F. Training. When training is required by the City for an employee, an effort will be made to arrange for the training during an employee's regularly scheduled work hours. However, a department head may change an employee's normal work hours to accommodate the training schedule. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

#### **2.56.440 Positions ineligible for overtime—Compensatory absences.**

Employees in exempt positions, as defined by the Fair Labor Standards Act, are expected to work, without direct compensation, in excess of the standard workday or workweek to complete job duties. Exempt employees shall not be eligible to receive overtime for such time worked; moreover, any such time shall not be compensable in wages or salaries, nor shall it be accumulated. If, however, an exempt employee works an excessive amount of time beyond the standard workweek, the department head may grant short administrative absences without the use of accumulated paid time off. The granting of such absences, including the time allowed for and the scheduling of these absences, shall be strictly discretionary with the department head. The Mayor will approve such absences for the City Manager.

An exempt employee, at the sole discretion of their department head, may adjust their schedule to allow for an extended workday(s) to be completed in return for a shortened workday or additional day off within the same pay period. Approved flextime shall not negatively affect the workload or productivity of coworkers either by shifting burdens or creating delays and additional steps in the process. In addition, hours of operation and services available for City employees and/or citizens of Hobbs shall not be affected by flextime schedules.

Exempt employees shall not be permitted to use paid time off in increments less than four (4) hours. Exempt employees are required to utilize a minimum of forty (40) hours of paid time off per calendar year unless an exception for extenuating circumstances is approved by the department head and City Manager. Paid time off donated according to the City's paid time off donation program will be credited toward the forty (40) hour yearly threshold.

If an exempt employee fails to use or donate the minimum of forty (40) hours paid time off in the calendar year by the last pay period in December and does not have an exception approved by both the department head and the City Manager, then that employee will lose the forty (40) paid time off hours and that forty (40) paid time off hours will not be carried forward into the next year's accruals nor will the forty (40) paid time off hours be paid out at the end of the calendar year.

If an exempt employee fails to use or donate the minimum of forty (40) paid time off hours in the calendar year, but utilizes or donates an amount less than forty (40) paid time off hours and does not have an exception approved by both the department head and the City Manager, then that employee will lose the amount of paid time off that would bring the paid time off used up to the forty (40) paid time off hours required to be used in the calendar year. The remaining paid time off, short of the forty (40) hour requirement, will not be carried forward into the next year's accruals nor will the remaining paid time off short of the forty (40) hour requirement be paid out at the end of the calendar year. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

#### **2.56.450 Work breaks.**

A. Under this chapter, the department head may, but is not required to, provide for work breaks during the working day. No more than two (2) such breaks shall be granted, not to exceed fifteen (15) minutes each, including related travel time. Work breaks shall not be considered to accumulate if they are not taken and shall not be used to shorten the normal workday. The granting of such breaks shall depend on the constraints of working conditions and staffing within each department. Regulations regarding such breaks shall be set forth by the department head and approved by the Human Resource Director. Compensation for work breaks of fifteen (15) minutes or less will be in accordance with federal and state law.

B. Department heads may, but are not required to, provide for a meal period of up to one (1) hour in which the employee is fully relieved of all duties. Regulations regarding such meal periods shall be set forth by the department head and approved by the Human Resource Director. Employees will not be compensated for bona-fide meal periods of thirty (30) minutes or more.

C. A written policy will be on file with the human resource department outlining required rest and break periods as dictated by the City Manager for reasons related to safety in the workplace.

D. In accordance with federal and state regulations, the City will provide reasonable break time for an employee to express breast milk for a nursing child for one (1) year after the child's birth in a clean and private space, other than a bathroom, that is free from intrusion from coworkers and the public. Such breaks shall not be compensated beyond the established breaks as defined in subsections (A) and (B) of this section. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

#### **2.56.460 Absences.**

Under this chapter, the procedure of notification of absences may vary by position and is determined by the respective department head. Excessive unexcused absences and tardiness are subject to progressive discipline, up to and including involuntary termination.

Any unapproved absence from work shall be considered unauthorized and may be subject to disciplinary action, up to and including involuntary termination.

The City does not discriminate on the basis of religion and will make every effort to reasonably accommodate an employee's sincerely held religious beliefs with absences and schedule changes. Reasonable accommodations may include allowing flexible arrival and departure times, flexible work breaks, staggered work hours, and other means to enable an employee to make up time lost due to the observance of religious practices. The City will not be able to accommodate when the absence or schedule change creates an undue hardship that will disrupt business operations. Under Title VII, a religious accommodation is an undue hardship when it poses a "more than de minimis" cost or burden. Employees are responsible for giving supervisors as much notice as practical. Employees are encouraged to discuss any questions or issues with the human resource department.

(Ord. No. 1141, 4-4-2022)

### **Article 5 Appointment**

#### **2.56.500 Recruitment and application process.**

A. **Announcement of Vacancies.** Under this chapter, the human resource department shall prepare job announcements using such publicity as deemed

appropriate to reach prospective applicants for the position to be filled. All job announcements and other publicity material concerning position vacancies shall explicitly state that the City is an equal opportunity employer. Vacancies will be posted for a minimum of five (5) business days.

- B. Area for Consideration. Individuals shall be recruited from a geographic area sufficiently broad to ensure the selection of well-qualified candidates for the position.
- C. Application. Every person wishing to apply for employment with the City must complete a City job application. If a resume is submitted for a position, the person shall complete an application prior to being considered for the position. Such application shall provide information concerning job qualifications and such other data as deemed necessary by the Human Resource Director.
- D. Disqualification of Applicants. Applicants may be disqualified for consideration for employment when any of the following factors exist:
  - 1. The applicant does not possess the minimum qualifications for the job.
  - 2. The applicant is not physically or mentally fit to perform the duties of the job, with or without reasonable accommodations.
  - 3. The applicant has demonstrated an unsatisfactory employment record or personal record as evidenced by the results of a background and/or reference check.
  - 4. The applicant refuses to sign an affidavit allowing a background investigation.
  - 5. The applicant has given false information in the job application, practiced deception during the selection process, or does not complete the application.
  - 6. The applicant failed to pass selection procedures as administered by the City.
  - 7. The applicant receives a positive test result on a pre-employment drug test.
  - 8. The applicant fails to provide copies of required documents requested in the application and selection process prior to a final decision on hiring.
  - 9. The applicant is suspended from employment or is otherwise under disciplinary sanction, by a current employer, including the City.

- E. Discrimination. No applicant should be unfairly disqualified because of race, color, religion, sex, pregnancy, ancestry, sexual orientation and gender identity or expression, spousal affiliation, national origin, age, physical or mental handicap or disability, serious medical condition, genetic information, status as a military veteran, or any other legally protected characteristic.
- F. Selection Procedures. The Human Resource Director, in consultation with the department head, will determine the verification techniques utilized, such as, but not necessarily limited to, reference checks, background investigations, examinations as outlined in 2.56.510 Nature and types of examinations subsection A, and drug testing. Verification techniques will be job-related and may be position specific. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

**2.56.510 Nature and types of examinations.**

- A. Selection Techniques. For the purpose of this chapter, the selection techniques used in the examination process shall be objective, of a practical nature, and shall relate to those factors which, upon the review of the Human Resource Director, in consultation with the department head, can reasonably be expected to measure the relative capabilities of the persons examined in their ability to execute the duties and responsibilities of the position to which they seek to be appointed. Examinations shall consist of selection techniques which will fairly assess the qualifications of candidates, such as, but not necessarily limited to, achievement and aptitude tests, other written tests, personal interview, oral boards, assessment centers, performance tests, physical agility tests, evaluation of daily work performance, work samples, medical tests, or any combination of these or other tests.
- B. Open Competitive Examination. Open competitive examinations may, at the discretion of the Human Resource Director and the respective department head, be given for any position to be filled in the municipal service unless the needs of the service require a promotional examination as set forth in subsection C of this section. When internal candidates and outside candidates have equal qualifications and examination scores, preference will be given to the internal candidate.
- C. Promotional Examination. Whenever an adequate number of qualified candidates are available within the City without the necessity of outside recruitment, as determined by the Human Resource Director and the respective department head, a promotional examination may be utilized. The depart-

ment head and Human Resource Director must approve any promotional examination held as a means of establishing qualified employees for promotion to fill existing or future vacancies. Promotional examination may include any of the selection techniques mentioned in this section, or any combination of them. Promotional examinations may be conducted on a City, department, or divisional basis. Only those employed at the time of application who meet the requirements set forth in the promotional announcements may compete in promotional examinations. (Ord. 916 (part), 2003)

(Ord. No. 1141, 4-4-2022)

### **2.56.520 Employment lists.**

- A. Creation of Lists. After the completion of an examination or selection process, the Human Resource Director, upon request from the department head, may establish an employment list as a means of recommending qualified individuals to fill existing or future vacancies. Employment lists shall be of two (2) types:
  - 1. Open competitive employment lists result from selection processes in which both internal and external applicants are eligible to participate. These lists shall include the names of all persons who have (i) successfully completed a class or position examination that was announced as an open competitive examination and (ii) have met the minimum scoring as established by the Human Resource Director and department head prior to the position class or examination
  - 2. Promotion employment lists result from selection processes in which only internal applicants are eligible to participate. These lists shall include the names of those employees who have successfully completed a promotional examination for a position or a class of work. Such lists may be used in conjunction with other recruitment procedures at the discretion of the Human Resource Director. Placement on an employment list shall in no way entitle an applicant or candidate to appointment to any position.
- B. Duration of Lists. Employment lists may remain in effect for up to one (1) year.
- C. Rule of Three. The hiring supervisor shall have the right to invoke the rule of three (3) when hiring from an established list. For purposes of this section, the rule of three (3) is defined as follows: In the case of one (1) vacancy, the

top three (3) scoring candidates on an established list are eligible for appointment. For each additional vacancy, one (1) additional candidate may be eligible for appointment.

- D. Reemployment Lists. The names of regular employees who have been laid off shall be placed on appropriate reemployment lists for twelve (12) months in order of total continuous time served in probationary and regular status.
- E. Removal of Names from List. The name of any person appearing on an employment or reemployment list shall be removed by the Human Resource Director if the eligible person requests in writing that their name be removed, for failure to respond to a notice of appointment mailed to the last known address, or when the list expires, as specified in this chapter. The names of persons on promotional employment lists who resign shall automatically be dropped from such lists.
- F. Waivers. Eligible applicants may waive their right to appointment without suffering any loss of status on the employment list by so doing. However, when a candidate has waived appointment two (2) times the candidate shall automatically be dropped from such list. (Ord. 916 (part), 2003)

(Ord. No. 1141, 4-4-2022)

#### **2.56.530 Job vacancies.**

- A. Notice to Human Resource Director. Under this chapter, whenever a vacancy is to be filled, notification shall be given to the Human Resource Director. If there is no reemployment list available for the class, the City Manager, upon recommendation of the department head, shall have the right to decide whether to fill the vacancy by transfer, appointment from a promotional employment list, appointment from an open employment list, or a combination of these categories.
- B. Appointment. All persons shall be selected on the basis of job-related criteria. No person shall be selected for employment without the authorization of the department head, Human Resource Director, and the City Manager. (Ord. 916 (part), 2003)

(Ord. No. 1141, 4-4-2022)

#### **2.56.540 Types of appointment—Status.**

- A. Regular Appointment. Any employee who is appointed to a regular position shall receive all leave and benefits in proportion to hours worked and shall be

entitled to rights of grievance and appeal except during the probationary period. A regular appointment may be full-time or part-time. Regular appointments that are part-time shall receive benefits in proportion to hours worked.

B. Temporary Appointment.

1. Any employee who is appointed to a temporary position shall not receive leave and benefits, except those required by law, and shall not be entitled to rights of grievance and appeal. The services of a temporary employee may be terminated without cause. A temporary appointment may be full-time or part-time.
2. If a temporary employee is appointed to a regular position, the employee's performance review date shall be established as the effective date of the regular appointment.

C. Acting Appointment. For the good of the service or for a temporary job vacancy or for the purposes of providing training, the City Manager may assign an employee to a different job classification. Assignment of acting status shall entitle the employee to the salary associated with that job classification for the duration of the assignment, provided such salary is equal to or higher than an employee's current pay rate. The City Manager may not assign an employee to acting status for a period of less than one (1) calendar month of duty. The City Commission may assign an employee as acting City Manager upon the vacancy of the City Manager position for an indeterminate period until a permanent City Manager is employed.

D. Seasonal Appointment. The City Manager may authorize temporary appointments without examination to positions which are typically seasonal or non-regular in nature. Such appointments shall be made only to temporary positions. Persons appointed for seasonal employment must meet the minimum age requirements and employment standards of the class to which appointed.

E. Interim Appointment. The City Manager may appoint an outside applicant without examination on an interim basis for a period not to exceed six (6) months to a position that has been vacated temporarily. Persons appointed on an interim basis must meet the minimum training and experience qualifications for the class in which employed. (Ord. 916 (part), 2003)

(Ord. No. 1141, 4-4-2022)

**2.56.550 Probationary period.**

- A. All employees shall be subject to an initial one-year probationary period.
  - 1. The probationary period for general employees begins at the date of hire.
  - 2. The probationary period for members of the police certified service begins at the date of hire or appointment to the police certified service and ending after two thousand eighty (2,080) field hours as a New Mexico Certified officer, regardless of any previous City employment.
  - 3. The probationary period for members of the fire certified begins at the date of hire or appointment to the fire certified service and ending one (1) year after hire or appointment to the fire certified service, regardless of any previous City employment.
- B. Any approved leave without pay or workers compensation leave in excess of two (2) weeks that is taken during the probationary period will extend an employee's probationary status proportionately.
- C. The probationary period shall be considered a trial employment period during which the department head shall determine the employee's suitability for the position occupied as the final step in the selection process.
- D. If at any time prior to the end of the probationary period the department head determines that the employee is not suitable for the position, the department head may recommend immediate involuntary termination of employment to be approved by the City Manager, whose decision is final. Probationary employees are employed at-will and may be terminated at any time, for any reason, or for no reason, with or without prior notice.
- E. Any employee who has not successfully completed the probationary period shall not be entitled to rights of grievance or appeal as defined by this chapter.
- F. An employee shall not be subject to a probationary period except upon original appointment or except as defined in subsection A of this section and Section 2.56.600. (Ord. 916 (part), 2003)

(Ord. No. 1141, 4-4-2022)

**2.56.560 Performance review.**

- A. After the successful completion of the probationary period, all full-time and part-time employees shall have their performance reviewed. Further annual reviews will be consistent with the employee's anniversary date.

- B. If the employee disagrees with the immediate supervisor's review, the employee shall file in writing, within ten (10) calendar days, a request with the next level of supervision to review the immediate supervisor's evaluation. This process may continue at the employee's request up the chain of command until the department head has reviewed the matter. The conclusion of the department head will be deemed final and unappealable with regard to that evaluation. If the employee fails to meet the time limits imposed, the process will end, and the employee will lose any rights that have not already been exercised in regard to the evaluation. At any step in this progression up the chain of command, the employee may stop the process and prepare a written response to the evaluation. That response will be retained in the employee's personnel file, together with the original evaluation. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

#### **2.56.570 Medical examination.**

Any candidate recommended for appointment to a City position may be required to undergo a City-funded medical examination, physical abilities test, drug and/or alcohol screen and, for member of the police or fire certified service, a psychological examination by a City-designated physician. Any examination shall be job-related and completed after a conditional offer of employment and prior to appointment in order to determine whether the applicant is capable of satisfactorily performing the essential functions of the specific position, with or without reasonable accommodation.

The City Manager may, upon request from the department head and Human Resource Director, require a physical or mental examination of any employee, to be funded by the City and performed by a City-designated physician or other appropriate professional, to certify that the employee is capable of satisfactorily performing the essential functions of the position. An employee may be placed on administrative leave with pay pending the examination results.

In addition to or in lieu of an examination, an employee may also be required to submit medical information to the City's medical advisor. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

**2.56.580 Nepotism.**

- A. It is vital to the public image of the City to avoid the practice or appearance of nepotism in employment. In carrying out this policy, the following rules shall apply without exception:
1. No relative shall be hired in any capacity if related to the City Commissioners, the Mayor, or the City Manager by blood or marriage to the third degree of kindred. The third degree of kindred includes spouses, parents, children, brothers, sisters, grandparents, grandchildren, great-grandparents, great-grandchildren, aunts, uncles, nieces, nephews, and the equivalent step- or in-law relatives of the aforementioned.
  2. No person shall be hired, promoted, or transferred to a position which is under the direct supervision or the departmental chain of command of a relative. In this case, meaning a blood or marriage relation to the third degree of kindred, as defined in subsection (A)(1) of this section, those in a dating relationship, or members of the same household.
  3. If two (2) employees are in positions of direct or indirect supervision through any departmental chain of command and these two (2) employees establish a relationship as defined in subsection (A)(2) of this section, the City Manager may transfer one (1) of the employees to a position removed from the supervisory control of the other if it is determined that such transfer will serve the best interests of the City.
  4. Except as provided in subsections (A)(1) and (A)(2) of this section, no applicant or employee who is a relative of another City employee shall be prohibited from seeking and holding a City position or from promotion within the municipal service, provided such recruitment or promotion is conducted in accordance with this chapter and any applicable administrative regulations. However, should the employment of a relative create a conflict within the workplace, the City may require that relatives work different shifts or be under separate supervision. The City may also elect to terminate one or both relatives who are creating the workplace disruption. As such, familial disputes or tensions should not be permitted to enter the workplace.
  5. When a situation that runs contrary to the above policy arises through promotion, transfer, marriage, or otherwise, that person is required to inform management and the human resource department of the relationship. The affected individuals will have three (3) months in which to

settle the issue voluntarily; that is, by having one of them request a transfer or termination. If the affected parties are unable to resolve the situation on their own, the City Manager, Human Resource Director, and the employee's department head will together review the case at the end of the three (3) month period. Their decision concerning which employee (or both) is to be transferred or terminated will be binding. During those three (3) months, the supervisory employee will not be involved or have direct input in the employment decisions of the other employee.

- B. Supervisors will not knowingly allow these nepotism provisions to be compromised and all employees have an affirmative obligation to report any violations to the Human Resource Director. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

#### **2.56.590 Reemployment of retired employees.**

The City will abide by State legislation and New Mexico Public Employees Retirement Association (PERA) guidelines regarding the reemployment of a PERA affiliate retiree. Retirees interested in employment with the City must meet the minimum qualifications for the position and complete the same application and selection process as outlined in 2.56.500 Recruitment and application process. Service time will not be bridged for purposes of benefits accrual, seniority, or other tenure-related benefits. The retiree will be required to complete the applicable probationary period.

(Ord. No. 1141, 4-4-2022)

### Article 6 Changes in Employment Status

#### **2.56.600 Transfer and promotion.**

- A. When a job vacancy is announced, any employee may apply for transfer or promotion to the position, provided the employee is not suspended from employment or otherwise under an ongoing disciplinary sanction at the time of the application. All such qualified applicants will be considered, although no employee is assured of selection. Employees will be promoted or transferred when all other qualification and selection results are equal. If the employee successfully applies for transfer or promotion during the probationary period, the employee shall commence a new and separate probationary period in the new position.

B. The City Manager may, for the good of the service, transfer an employee within a department or division or to a different division or department in the City, without loss in pay. Such employee shall be eligible for salary increases in accordance with the approved compensation plan. The performance review date will not change as a result of the transfer. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

#### **2.56.610 Demotion.**

A department head may recommend an employee be demoted to a lower classification subject to the rules set forth in Section 2.56.700. Compensation will be addressed in accordance with 2.56.340 Rate decreases upon demotion. The performance review date will not change as a result of the demotion. (Ord. 916 (part), 2003)  
(Ord. No. 1141, 4-4-2022)

#### **2.56.620 Reduction in force and layoffs.**

- A. If the City Commission determines that one (1) or more divisions or functions of the City should be privatized or eliminated, employees in the affected divisions or functions shall be subject to any agreements negotiated at the time of the privatization or elimination, and the remainder of this section should not apply in such situations.
- B. The City Manager may, for the good of the service, reduce the workforce or lay off employees, other than those affected by a privatization or elimination effort as defined in subsection A of this section. Within each division the order of layoff shall be determined by the following considerations: job performance, as documented in the personnel file; suitability for the position; seniority within each classification of the work unit; seniority within the department; and seniority within the City.
- C. All regular full-time employees laid off within a division shall be placed on a reemployment list for one (1) year and shall be returned to work if a vacancy exists within the division in reverse order of layoff, provided the employee is qualified to perform the job to be filled. Any employee so reemployed shall retain rates of accrual based upon previous seniority and in accordance with Section 2.56.820 subsection C.

D. Employees affected by a reduction in force shall not be placed on a reemployment list as there is no intention of replacing the affected position and is thus a permanent reduction in headcount. (Ord. 916 (part), 2003) (Ord. No. 1141, 4-4-2022)

### **2.56.630 Furlough.**

The City Manager may, for the good of the service, reduce the workforce and furlough employees. A furlough is a mandatory temporary leave of absence from which the employee is expected to return to work or to be restored from a reduced work schedule. A furlough may be the result of lack of work, lack of funds, or other non-disciplinary reasons. The furlough may constitute either a mandatory reduced work schedule or a mandatory leave of absence.

(Ord. No. 1141, 4-4-2022)

**Editor's note**—Ord. No. 1141, adopted April 4, 2022, renumbered the former § 2.56.630 as § 2.56.640 and enacted a new § 2.56.630 as set out herein. The historical notation has been retained with the amended provisions for reference purposes.

### **2.56.640 Disability—Termination of employee.**

The City Manager may terminate an employee due to a disability, mental or physical, which prohibits performance of the essential functions of the job, with or without reasonable accommodation. Rules and procedures governing disability leave are set forth in Sections 2.56.875 through 2.56.905 in conformance with all applicable laws. (Ord. 916 (part), 2003)

(Ord. No. 1141, 4-4-2022)

ballot representation election to determine whether and by which labor organization the public employees in the appropriate bargaining unit shall be represented. Upon acceptance of a valid petition, the board shall require the City of Hobbs to provide the labor organization within ten (10) business days the names, job titles, work locations, home addresses, personal email addresses and home or cellular telephone numbers of any public employee in the proposed bargaining unit. This information shall be kept confidential by the labor organization and its employees or officers. The ballot shall contain the name of any labor organization submitting a petition containing signatures of at least thirty (30) percent of the public employees in the appropriate bargaining unit. The ballot shall also contain a provision allowing public employees to indicate whether they do not desire to be represented by a labor organization. An election shall only be valid if forty (40) percent of the eligible employees in the bargaining unit vote in the election.

B. Once a labor organization has filed a valid petition calling for a representation election, other labor organizations may seek to be placed on the ballot. Such an organization shall file a petition containing the signatures of not less than thirty (30) percent of the public employees in the appropriate bargaining unit no later than ten (10) days after the board and the public employer post a written notice that the petition in subsection A of this section has been filed by a labor organization.

C. As an alternative to the provisions of subsection A of this section, a labor organization with a reasonable basis for claiming to represent a majority of the employees in an appropriate bargaining unit may submit authorization cards from a majority of the employees in an appropriate bargaining unit to the board, which shall, upon verification that a majority of the employees in the appropriate bargaining unit have signed valid authorization cards, certify the labor organization as the exclusive representative of all public employees in the appropriate bargaining unit. The employer may challenge the verification of the board; the board shall hold a fact-finding hearing on the challenge to confirm that a majority of the employees in the appropriate bargaining unit have signed valid authorization cards.

D. If a labor organization receives a majority of votes cast, it shall be certified as the exclusive representative of all public employees in the appropriate bargaining unit. Within fifteen (15) days of an election in which no labor organization receives a majority of the votes cast, a runoff election between the two (2) choices receiving the largest number of votes cast shall be conducted. The board shall certify the results of the election, and, when a labor organization receives a majority of the votes cast, the board shall certify the labor organization as the exclusive representative of all public employees in the appropriate bargaining unit.

E. An election shall not be conducted if an election or runoff election has been conducted in the twelve-month period immediately preceding the proposed representation election. An election shall not be held during the term of an existing collective bargaining agreement, except as provided in Section 2.60.130 of this chapter. (Ord. 927 (part), 2004)  
(Ord. No. 1128, 12-7-2020)

### **2.60.120 Exclusive representation.**

A. A labor organization that has been certified by the board as representing the public employees in an appropriate bargaining unit shall be the exclusive representative of all public employees in the appropriate bargaining unit. The exclusive representative shall act for all public employees in the appropriate bargaining unit and negotiate a collective bargaining agreement covering all public employees in the bargaining unit. The exclusive representative shall represent the interests of all public employees in the appropriate bargaining unit without discrimination or regard to membership in the labor organization. A claim by a public employee that the exclusive representative has violated this duty of fair representation shall be forever barred if not brought within six (6) months of the date on which the public employee knew, or reasonably should have known, of the violation.

B. This section does not prevent a public employee, acting individually, from presenting a grievance without the intervention of the exclusive representative. At a hearing on a grievance brought by a public employee individually, the exclusive representative shall be afforded the opportunity to be present and make its views known. An adjustment made shall not be inconsistent with or in violation of the collective bargaining agreement then in effect between the public employer and the exclusive representative.

C. The City of Hobbs shall provide an exclusive representative of an appropriate bargaining unit reasonable access to employees within the bargaining unit, including the following:

1. For purposes of newly hired employees in the bargaining unit, reasonable access includes:
  - a. The right to meet with new employees, without loss of employee compensation or leave benefits; and
  - b. The right to meet with new employees within thirty (30) days from the date of hire for a period of at least thirty (30) minutes but not more than

one hundred twenty (120) minutes, during new employee orientation or, if the public employer does not conduct new employee orientations, at individual or group meetings; and

2. For purposes of employees in the bargaining unit who are not new employees, reasonable access includes:
  - a. The right to meet with employees during the employees' regular work hours at the employees' regular work location to investigate and discuss grievances, workplace-related complaints and other matters relating to employment relations; and
  - b. The right to conduct meetings at the employees' regular work location before or after the employees' regular work hours, during meal periods and during any other break periods.

D. The City of Hobbs shall permit an exclusive representative to use the public employer's facilities or property, whether owned or leased by the employer, for purposes of conducting meetings with the represented employees in the bargaining unit. An exclusive representative may hold the meetings described in this section at a time and place set by the exclusive representative. The exclusive representative shall have the right to conduct the meetings without undue interference and may establish reasonable rules regarding appropriate conduct for meeting attendees.

E. The meetings described in this section shall not interfere with the City of Hobbs operations.

F. If the City of Hobbs has the information in its records, the City of Hobbs shall provide to the exclusive representative, the following information for each employee in an appropriate bargaining unit:

1. The employee's name and date of hire;
2. Contact information including:
  - a. Cellular, home and work telephone numbers;
  - b. A means of electronic communication, including work and personal electronic mail addresses; and
  - c. Home address or personal mailing address; and
3. Employment information, including the employee's job title, salary and work site location.

G. The City of Hobbs shall provide the information described in subsection F of this section to the exclusive representative within ten (10) days from the date of hire for newly hired employees in an appropriate bargaining unit, and every one hundred twenty (120) days for employees in the bargaining unit who are not newly hired employees. The information shall be kept confidential by the labor organization and its employees or officers. Apart from the disclosure required by this subsection, and notwithstanding any provision contained in the Inspection of Public Records Act, the public employer shall not disclose the information described in subsection F of this section, or public employee's dates of birth or social security numbers to a third party.

H. An exclusive representative shall have the right to use the electronic mail systems or other similar communication system of a public employer to communicate with the employees of the bargaining unit regarding:

1. Collective bargaining, including the administration of collective bargaining agreements;
2. The investigation of grievances or other disputes relating to employment relations; and
3. Matters involving the governance or business of the labor organization.

I. Nothing in this section prevents the City of Hobbs from providing an exclusive representative access to employees within the bargaining unit beyond the reasonable access required under this section or limits any existing right of a labor organization to communicate with public employees. (Ord. 927 (part), 2004) (Ord. No. 1128, 12-7-2020)

### **2.60.130 Decertification of exclusive representative.**

A. A member of a labor organization or the labor organization itself may initiate decertification of a labor organization as the exclusive representative if thirty (30) percent of the public employees in the appropriate bargaining unit make a written request to the board for a decertification election. Decertification elections shall be held in a manner prescribed by rule of the board. An election shall only be valid if forty (40) percent of the eligible employees in the bargaining unit vote in the election.

B. When there is a collective bargaining agreement in effect, a request for a decertification election shall be made to the board no earlier than ninety (90) days and no later than sixty (60) days before the expiration of the collective bargaining

agreement; provided, however, a request for an election may be filed at any time after the expiration of the third year of a collective bargaining agreement with a term of more than three (3) years.

C. When, within the time period prescribed in subsection B of this section, a competing labor organization files a petition containing signatures of at least thirty (30) percent of the public employees in the appropriate bargaining unit, a representation election rather than a decertification election shall be conducted.

D. When an exclusive representative has been certified but no collective bargaining agreement is in effect, the board shall not accept a request for a decertification election or an election sought by a competing labor organization earlier than twelve (12) months subsequent to a labor organization's certification as the exclusive representative. (Ord. 927 (part), 2004)  
(Ord. No. 1128, 12-7-2020)

#### **2.60.140 Scope of bargaining.**

A. Except for retirement programs provided under the Public Employment Retirement Act public employers and exclusive representatives:

1. Shall bargain in good faith on wages, hours and other terms and conditions of employment and other issues agreed to by the parties. However, neither the public employer nor the exclusive representative shall be required to agree to a proposal or to make a concession; and
2. Shall enter into a written collective bargaining agreement covering employment relations.

B. Entering into a collective bargaining agreement shall not obviate the duty to bargain in good faith during the term of the collective bargaining agreement regarding changes to wages, hours and all other terms and conditions of employment, unless it can be demonstrated that the parties clearly and unmistakably waived the right to bargain regarding those subjects. However, no party may be required, by this provision, to renegotiate the existing terms of collective bargaining agreements already in place.

C. In regard to the Public Employees Retirement Act, the City of Hobbs in a written collective bargaining agreement may agree to assume any portion of a public employee's contribution obligation to retirement programs provided pursuant to the Public Employees Retirement Act. Such agreements are subject to the limitations set forth in this section.

D. The obligation to bargain collectively shall not be construed as authorizing the City of Hobbs and exclusive representatives to enter into any agreement that is in conflict with the provisions of any other Statute of this State; provided however, that a collective bargaining agreement that provides greater rights, remedies and procedures to public employees than contained in a State Statute shall not be considered to be in conflict with that State Statute. In the event of an actual conflict between the provisions of any other Statute of this State and an agreement entered into by the public employer and the exclusive representative in collective bargaining, the Statutes of this State shall prevail.

E. Payroll deduction of the exclusive representative's membership dues shall be a mandatory subject of bargaining if either party chooses to negotiate the issue. The amount of dues shall be certified in writing by an official of the labor organization and shall not include special assessments, penalties or fines of any type. The City of Hobbs shall honor payroll deductions until the authorization is revoked in writing by the public employee in accordance with the negotiated agreement and this subsection and for so long as the labor organization is certified as the exclusive representative. Public employees who have authorized the payroll deduction of dues to a labor organization may revoke that authorization by providing written notice to their labor organization during a window period not to exceed ten (10) days per year for each employee. The City of Hobbs and the labor organization shall negotiate when the commencement of that period will begin annually for each employee. If no agreement is reached, the period shall be during the ten (10) days following the anniversary date of each employee's employment. Within ten (10) days of receipt of notice from a public employee of revocation of authorization for the payroll deduction of dues, the labor organization shall provide notice to the public employee's revocation of that authorization. A public employee's notice of revocation for the payroll deduction of dues shall be effective on the thirtieth day after the notice provided to the public employer by the labor organization. No authorized payroll deduction of dues held by the City of Hobbs or a labor organization of July 1, 2020 shall be rendered invalid by this provision and shall remain valid until replaced or revoked by the public employee. During the time that a board certification is in effect for a particular appropriate bargaining unit, the public employer shall not deduct dues for any other labor organization.

F. The City of Hobbs and a labor organization, or their employees or agents, are not liable for, and have a complete defense to, any claims or actions under the law of this State for requiring, deducting, receiving or retaining fair share dues or fees from public employees, and current or former public employees do not have

standing to pursue these claims or actions if the fair share dues or fees were permitted at the time under the laws of this State then in force and paid, through payroll deduction or otherwise, on or before June 27, 2018. This subsection:

1. Applies to all claims and actions pending on July 1, 2020 and to claims and actions filed on or after July 1, 2020; and
2. Shall not be interpreted to infer that any relief made unavailable by this section would otherwise be available.

G. An impasse resolution or an agreement by the City of Hobbs and an exclusive representative that requires the expenditure of funds shall be contingent upon the specific appropriation of funds by the appropriate governing body and the availability of funds. The arbitrator's decision shall not require the re-appropriation of funds.

H. An agreement shall include a grievance procedure to be used for the settlement of disputes pertaining to employment terms and conditions and related personnel matters. The grievance procedure shall provide for a final and binding determination. The final determination shall constitute an arbitration award within the meaning of the Uniform Arbitration Act; such award shall be subject to judicial review pursuant to the standard set forth in the Uniform Arbitration Act. The cost of an arbitration proceeding conducted pursuant to this subsection shall be shared equally by the parties.

I. The following meetings shall be closed:

1. Meetings for the discussion of bargaining strategy preliminary to collective bargaining negotiations between the City of Hobbs and the exclusive representative of the public employees of the City of Hobbs;
2. Collective bargaining sessions; and
3. Consultations and impasse resolution procedures at which the public employer and the exclusive representative of the appropriate bargaining unit are present. (Ord. 927 (part), 2004)

(Ord. No. 1128, 12-7-2020)

### **2.60.150 Impasse resolution.**

A. The following impasse procedure shall be followed by the City of Hobbs and exclusive representative:

1. If an impasse occurs, either party may request from the board that a mediator be assigned to the negotiations unless the parties can agree on a mediator.

A mediator with the Federal Mediation and Conciliation Service shall be assigned by the board to assist negotiations unless the parties agree to another mediator; and

2. If the impasse continues after a thirty-day mediation period, either party may request a list of seven (7) arbitrators from the Federal Mediation and Conciliation Service. One (1) arbitrator shall be chosen by the parties by alternatively striking names from such list. Who strikes first shall be determined by coin toss. The arbitrator shall render a final, binding, written decision resolving unresolved issues pursuant to Section 14 of this ordinance and the Uniform Arbitration Act no later than thirty (30) days after the arbitrator has been notified of selection by the parties. The arbitrator's decision shall be limited to a selection of one (1) of the two (2) parties' complete, last, best offer. The cost of an arbitrator and the arbitrator's related costs conducted pursuant to this subsection shall be shared equally by the parties. Each party shall be responsible for bearing the cost of presenting its case. The decision shall be subject to judicial review pursuant to the standard set forth in the Uniform Arbitration Act.

B. The City of Hobbs may enter into a written agreement with the exclusive representative setting forth an alternative impasse resolution procedure.

C. In the event that an impasse continues after the expiration of a contract, the existing contract will continue in full force and effect until it is replaced by a subsequent written agreement. However, this shall not require the City of Hobbs to increase any employees' levels, steps, or grades of compensation contained in the existing contract. (Ord. 927 (part), 2004)

(Section 13-1-105 NMSA 1978).
3. All bids are subject to the Inspection of Public Records Act (14-2-1 through 14-2-12 NMSA 1978).

F. Expenditure Categories. The following policies are to be applied by the CPO for all expenditures of the City of Hobbs. The application of the policy is based on the appropriate cost category that each purchase fits into; as well as the additional requirements for public works contracts, see section 3.20.060; and miscellaneous purchases, see section 3.02.050.

1. Category #1—Total Cost is Less Than Twenty Thousand Dollars (\$20,000.00). Price quotes for these purchases are required, however a good faith effort must be made to acquire the materials or services at the best obtainable price. All departments can purchase services, construction or items of tangible personal property having a value not exceeding twenty thousand dollars (\$20,000.00) by issuing a direct small purchase order. (Note: all

purchase requisitions must have a quote before a conversion to a purchase order) Purchases made in this category must obtain prior approval from an authorized department employee.

2. Category #2—Total Cost is More Than Twenty Thousand Dollars (\$20,000.00), but less than Seventy-Five Thousand Dollars (\$75,000.00). Purchase of services, construction or items of tangible personal property having a value not exceeding seventy-five thousand dollars (\$75,000.00) are accomplished by obtaining three (3) written quotes. The quotes will be turned in to the CPO with a quote/purchase request form for issuance of a purchase order. Purchases made in this category must obtain prior approval from an authorized department employee.
3. Category #3—Total Cost is More Than Seventy-Five Thousand Dollars (\$75,000.00). Purchases of services, construction or items of tangible personal property in this category must be procured using formal sealed bids or competitive sealed proposals through the CPO. Only the CPO can distribute bid and proposal documents, maintain an approved bidder list, or issue any addendum to bids or proposals. Purchases made in this category must obtain prior approval from the Department Head and approved by the City Manager and City Commission.

Purchases are not to be artificially divided to shift the classification of the purchase into an inappropriate expenditure category. Violation of this policy is subject to possible disciplinary action as defined in the personnel policy.

G. Freight Designations. The City of Hobbs will not accept title of any goods until they are received by an agent of the City of Hobbs (13-1-157, 13-1-158 NMSA 1978).

1. The shipping terms of all purchases made by the City of Hobbs must be F.O.B. destination or F.O.B. destination, freight prepaid by the vendor.
2. In most instances, the City of Hobbs will not prepay freight on any purchases. The CPO will make an assessment of the facts and circumstances, and determine if pre-payment of freight is the only available means of purchasing the goods in the best interest of the City of Hobbs.

H. Gross Receipts Tax. In accordance with state law, the City of Hobbs is responsible to pay New Mexico gross receipts tax on all payments for labor (7-9-1 through 7-9-85 NMSA 1978). Some materials for construction projects may also be subject to New Mexico gross receipts tax.

I. Indefinite Quantity Contract Purchases. Purchases of the same materials or services at various times during the year may require formal bids if the total cost for the fiscal year exceeds seventy-five thousand dollars (\$75,000.00) for all departments. Examples of these types of purchases are fertilizer, asphalt, chlorine, lime, concrete, uniforms, janitorial, etc.

1. The City of Hobbs may procure multiple indefinite quantity construction contracts pursuant to a price agreement for multiple projects under a single RFP, provided that the total amount of a contract and all renewals does not exceed two million dollars (\$2,000,000.00) over four (4) years and the contract provides that any one (1) purchase order under the contract may not exceed five hundred thousand dollars (\$500,000.00). (13-1-154.1 - B)

J. Multi-Year Contracts. The City of Hobbs may enter into multi-year contracts that are in the best interest of the City of Hobbs as determined by the CPO.

1. The maximum length of any contract for tangible personal property, construction or services under seventy-five thousand dollars (\$75,000.00) is not to exceed four (4) years, over seventy-five thousand dollars (\$75,000.00) is not to exceed eight (8) years including extensions and renewals.
2. The maximum length of any contract for professional services is not to exceed four (4) years with all extensions and renewals (13-1-150 NMSA 1978)
3. The terms of these multi-year contracts must be specified in the specifications of the bid or proposal (13-1-150 NMSA 1978).
4. Task orders can be issued as it relates to multi-award bids and proposals. Task orders between twenty thousand dollars (\$20,000.00) and seventy-five thousand dollars (\$75,000.00) shall obtain approval from, the Department Head Committee (Department Head Committee defined as a Department Head and one or more evaluators) and the City Manager. The committee shall have a written justification of why the chosen contractor is in the best interest of the City. Any artificial divide of task orders exceeding the seventy-five thousand dollars (\$75,000.00) threshold would require City Commission approval. (e.g.: three (3) task orders to the same contractor, with each task order amount at twenty-five thousand dollars (\$25,000.00). Task orders exceeding seventy-five thousand dollars (\$75,000.00) must obtain prior approval from the Department Head and approved by the City Manager and City Commission. In determining the contractor for multi-award task orders

exceeding seventy-five thousand dollars (\$75,000.00), the Department Head Committee will make the recommendation based on the best interest of the City.

5. The City of Hobbs may procure multiple architectural or engineering services contracts for multiple projects under a single qualifications-based RFP; provided that the total amount of multiple contracts and all renewals for a single contractor does not exceed two million dollars (\$2,000,000.00) over four (4) years and that a single contract, including any renewals, does not exceed five hundred thousand dollars (\$500,000.00) (13-1-154.1 - A)

"Professional services" means the services of architects, archaeologists, engineers, surveyors, landscape architects, medical arts practitioners, scientists, management and systems analysts, certified public accountants, lawyers, psychologists, planners, researchers and persons or businesses providing similar services (13-1-76 NMSA 1978).

Professional services are procured at the direction of the City Manager for contracts under seventy-five thousand dollars (\$75,000.00) including for the services of architects, landscape architects, engineers or surveyors for state public works projects or local public works projects, in accordance with professional services procurement regulations promulgated by the Department of Finance and Administration, the General Services Department or a Central Purchasing Office with the authority to issue regulations. Professional services between twenty thousand dollars (\$20,000.00) and seventy-five thousand dollars (\$75,000.00), not related to public works projects, shall obtain three (3) written competitive quotes with justification (when applicable) before the City Manager may approve the contract. Contracts over seventy-five thousand dollars (\$75,000.00) are procured at the direction of the City Manager with City Commission approval, and are subject to the competitive sealed proposal requirements. The CPO will issue a contract after documentation of the appropriate approval is delivered to the CPO.

NOTE: The City of Hobbs is subject to 2.22 NMAC State Audit Rule in contracting for the audit services.

L. Cooperative Purchasing Agreements. "Cooperative procurement" means procurement conducted by or on behalf of more than one (1) state agency or local public body, or by a state agency or local public body with an external procurement unit. Purchases of services, construction or items of tangible personal property can be made through the use of a "cooperative purchase agreement". P. Quotations. When the City of Hobbs Procurement Policy requires quotations, either written or oral, all vendors must be given the same information concerning the material or service required and any other specifications. Each vendor contacted must be given an equal opportunity to supply the material or service. If an addendum to a request for a quotation is required, it must be provided to all vendors that were asked to respond.

Q. Resident Bidder's Preference. Vendors registered with the State of New Mexico who have received a resident bidder's preference number are eligible for a five (5) percent preference in the evaluation of their bid price (13-1-21 NMSA 1978). This five (5) percent resident bidder's preference is applicable to formal sealed bids and proposals. The resident bidder's preference does not apply to the expenditure of federal funds (13-1-21 NMSA 1978). The CPO is responsible for the verification of the resident bidders' preference number with the State of New Mexico.

S. Sole Source and Emergency Purchases.

1. "Sole source purchases" are defined as a purchase for which there is only one known source for the required service, construction or item of tangible personal property (13-1-126 NMSA 1978). At least thirty (30) days before a sole source contract is awarded, the CPO or designee of either shall post notice of the intent to award a sole source contract on its website and forwarded to the State of New Mexico Department of Information Technology for posting on the sunshine portal. The notice shall identify at a minimum:
  - a. The parties to the proposed contract.

Any qualified potential contractor who was not awarded a sole source contract may protest to the CPO. The protest shall be submitted in writing within fifteen (15) calendar days of the notice of intent to award a contract being posted by the CPO. (13-1-126.1, A B, 13-1-128)

2. Emergency purchases are valid only when there exists a threat to public health, welfare, safety or property requiring procurement under emergency conditions (13-1-127 NMSA 1978). An emergency condition creates an immediate and serious need for services, construction or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten:

  - b. The preservation or protection of property; or
  - c. The health or safety of any person (13-1-127 NMSA 1978).

The notice shall identify at a minimum:
  - a. The parties to the proposed contract;
  - b. The nature and quantity of the service, construction or item of tangible personal property being contracted for; and
  - c. The contract amount.

T. State of New Mexico Purchasing Contracts and GSA contracts. The CPO may make purchases utilizing any State of New Mexico Purchasing Contract, or any GSA contract deemed to be in the best interest of the City of Hobbs. The CPO is not required to obtain quotes or formal sealed bids for purchases under these contracts regardless of the total cost (13-1-129 NMSA 1978), but may utilize these contracts as one (1) of the price quotes when quotations are required.

I. Disposition of any item requires prior approval from the Department Head (13-6-1 NMSA 1978), and completion of an inventory data sheet-transfers and deletions. ### **3.20.080 Contract policy/procedures.**

A. Contract Background. Typically, the City of Hobbs requires contracts for any labor/services over twenty thousand dollars (\$20,000.00). There are some cases that might require a contract under twenty thousand dollars (\$20,000.00) if the department and vendor need to detail out certain attributes that would otherwise not reflect on the purchase order (examples of these are timelines, quantity amounts, methods of payment, scope of work, expectations etc.) Contracts under twenty thousand dollars (\$20,000) will be assigned a purchase order. Contracts are not to be artificially divided to shift the classification of the purchase into an inappropriate expenditure category. In obtaining a contract the following procedures must be followed as to make your department and vendor, an enjoyable experience with the Finance Department.

B. Procedure.

1. Determine if labor or services are over the twenty thousand dollar (\$20,000.00) threshold.
2. Contracts under twenty thousand dollars (\$20,000.00) will be assigned a purchase order (authorized contract will serve as backup to the purchase order). If over the twenty thousand dollar (\$20,000.00) threshold, three (3) written quotes (use quote/purchase request form) must be obtained. Any professional service between twenty thousand dollars (\$20,000.00) and seventy-five thousand dollars (\$75,000.00), not related to public works projects, should obtain three (3) competitive written quotes with justification (when applicable) before the City Manager can approve the contract.
3. Obtain an electronic version contract on the City's Intranet page or contact Finance for a proforma contract. (Note: the contract pro forma version has

been vetted through the Finance Department and Legal Department. Any other contract form used will be subject to additional review by the Legal/ Finance Department.)

4. Update the contract with the vendor, scope of service, amounts, quantity or any other language is deemed necessary for clarification.
5. Check budget for available funds and update contract with coding instructions.
6. Contract needs to be signed by the Department Head, Finance Director, City Attorney, City Manager and vendor before work is to begin. If a contract is obtained through a bidding process or RFP process then the Mayor must sign contract.
7. Once signatures are obtained, the contract must be forwarded to Purchasing (along with the three (3) written quotes) for encumbering into the MUNIS system. This assures that the City of Hobbs has the most current status of contractual liabilities owed to vendors.
8. Invoices associated with the contracts will be submitted to accounts payable and disseminated to the Department who issued the contract.
9. The Department Head will sign off on the invoice verifying the work was complete and satisfactory. The Department Head will then forward to accounts payable for payment. (Note: all invoices must be paid within fifteen (15) days of receipt of payment per ordinance.)
10. All contracts will be drafted for a one (1) year term with a three (3) year option to renew (when applicable). Before the contract year, a reminder notice will be sent by the Finance Department to the department who initiated the contract for review. The department will review and update any terms, scope of services, or any other terms set in the initial contract. Once reviewed, the department will sign the contract reminder notice along with the vendor. This constitutes exercising one (1) of the three (3) year options. Any significant changes to the initial contract will need to be reflected in an amendment to the initial contract, identifying any updates. The amended contract must be signed by all parties listed in the initial contract.
11. Employment Contracts vs. Contracts of Independent Contractors. All contracts will be subject to review by the City Manager, Human Resources Director and Finance Director as it relates to determining whether a contract is considered to be an employment contract or a contract with an indepen-

dent contractor. (IRS rules apply) Employment contracts will be reviewed annually by the City Manager during his/her evaluation process for the employee. Contracts with an independent contractor will follow the review procedure mentioned in procedure 9 Section 3.20.080 of procedures for obtaining a contract.

(Ord. No. 1101, § VII, 4-17-2017; Ord. No. 1123, 4-6-2020)

**3.20.085 Procedures for obtaining a purchase order.**

A. Purchase Order Background. The City of Hobbs requires a purchase order for any tangible property, labor, and services under twenty thousand dollars (\$20,000.00). A purchase order can also be obtained for any tangible property over twenty thousand dollars (\$20,000.00) and under seventy-five thousand dollars (\$75,000.00), however, three (3) written quotes (use quote/purchase request form) must be obtained. (note: in obtaining three (3) quotes, the lowest quote does not have to be lowest, but a statement as to why lowest quote was not chosen) A purchase order can be obtained for tangible property or indefinite quantity amounts over seventy-five thousand dollars (\$75,000.00), but a formal bid, sole source, emergency request, GSA, cooperative purchasing (see ordinance policy) or formal RFP process would have to occur first. Any purchase orders over twenty thousand dollars (\$20,000.00) needs to be created in the Finance Department - Purchasing. It is noted the City of Hobbs uses a purchase order system for two (2) reasons; 1) that authorization of public funds has occurred before the purchase, and 2) only authorized personnel from the City of Hobbs can spend public funds. The purchase order system also tracks by department, checks availability of funds and contractually encumbers public funds. The City of Hobbs uses an electronic report and planning system (MUNIS) to obtain a purchase order. The steps involved in the City of Hobbs electronic procurement process is first, creating a requisition, converting to a purchase order, receiving an invoice, department receiving the item indicating the product or service was adequate and then a check is processed. Purchase orders are not to be artificially divided to shift the classification of the purchase into an inappropriate expenditure category. (example: creating purchase orders to one (1) vendor, same budget line item, three (3) different times at ten thousand dollars (\$10,000.00) per PO making the total purchase to the vendor thirty thousand dollars (\$30,000.00). This purchase should have obtained three (3) written quotes since total purchase to one (1) vendor exceeded twenty thousand dollars (\$20,000.00). In the prior example, if total purchases exceeded seventy-five thousand dollars (\$75,000.00), then a formal bid or RFP process would need to followed) In obtaining a purchase order, the following procedures must be followed as to make your department and vendor, an enjoyable experience with the Finance Department.

**B. Procedure—Requisition to Purchase Order.**

1. Complete a requisition entry in MUNIS. Please include a detailed description of the item or items purchased in the line detail field.
2. All requisitions must have documentation (such as a quote, contract under twenty thousand dollars (\$20,000.00) or an estimate) attached to justify the price, timeline, and/or quantity needed.
3. Release the requisition in MUNIS so that it can be processed through the workflow in MUNIS.
4. Once all approvals have been made, the requisition will be converted into a purchase order.
5. The originator will receive two (2) copies of the purchase order by email - the department copy and the vendor copy. Please provide your vendor with the vendor copy of the purchase order.

**C. Procedure—Receiving on a Purchase Order.**

1. Per the purchase order, the invoice should be received by the Finance Department.
2. Finance will email a copy of the invoice to the department for authorization to pay.
3. Please receive using the MUNIS receiving module any items on the invoice you have physically received.
  - a. Please contact Finance as soon as possible if you have received an invoice from us and you do not have your merchandise.
  - b. Receiving documentation should be scanned and attached (when applicable) within the receiving module to verify that all merchandise shipped was properly vetted. Examples are to verify that no prepayments exist between the vendor and the City of Hobbs, quantities are correct, and no damage of goods occurred.
4. If you have more than one (1) line item on your purchase order, please be sure you are receiving on the correct line item.
5. Please do not put a quantity in your receiving record - only a cost.

6. Please utilize the comments section to communicate any necessary information regarding your invoice.
  - a. This is especially useful if you have multiple invoices paying against the same line on your PO. Please provide the invoice number in the comments section for multiple invoices.
7. Please receive one (1) invoice at a time in the receiving record.

D. Checks are Written Once Per Week. (Thursday afternoon). All purchase orders, invoices and receiving must be done by 5:00 p.m. Tuesday for payment to the vendor on Thursday of that week. (note: during holidays, the check run may be changed.)

(Ord. No. 1101, § IX, 4-17-2017; Ord. No. 1123, 4-6-2020)

### **3.20.090 Procedures for obtaining a request for proposal (RFP).**

A. RFP (Request for Proposals) Background. Request for proposals follow the same procedure noted in the State of New Mexico Procurement Code. RFP's are done when other factors need to be considered for tangible property, capital projects, professional services and other services. This section of RFP does not fully encompass the process when public works projects are being considered for an RFP. This section details out the basic process, thru RFP, in procuring services exceeding seventy-five thousand dollars (\$75,000.00).

#### **B. Procedure for Creating an RFP.**

1. Obtain pro forma RFP form on the City's intranet page or request from purchasing an electronic copy of the pro forma request for proposal.
2. Once the department has a working template of the RFP, the following items need to be either updated or changed:
  - a. The proposal number (obtain thru purchasing).
  - b. The specific timeline from publishing to opening of the RFP. The date, time and place of opening (minimum time from publication to opening is ten (10) business days). Also, note that all RFP's need to be evaluated and submitted to the City Commission for approval.
  - c. A detail description of the scope of service needing to be performed.
  - d. Evaluation criteria ranked on a grading scale or point scale. (examples: cost forty (40) percent- timeline twenty (20) percent - personnel experience on similar services twenty (20) percent - responsiveness to RFP ten (10) percent).

- e. RFPs not related to public works projects shall have a minimum cost factor of twenty (20) percent.
  - f. Resident preference of five (5) percent and veteran's preference of ten (10) percent need to be included as an evaluation criteria factor.
  - g. A cost sheet needs to be included in the RFP if cost is an evaluation factor.
  - h. A campaign contribution form needs to be included in the RFP.
  - i. All proposers shall be required to sign an affidavit attesting that collusion has not occurred.
  - j. All proposers shall be required to sign a Related Party Form, disclosing any financial interest the proposer may have with the City of Hobbs.
  - k. All proposers shall be required to sign a Debarment Certificate disclosing any debarment from the State of New Mexico, Federal Government and or the City of Hobbs.
- 3. The department will submit a proposer list to purchasing for filing and submission of RFP to prospective proposers.
  - 4. Once the department has updated and completed the RFP, the department will submit to Purchasing for review. Purchasing will then make any suggestions or corrections before a check route is established. (a check route is a sign off sheet in order for complete compliance review). Purchasing creates a check route, with authorized signatures, in the following order:
    - a. Author of the RFP.
    - b. Department Head.
    - c. Purchasing.
    - d. Finance Director.
    - e. Legal.
    - f. City Manager.
  - 5. The check route needs to contain the budgeted funds available and the account number the RFP is budgeted in.
  - 6. When the check route is complete, the City Manager shall sign the notice to publish. The RFP publication will also be submitted to IT for publication on the City of Hobbs website.

7. Any addendums to the RFP must be submitted twenty-four (24) hours in advance.

C. Procedure for Evaluating an RFP. Specific guidelines in evaluating an RFP are detailed in the State of NM Procurement Code. The following procedures establish a benchmark for departments in completing the RFP process:

1. Finance Department will receive all RFP's and time/date stamp.
2. Finance Department will compile an evaluation form specific to the criteria established in the formal RFP.
3. The department will establish an evaluation committee with a minimum of three (3) evaluators. At least one (1) member needs to be independent of the RFP origination department. (refer to NM State Procurement Code for specific procedures)
4. The evaluation team will score the RFP and submit scoring sheets to the Finance Department. An average score sheet will be calculated and submitted to the Finance Department as well. Any possible proposers deemed non-responsive must be vetted through the Finance Department and Legal Department.
5. The RFP origination department will create a staff summary and start negotiations of a contract agreement (see contract procedure). If contract negotiations fail with the highest rated proposer, the department will begin negotiations with the second highest proposer. (see detailed RFP negotiations in NM State Procurement Code) The staff summary, average scoring sheet and contract (when necessary) will be submitted to the City Commission for approval.
6. Upon City Commission approval, purchasing will submit an award letter to the highest rated proposer and notify (in writing) the non-successful proposers.
7. Once all contract documents are signed, the department will submit to purchasing a copy of the contract and enter the document into the MUNIS system. All contracts that are processed through the RFP process must be signed by the Mayor.

(Ord. No. 1101, § X, 4-17-2017; Ord. No. 1123, 4-6-2020)

City of Hobbs. This section of bidding does not fully encompass the process when public works projects are being considered for a bid. It is also noted that a construction manager assigned to assist the City of Hobbs, thru a prior RFP, can process bids, evaluate and make recommendations to the City of Hobbs Commission or designee. any suggestions or corrections before a check route is established. A check route is a sign off sheet in order for complete compliance review). Purchasing creates a check route, with authorized signatures, in the following order:

- a. Author of the bid document.
- b. Department Head.
- c. Purchasing.
- d. Finance Director.

C. Procedure for Evaluating a Bid. Specific guidelines in evaluating a bid are detailed in the State of NM Procurement Code. It is also noted that if the City of Hobbs is contracting with a construction manager then the following process does not apply. The following procedures establish a benchmark for departments in completing the bid process (without a construction manager):

1. Finance Department will receive all bids and time/date stamp.
2. Finance Department will compile an evaluation form specific to the cost established in the formal bid process.
3. All bids will be publicly opened and read out loud.
4. The bid will be summarized and checked for completeness. Any possible bidders deemed non-responsive must be vetted through the Finance Department and Legal Department.
5. The bid origination department will create a staff summary and create a contract agreement (see contract procedure). The staff summary, bidding sheet and contract (when necessary) will be submitted to the City Commission for approval.

6. Upon City Commission approval, purchasing will submit an award letter to the apparent low bidder and notify (in writing) the non-successful bidders.
  7. Once all contract documents are signed, the department will submit to purchasing a copy of the contract and enter the document into the MUNIS system. All contracts that are processed through the bidding process must be signed by the Mayor.

#### **5.16.020 Initial review of basic cable rates.**

A. Notice. Upon the adoption of the ordinance codified in this chapter and the certification of the City by the FCC, the City shall immediately notify all cable operators in the City, by certified mail, return receipt requested, that the City intends to regulate subscriber rates charged for the basic service tier and associated equipment as authorized by the Cable Act of 1992.

B. Cable Operator Response. Within thirty (30) days of receiving notice from the City, a cable operator shall file, with the City, its current rates for the basic service tier and associated equipment and any supporting material concerning the reasonableness of its rates.

C. Expedited Determination and Public Hearing.

1. If the City Commission is able to expeditiously determine that the cable operator's rates for the basic service tier and associated equipment are within the FCC's reasonable rate standard as determined by the applicable benchmark, the City Commission shall:
  - a. Hold a public hearing at which interested persons may express their views; and
  - b. Act to approve the rates within thirty (30) days from the date the cable operator filed its basic cable rates with the City.
2. If the City Commission takes no action within thirty (30) days from the date the cable operator filed its basic cable rates with the City, the proposed rates shall continue in effect.

D. Extended Review Period.

1. If the City Commission is unable to determine whether the rates in issue are within the FCC's reasonable rate standard based on the material before it, or if the cable operator submits a cost-of-service showing, the City Commission shall, within thirty (30) days from the date the cable operator filed its

basic cable rates with the City and by adoption of a formal resolution, invoke the following additional periods of time, as applicable, to make a final determination:

- a. Ninety (90) days if the City Commission needs more time to ensure that a rate is within the FCC's reasonable rate standard; or
  - b. One hundred fifty (150) days if the cable operator has submitted a cost-of-service showing seeking to justify a rate above the applicable benchmark.
2. If the City Commission has not made a decision within the ninety (90) or one hundred fifty (150) day period, the City Commission shall issue a brief written order at the end of the period requesting the cable operator to keep accurate account of all amounts received by reason of the proposed rate and on whose behalf the amounts are paid.

E. Public Hearing. During the extended review period and before taking action on the proposed rate, the City Commission shall hold at least one (1) public hearing at which interested persons may express their views and record objections.

F. Objections. An interested person who wishes to make an objection to the proposed initial basic rate may request the City Clerk to record the objection during the public hearing or may submit the objection in writing any time before the decision resolution is adopted. In order for an objection to be made part of the record, the objector must provide the City Clerk with the objector's name and address.

G. Benchmark Analysis. If a cable operator submits its current basic cable rate schedule as being in compliance with the FCC's reasonable rate standard, the City Commission shall review the rates using the benchmark analysis in accordance with the standard form authorized by the FCC. Based on the City Commission's findings, the initial basic cable rates shall be established as follows:

1. If the current basic cable rates are below the benchmark, those rates shall become the initial basic cable rates and the cable operator's rates shall be capped at that level.
2. If the current basic cable rates exceed the benchmark, the rates shall be the greater of the cable operator's per channel rate on September 30, 1992, reduced by ten (10) percent, or the applicable benchmark, adjusted for inflation and any change in the number of channels occurring between September 30, 1992, and the initial date of regulation.

3. If the current basic cable rates exceed the benchmark, but the cable operator's per channel rate was below the benchmark on September 30, 1992, the initial basic cable rate shall be the benchmark, adjusted for inflation.

H. Cost of Service Showings. If a cable operator does not wish to reduce the rates to the permitted level, the cable operator shall have the opportunity to submit a cost-of-service showing in an attempt to justify initial basic cable rates above the FCC's reasonable rate standard. The City Commission shall review a cost-of-service submission pursuant to FCC standards for cost-of-service review. The City Commission may approve initial basic cable rates above the benchmark if the cable operator makes the necessary showing; however, a cost-of-service determination resulting in rates below the benchmark or below the cable operator's rates on September 30, 1992, minus .ten (10) percent, shall prescribe the cable operator's new rates.

I. Decision.

1. By Formal Resolution. After completion of its review of the cable operator's proposed rates, the City Commission shall adopt its decision by formal resolution. The decision shall include one (1) of the following:
  - a. If the proposal is within the FCC's reasonable rate standard or is justified by a cost-of-service analysis, the City Commission shall approve the initial basic cable rates proposed by the cable operator; or
  - b. If the proposal is not within the FCC's reasonable rate standard and the cost-of-service analysis, if any, does not justify the proposed rates, the City Commission shall establish initial basic cable rates that are within the FCC's reasonable rate standard or that are justified by a cost-of-service analysis.
2. Rollbacks and Refunds. If the City Commission determines that the initial basic cable rates as submitted exceed the reasonable rate standard or that the cable operator's cost-of-service showing justifies lower rates, the City Commission may order the rates reduced in accordance with subsection G or H of this section, as applicable. In addition, the City Commission may order the cable operator to pay to subscribers, refunds of the excessive portion of the rates with interest (computed at applicable rates published by the Internal Revenue Service for tax refunds and additional tax payments)

retroactive to September 1, 1993. The method for paying any refund and the interest rate shall be in accordance with FCC regulations as directed in the City Commission's decision resolution.

3. Statement of Reasons for Decision and Public Notice. If rates proposed by a cable operator are disapproved in whole or in part, or if there were objections made by other parties to the proposed rates, the resolution must state the reasons for the decision and the City Commission must give public notice of its decision. Public notice shall be given by advertisement once, in a newspaper of general circulation in the City.

J. Appeal. The City Commission's decision concerning rates for the basic service tier or associated equipment may be appealed to the FCC in accordance with applicable Federal regulations. (Ord. 817 (part), 1994)

#### **5.16.030 Review of request for increase in basic cable.**

A. Notice. A cable operator in the City who wishes to increase the rates for the basic service tier or associated equipment shall file a request with the City and notify all subscribers at least thirty (30) days before the cable operator desires the increase to take effect. This notice may not be given more often than annually and not until at least one (1) year after the determination of the initial basic cable rates.

##### **B. Expedited Determination and Public Hearing.**

1. If the City Commission is able to expeditiously determine that the cable operator's rate increase request for basic cable service is within the FCC's reasonable rate standard as determined by the applicable price cap, the City Commission shall:
  - a. Hold a public hearing at which interested persons may express their views; and
  - b. Act to approve the rates within thirty (30) days from the date the cable operator filed its request with the City.
2. If the City Commission takes no action within thirty (30) days from the date the cable operator filed its request with the City, the proposed rates shall go into in effect.

##### **C. Extended Review Period.**

1. If the City Commission is unable to determine whether the rate increase is within the FCC's reasonable rate standard based on the material before it, or

if the cable operator submits a cost-of-service showing, the City Commission shall, by adoption of a formal resolution, invoke the following additional periods of time, as applicable, to make a final determination:

- a. Ninety (90) days if the City Commission needs more time to ensure that the requested increase is within the FCC's reasonable rate standard as determined by the applicable price cap; or
  - b. One hundred fifty (150) days if the cable operator has submitted a cost-of-service showing seeking to justify a rate increase above the applicable price cap.
2. The proposed rate increase is tolled during the extended review period.
  3. If the City Commission has not made a decision within the ninety (90) or one hundred fifty (150) day period, the City Commission shall issue a brief written order at the end of the period requesting the cable operator to keep accurate account of all amounts received by reason of the proposed rate increase and on whose behalf the amounts are paid.

D. Public Hearing. During the extended review period and before taking action on the proposed rate increase, the City Commission shall hold at least one (1) public hearing at which interested persons may express their views and record objections.

E. Objections. An interested person who wishes to make an objection to the proposed rate increase may request the City Clerk to record the objection during the public hearing or may submit the objection in writing any time before the decision resolution is adopted. In order for an objection to be made part of the record, the objector must provide the City Clerk with the objector's name and address.

F. Delayed Determination. If the City Commission is unable to make a final determination concerning a requested rate increase within the extended time period, the cable operator may put the increase into effect, subject to subsequent refund if the City Commission later issues a decision disapproving any portion of the increase.

G. Price Cap Analysis. If a cable operator presents its request for a rate increase as being in compliance with the FCC's price cap, the City Commission shall review the rate using the price cap analysis in accordance with the standard form authorized by the FCC. Based on the City Commission's findings, the basic cable rates shall be established as follows:

1. If the proposed basic cable rate increase is within the price cap established by the FCC, the proposed rates shall become the new basic cable rates.

2. If the proposed basic cable rate increase exceeds the price cap established by the FCC, the City Commission shall disapprove the proposed rate increase and order an increase that is in compliance with the price cap.

H. Cost of Service Showings. If a cable operator submits a cost-of-service showing in an attempt to justify a rate increase above the price cap, the City Commission shall review the submission pursuant to FCC standards for cost-of-service review. The City Commission may approve a rate increase above the price cap if the cable operator makes the necessary showing; however, a cost-of-service determination resulting in a rate below the price cap or below the cable operator's then current rate shall prescribe the cable operator's new rate.

I. Decision. The City Commission's decision concerning the requested rate increase shall be adopted by formal resolution. If a rate increase proposed by a cable operator is disapproved, in whole or in part, or if objections were made by other parties to the proposed rate increase, the resolution must state the reasons for the decision. Objections may be made at the public hearing by a person requesting the City Clerk to record the objection or may be submitted in writing at any time before the decision resolution is adopted.

J. Refunds.

1. The City Commission may order refunds of subscribers' rate payments with interest if:
  - a. The City Commission was unable to make a decision within the extended time period as described in subsection C of this section;
  - b. The cable operator implemented the rate increase at the end of the extended review period; and
  - c. The City Commission determines that the rate increase as submitted exceeds the applicable price cap or that the cable operator failed to justify the rate increase by a cost-of-service showing, and the City Commission disapproves any portion of the rate increase.
2. The method for paying any refund and the interest rate shall be in accordance with FCC regulations as directed in the City Commission's decision resolution.

K. Appeal. The City Commission's decision concerning rates for the basic service tier or associated equipment may be appealed to the FCC in accordance with applicable Federal regulations. (Ord. 817 (part), 1994)

**5.16.040 Cable operator information.****A. City May Require.**

1. In those cases when the cable operator has submitted initial rates or proposed an increase that exceeds the reasonable rate standard, the City Commission may require the cable operator to produce information in addition to that submitted, including proprietary information, if needed to make a rate determination. In these cases, a cable operator may request the information be kept confidential in accordance with this section.
2. In cases where initial or proposed rates comply with the reasonable rate standard, the City Commission may request additional information only in order to document that the cable operator's rates are in accord with the standard.

**B. Request for Confidentiality.**

1. A cable operator submitting information to the City Commission may request in writing that the information not be made routinely available for public inspection. A copy of the request shall be attached to and cover all of the information and all copies of the information to which it applies.
2. If feasible, the information to which the request applies shall be physically separated from any information to which the request does not apply. If this is not feasible, the portion of the information to which the request applies shall be identified.
3. Each request shall contain a statement of the reasons for withholding inspection and a statement of the facts upon which those reasons are based.
4. Casual requests which do not comply with the requirements of this subsection shall not be considered.

**C. City Commission Action.** Requests which comply with the requirements of subsections B of this section shall be acted upon by the City Commission. The City Commission shall grant the request if the cable operator presents by a preponderance of the evidence, a case for nondisclosure consistent with applicable Federal regulations. If the request is granted, the ruling shall be placed in a public file in lieu of the information withheld from public inspection. If the request does not present a case for nondisclosure and the City Commission denies the request, the City Commission shall take one (1) of the following actions:

1. If the information has been submitted voluntarily without any direction from the City, the cable operator may request that the City return the information

without considering it. Ordinarily the City shall comply with this request. Only in the unusual instance that the public interest so requires, shall the information be made available for public inspection.

2. If the information was required to be submitted by the City Commission, the information shall be made available for public inspection.

D. Appeal. If the City Commission denies the request for confidentiality, the cable operator may seek review of that decision from the FCC within five (5) working days of the City Commission's decision, and the release of the information shall be stayed pending review. (Ord. 817 (part), 1994)

#### **5.16.050 Automatic rate adjustments.**

A. Annual Inflation Adjustment. In accordance with FCC regulations, the cable operator may adjust its capped base per channel rate for the basic service tier annually by the final GNP-PI index.

B. Other External Costs.

1. The FCC regulations also allow the cable operator to increase its rate for the basic service tier automatically to reflect certain external cost factors to the extent that the increase in cost of those factors exceeds the GNP-PI. These factors include retransmission consent fees, programming costs, State and local taxes applicable to the provision of cable television service, and costs of franchise requirements. The total cost increase in a franchise fee may be automatically added to the base per channel rate without regard to its relation to the GNP-PI.
2. For all categories of external costs other than retransmission consent and franchise fees, the starting date for measuring changes in external costs for which the basic service per channel rate may be adjusted shall be the date on which the basic service tier becomes subject to regulation or February 28, 1994, whichever occurs first. The permitted per channel charge may not be adjusted for costs of retransmission consent fees or changes in those fees incurred before October 6, 1994.

C. Notification and Review. The cable operator shall notify the City at least thirty (30) days in advance of a rate increase based on automatic adjustment items. The City shall review the increase to determine whether the item or items qualify as automatic adjustments. If the City makes no objection within thirty (30) days of

receiving notice of the increase, the increase may go to effect. (Ord. 817 (part), 1994)

#### **5.16.060 Enforcement.**

A. Refunds. The City may order the cable operator to refund to subscribers a portion of previously paid rates under the following circumstances:

1. A portion of the previously paid rates has been determined to be in excess of the permitted tier charge or above the actual cost of equipment; or
2. The cable operator has failed to comply with a valid rate order issued by the City.

B. Fines. If the cable operator fails to comply with a rate decision or refund order, the cable operator shall be subject to a fine of five hundred dollars (\$500.00) for each day the cable operator fails to comply. (Ord. 817 (part), 1994)

The applicant, and any person filing such protest, shall be entitled to introduce evidence and be heard at such hearing, and the Chief of Police may call such other witnesses as he or she sees fit. The burden of proof shall rest upon the applicant to show that the public convenience and necessity requires the service proposed. The existing and probable future demand for taxicab service, the adequacy of the existing service, the effect of additional service on traffic conditions in the public streets, suitability of the proposed equipment and any other matters

legally material shall be considered in determining whether a certificate of public convenience and necessity should be granted. The Chief of Police shall certify his findings to the City Clerk and shall notify the applicant and any person who has filed a protest, and the applicant or person filing a protest may appeal in writing to the City Commission within ten (10) days after the rendition of such decision. The City Commission shall, as soon as practicable, hold a hearing on such appeal after giving notice of the time and place thereof to the applicant and any person who has filed a protest, and shall certify its findings to the City Clerk. If no appeal is taken within ten (10) days, the decision of the Chief of Police shall be final; otherwise, the decision of the City Commission shall be final. (Prior code § 26-10)

Such agreement shall be for the benefit of, and shall be available to, any person asserting any right against the owner under the doctrine of respondent superior. The City Clerk shall transmit to the Chief of Police any application showing changes in such information, or a copy thereof. No certificate of convenience and necessity or hearing thereon shall be required for the renewal of a taxicab license, if such taxicab business has been in actual bona fide operation as such, during the whole time for which the outstanding license for such business was issued. If a taxicab license is under suspension when renewed, the renewal license shall likewise remain suspended, until the suspension imposed on the prior license has expired. (Prior code § 26-12)

**5.40.130 Transfer.**

A taxicab license may be transferred to a different owner only by permission of the City Commission. Application for such transfer shall be in writing, verified by the affidavits of the holder of such license and of the person to whom the transfer is proposed to be made, and shall show fully the terms of the agreement between such parties and the reasons for such proposed transfer. The City Commission shall, after reasonable notice to the parties and to the public, by posting such notice at a conspicuous place in the City hall or near the door thereof, hear such application and shall grant the same, if it finds that the proposed transferee is a suitable person to be granted a license upon an original application, that the holder of such license has actually operated a bona fide taxicab business thereunder for at least one (1) year immediately prior to the application for transfer, or was prevented from so operating by the holder's death, disabling illness or insolvency, and that such proposed transfer is not for the purpose of evading the requirements of a certificate of convenience and necessity. (Prior code § 26-13)

**5.40.140 Suspension or revocation—Generally—Appeal.**

The City Commission shall have the right, upon reasonable notice and opportunity to be heard, to revoke or to suspend for any period of time any license issued under the provisions of this article, on any of the following grounds:

**Chapter 5.50 SYNTHETIC INTOXICANTS**

**5.50.010 Short title.**

This chapter may be cited as the "Synthetic Intoxicant Ordinance."  
(Ord. No. 1057, 12-3-2012)

**5.50.020 Purpose and intent.**

A. A product commonly referred to as "spice" is sold by local businesses. Spice typically appears as a packaged dried plant product or leaves, and is sold at gas stations, liquor stores, convenience stores, smoke shops and other outlets. While

spice sometimes has a label warning against human consumption, that is its intended use. Businesses that sell spice openly solicit the product by claiming that, when smoked, spice causes a marijuana-like high. Spice is a green leafy product sprayed with synthetic substances that mimic the effects of marijuana when smoked. Spice is marketed under numerous brand names.

B. The use of substituted cathinones, commonly called "bath salts," has significantly increased throughout the United States, and the United States Drug Enforcement Administration (DEA) used its emergency scheduling authority to temporarily control Mephedrone, Methylenedioxypyrovalerone (MDPV), Methylone, and other chemical compounds found in "bath salts," finding that ingestion of these substances can cause serious injury and death.

C. Spice and bath salts are synthetic intoxicants that endanger the health and safety of the public. While distribution of these products is a violation of both State law and City ordinance, the available penalties do not appear to adequately deter vendors because the profitability from the sale of these products may outweigh the risks associated with prosecution. Manufacturers and vendors of synthetic intoxicants change the names, labeling, or chemical composition of the products to avoid prosecution. Businesses that distribute synthetic intoxicants create a public nuisance in the City as defined by State law and City ordinances.  
(Ord. No. 1057, 12-3-2012)

### **5.50.030 Definitions.**

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Bath salts" means the substances defined by NMSA 1978, § 30-31-6(C)(20)—(25), the addition of substances by State regulation, including, but not limited to, 16.19.20 NMAC, Section 65 as amended from time to time, and the substances defined as a synthetic stimulant pursuant to Hobbs Municipal Code 9.28.010 A.

"Business" means the premises, whether it be a main business location or an outlet, branch or other location thereof, temporary or otherwise, to which the public is expressly or impliedly invited for the purpose of transacting business. The term "business" includes the sales persons on site.

"Business day" means regular business hours Monday through Sunday. The day the business receives a cease and desist order and notice of violation does not

count as a business day. If the business has irregular hours or the hours are not posted, a business day shall be the next twenty-four (24)-hour time period after receipt of a cease and desist order and notice of violation.

"Business operator" means the person or persons on site at the business in actual or apparent control of the business during business hours.

"Business registration" means the privilege to register to do business and the registration of a business under Chapter 5.04 of the Hobbs Municipal Code.

"Cease and desist order and notice of violation" means documentation delivered to the business operator ordering the business closed for inspection and testing.

"Person" means an individual, proprietorship, partnership, corporation, association, or other legal entity.

"Police officer" means a sworn member of the Hobbs Police Department, the Lea County Sheriff's Office, or the New Mexico State Police.

"Sales person" means any agent or independent contractor of the business employed or engaged to transact business with the public on the premises.

"Spice" means a synthetic cannabinoid as defined by NMSA 1978, § 30-31-6 (2011), substances added to the definition of a synthetic cannabinoid by State regulation, including, but not limited to, 16.19.20 NMAC, Section 65 as amended from time to time, and the substances defined as a synthetic cannabinoid pursuant to Hobbs Municipal Code 9.28.010 A.

"Synthetic intoxicant" means bath salts or spice.

"Transfer of ownership or control of a business" means:

1. The sale, lease, or sublease of the business;
2. The transfer of securities that constitute a controlling interest in the business, whether by sale, exchange, or similar means; or
3. The establishment of a trust, gift, or other similar legal device that transfers the ownership or control of the business, except for transfer by bequest or other operation of law upon the death of the person possessing the ownership or control.

(Ord. No. 1057, 12-3-2012)

**5.50.040 Violation.**

It is a violation of the Synthetic Intoxicant Ordinance for a business to manufacture, stock, sell, distribute, dispense, possess, purchase, advertise for sale, publicly display for sale, give, trade, offer to sell, order, or offer to order a synthetic intoxicant. (Ord. No. 1057, 12-3-2012)

**5.50.050 Enforcement.**

A. If a police officer has probable cause to believe a violation has occurred, the police officer shall obtain a sample of the substance believed to be a synthetic intoxicant. The sample shall be tested by methods commonly utilized by law enforcement labs or private labs to determine whether a substance is a synthetic intoxicant. If the test determines that the substance is a synthetic intoxicant, the police officer, upon approval of the City of Hobbs Legal Department, shall issue and deliver a cease and desist order and notice of violation upon the business operator and seize the entire inventory of the synthetic intoxicant from the business. The cease and desist order and notice of violation shall be filed with the City Clerk. When the cease and desist order and notice of violation is delivered to the business, if the police officer has probable cause to believe that the synthetic intoxicant has been relabeled, repackaged or incorporated into other substances, those substances shall also be seized and tested. If the test is negative as to the relabeled, repackaged or incorporated substances, the inventory shall be returned to the business. The transfer of ownership or control of the business does not avoid the seizure authorized by this paragraph.

B. Upon receipt of the cease and desist order and notice of violation by the business operator, the business shall immediately allow and not interfere with the seizure of the inventory which is a synthetic intoxicant or is reasonably believed to be a synthetic intoxicant that has been relabeled, repackaged or incorporated into other substances. The business shall also close and cease transacting business for seven (7) business days after the cease and desist order and notice of violation is assessed. During the seven (7)-day closure, a police officer, in cooperation with other agencies if required, shall inspect the premises, find and seize any remaining synthetic intoxicants or precursor chemicals or materials on site. The transfer of ownership or control of the business does not avoid the process authorized by this subsection. No inventory, merchandise, personal property, chattel property or other property shall be received by or taken off the business premises during closure unless authorized by a police officer. Upon expiration of the mandatory seven (7)-day closure, the business shall not be allowed to transact business until the

business owner has reimbursed the City for the costs of testing all samples taken from that business which were determined through laboratory testing to be synthetic intoxicants.

C. If a business is assessed a second cease and desist order and notice of violation within five (5) years of a first cease and desist order and notice of violation, the business shall cease conducting business in the City and will be barred from business registration for a period of one year from the date the second cease and desist order and notice of violation is assessed. The business owner shall also be required to reimburse the City for the costs of testing all samples taken from that business which were determined through laboratory testing to be synthetic intoxicants. The transfer of ownership or control of the business does not avoid the operation of this section.

D. The City of Hobbs shall have the authority to seek an injunction to compel compliance with the Synthetic Intoxicant Ordinance on grounds that the business is causing irreparable harm to the community by distributing synthetic intoxicants.

E. Any action taken by the City of Hobbs against any person or business pursuant to the Synthetic Intoxicant Ordinance shall not prevent the City from also pursuing criminal charges against that person or business for any violation of Chapter 9.28 of the Hobbs Municipal Code.  
(Ord. No. 1057, 12-3-2012)

#### **5.50.060 Appeal.**

A. Upon delivery of a cease and desist order and notice of violation, the business has ten (10) days from the day the cease and desist order and notice of violation was delivered to appeal to the Lea County District Court.

B. A copy of the appeal must also be submitted to the City Clerk within ten (10) days from the day the cease and desist order and notice of violation was delivered.

C. The filing of an appeal will not postpone or delay any actions taken by the City against the business pursuant to Section 5.50.050 of this chapter.

D. The failure of a business to file an appeal with the Lea County District Court within ten (10) days from the day the cease and desist order and notice of violation was delivered constitutes a waiver of the business's right to appeal and will be considered an implied agreement by the business as to all actions taken by the City of Hobbs pursuant to this chapter.  
(Ord. No. 1057, 12-3-2012)

**5.52.060 License—Period of validity—Revocation—Appeal.**

A. Once issued, a license shall be valid until revoked as provided herein. The City Commission shall revoke a license if it finds that:

1. The applicant or licensee, or any of their employees or agents, have violated the requirements of federal law as set forth in Section 5.52.070; or
2. The applicant or licensee, or any of their employees or agents, have deviated from the activities and plans presented in the application or are no longer actively pursuing such activities.

B. If the City Commission fails to revoke a license as required by this section, then any resident of the City has standing to sue and may sue the Commission and its individual members for a writ of mandamus compelling them to comply with the requirements of this chapter.

(Ord. No. 1147, 11-7-2022)

**5.52.070 Compliance with federal abortion laws required.**

A. It shall be unlawful for any person or licensed abortion clinic within the municipal boundaries of the City, or any employee or agent of an abortion clinic licensed by the City, to violate 18 U.S.C. § 1461 by using the mails for the mailing, carriage in the mails, or delivery of:

1. Any article or thing designed, adapted, or intended for producing abortion; or
2. Any article, instrument, substance, drug, medicine, or thing which is advertised or described in a manner calculated to lead another to use or apply it for producing abortion;

B. It shall be unlawful for any person or licensed abortion clinic within the municipal boundaries of the City, or any employee or agent of an abortion clinic licensed by the City, to violate 18 U.S.C. § 1462 by:

1. Using any express company or other common carrier or interactive computer service for carriage in interstate or foreign commerce of any drug, medicine, article, or thing designed, adapted, or intended for producing abortion; or
2. Knowingly taking or receiving from such express company or other common carrier or interactive computer service any matter or thing described in subsection (B)(1).

C. It shall be unlawful for any person or licensed abortion clinic within the municipal boundaries of the City, or any employee or agent of an abortion clinic licensed by the City, to engage in conduct that aids or abets the violations of 18 U.S.C. § 1461 or 18 U.S.C. § 1462 described in subsection (A).  
(Ord. No. 1147, 11-7-2022)

#### **5.52.080 Severability.**

A. Mindful of *Leavitt v. Jane L.*, 518 U.S. 137 (1996), in which in the context of determining the severability of a state statute regulating abortion the Supreme Court of the United States held that an explicit statement of legislative intent is controlling, it is the intent of the City Commission that every provision, section, subsection, sentence, clause, phrase, or word in this chapter, and every application of the provisions in this chapter to every person, group of persons, or circumstances, are severable from each other.

B. If any application of any provision in this chapter to any person, group of persons, or circumstances is found by any court to be invalid, preempted, or unconstitutional, for any reason whatsoever, then the remaining applications of that provision to all other persons and circumstances shall be severed and preserved, and shall remain in effect. All constitutionally valid applications of the provisions in this chapter shall be severed from any applications that a court finds to be invalid, preempted, or unconstitutional, because it is the City Commission's intent and priority that every single valid application of every provision in this chapter be allowed to stand alone.

C. The City Commission further declares that it would have enacted this chapter, and each provision, section, subsection, sentence, clause, phrase, or word, and all constitutional applications of the provisions of this chapter, irrespective of the fact

that any provision, section, subsection, sentence, clause, phrase, or word, or applications of this chapter were to be declared invalid, preempted, or unconstitutional.

D. If any provision of this chapter is found by any court to be unconstitutionally vague, then the applications of that provision that do not present constitutional vagueness problems shall be severed and remain in force, consistent with the severability requirements of subsections (A), (B), and (C).

E. No court may decline to enforce the severability requirements of subsections (A), (B), (C), and (D) on the ground that severance would "rewrite" the ordinance or involve the court in legislative or lawmaking activity. A court that declines to enforce or enjoins a state or local official from enforcing a statute or ordinance is never rewriting the underlying law or engaging in legislative or lawmaking activity, as the statute or ordinance continues to contain the same words as before the court's decision. A judicial injunction or declaration of unconstitutionality:

1. Is nothing more than an edict prohibiting enforcement that may subsequently be vacated by a later court if that court has a different understanding of the requirements of the New Mexico Constitution or United States Constitution;
2. Is not a formal amendment of the language in a statute or ordinance; and
3. No more rewrites a statute or ordinance than a decision by the executive not to enforce a duly enacted statute in a limited and defined set of circumstances.

F. If any court, including any state or federal court, disregards any of the severability requirements in subsections (A), (B), (C), (D), or (E), and declares or finds any provision of this chapter facially invalid, preempted, or unconstitutional, when discrete applications of that provision can be enforced against a person, group of persons, or circumstances without violating federal or state law or the federal or state constitutions, then that provision shall be interpreted, as a matter of City law, as if the City had enacted a provision limited to the persons, group of persons, or circumstances for which the provision's application will not violate federal or state law or the federal or state constitutions, and every court shall adopt this saving construction of that provision until the court ruling that pronounced the provision facially invalid, preempted, or unconstitutional is vacated or overruled. (Ord. No. 1147, 11-7-2022)

**5.52.090 Effective date.**

This article shall go into immediate effect upon adoption by the City of Hobbs City Commission and may be amended as authorized by ordinance or statute.

**Chapter 8.04 ALARM SYSTEMS****8.04.010 Findings.**

The City Commission finds and declares that:

- B. The Police Department has had to respond to an excessive number of false alarms from such systems resulting in a substantial expenditure of police personnel and funds;
- C. Such unreimbursed expenditure of personnel and funds impedes the ability of the police to provide protection in true emergencies so that charges are necessary to reimburse the City for the responses to certain false alarms; and
- D. Certain records are necessary in order to avoid an unnecessary expenditure of personnel and funds in locating the persons in control of the property when the police have been notified of an actual burglary or other emergency due to an alarm when an alarm system has been activated or is malfunctioning so as to cause a nuisance to the citizens. (Ord. 818 (part), 1994: prior code § 19-43.1)

**Chapter 8.28 SMOKING IN MUNICIPAL BUILDINGS**

**8.28.010 Short title.**

This chapter may be cited as the "Clean Indoor Air Act relating to municipal buildings ordinance." (Ord. 811 (part), 1993: prior code § 12-17)

**8.28.020 Legislative findings.**

A. The Commission finds that tobacco smoke is a major contributor to indoor air pollution; that breathing secondhand smoke is a cause of disease, including lung cancer in healthy nonsmokers; and that separation of people and tobacco smoke within the same air space may reduce, but does not eliminate, exposure to environmental tobacco smoke.

B. The Commission further finds that the risk of disease from environmental tobacco smoke is related to the level of exposure over time; and that merely reducing smoke in buildings owned, operated or leased by the City does not eliminate the health risk to City employees nor to guests and visitors to municipal offices and municipal meeting rooms.

C. The Commission recognizes the right of employees to work in a smoke-free environment as well as the rights of visitors and guests to do business and meet in a smoke-free environment in buildings owned, operated or leased by the City. The Commission is convinced that smoking represents a serious health and safety hazard, not only to the smoker but to the nonsmoker, in any enclosed area regardless of designation of certain areas as smoking or nonsmoking. It is the finding of the Commission that all indoor areas of buildings owned, operated, or leased by the City are working areas and, as such, should be a smoke-free environment. (Ord. 811 (part), 1993: prior code § 12-18)

### Article III. Civil Abatement

#### **8.48.060 Intent.**

A. The abatement of public nuisances for the protection of public health, safety, and welfare is a matter of local concern. The purpose of this article is not to punish, but to abate public nuisances. The actions provided in this article are designed to abate public nuisances by removing the property and vehicles from criminal use and as a base of criminal operations, to ensure that criminal activity and the use of the property for criminal purposes is unprofitable, to require that the profits of criminal activity be disgorged, to make property owners vigilant in preventing public nuisances on, in, or using their property and responsible for the lawful use of their property by tenants, guests and occupants, and to deter public nuisances. The remedies provided in this article are directed at the property involved without regard

to ownership, title or right of possession and the culpability or innocence of those who hold these rights. The remedial actions provided in this section are intended to be civil in nature. The remedies of seizure, temporary restraining order, closure, receivership, sale, and/or destruction are intended to be in rem, against the property itself, and not against any individual directly. However, the remedies of temporary restraining order, civil judgment, and permanent injunction may be partially in personam.

B. In order to ensure that the remedies provided in this article are applied in good faith and for the purposes of public nuisance abatement, the following shall apply:

2. All seizures of real property shall be made pursuant to a temporary restraining order based upon a judicial finding of probable cause and only after an opportunity for an adversarial hearing to contest the seizure has been provided.

C. This article is not intended to authorize any act expressly prohibited by state law, nor to forbid any conduct expressly authorized by state law. The provisions of this article shall be construed to avoid any such direct and express conflict.

D. The sections of this article are intended to provide a comprehensive scheme for civil public nuisance abatement and should be read together.  
(Ord. No. 984, Art. III(I), 5-5-2008)

#### **8.48.080 Temporary restraining orders.**

##### **A. Temporary Restraining Orders in General.**

1. Intent. Public nuisances are real, direct and immediate threat to the health, safety, and welfare of the people of Hobbs. Public nuisances cause immediate and irreparable injury, damages and losses to the citizens of Hobbs and their governmental agencies. Actions at law are not always an adequate remedy, and the protection of public health, safety, and welfare may require the temporary restraining ordered provided in this section. Ex parte temporary restraining orders are necessary to provide rapid relief from public nuisances without the delay which can result from an adversarial hearing and personal service and to prevent persons from removing, concealing, destroying, encumbering, selling or transferring property that may be the subject of the remedies in this chapter. The issuance and execution of temporary restraining orders under Article III of this chapter shall not be deemed a bailment of property. The owner(s) of the property remain responsible for the maintenance and security of property subject to temporary restraining orders and shall be permitted reasonable access to the property for these purposes upon application to the Court.
2. Form of proposed temporary restraining order. Every temporary restraining order proposed by the City under Article III of this chapter shall set forth the reason for its issuance, be reasonably specific in its terms, and describe in reasonable detail the acts and conditions authorized, required or prohibited, and shall be in accordance with the New Mexico Rules of Civil Procedure.

2. Seizure of Real Property and Vehicles and Other Personal Property Within Buildings. In addition to the orders above, the City shall petition the Court to include in the temporary restraining order the following orders with respect to the seizure of the real property and the contents of the buildings, which orders shall be served and become effective pursuant to the New Mexico Rules of Civil Procedure:
  - a. The City Manager or Commission's Designees or any police officer to enter upon, seize, and close the real property, and buildings and structures upon the real property and the contents of the same, using any reasonable force necessary.
  - b. Persons holding any legal or equitable interest or right of possession in the real property or personal property to deposit with the City Manager or Commission's Designee or any police officer documents evidencing title, registration and keys, combination numbers, magnetic cards and other devices and information for accessing the real property and any building, structures, vehicles and other personal property contained thereon until further order of the Court.
  - c. Persons holding any legal or equitable interest or right of possession in the real property to provide for the maintenance, utilities, insurance and security of the property. If the City Manager or Commission's Designee chooses to perform the duties, the owner(s) shall be responsible for all costs incurred.
  - d. The City shall request that a receiver appointed ex parte by the Court take possession of the property to the exclusion of the owner(s) and other persons holding any legal or equitable interest and their managers and agents then in possession, collect rents from the tenants, and pay the operating expenses, taxes, utilities, and main-

#### **8.48.090 Remedies for public nuisances.**

Where the existence of a public nuisance is established in a civil action under this article, the City shall petition the Court to enter permanent prohibitory and mandatory injunctions requiring the defendants to abate the public nuisance and take specific steps to prevent the same and other public nuisances from occurring on the real property, in the vehicle, or use of the real property, vehicle or other personal property. The permanent prohibitory and mandatory injunction requested by the City may allow the Court to consider other remedies as necessary and provided by law to abate the public nuisance. The City shall also petition the Court to order, as

to any real property, vehicle or other personal property used to commit, conduct, promote, facilitate or aid the commission of or flight from any public nuisance, the following remedies:

A. Closure of Real Property and Destruction of Certain Structures:

That the real property be closed for a period of not less than one (1) year and not more than three (3) years from the date of the final judgment, plus any extension of that period caused by failure to comply with the conditions for release of the property set out below, and if the City requests, that certain structures upon the real property be destroyed. The City may request the Court to order the defendant to carry out the destruction of the structures. The City shall petition the Court to order the defendant to provide for the maintenance, utilities, insurance, and security of the property during the period of closure, and that at the end of the closure period, the real property be released to the owner only upon:

1. Payment of all expenses incurred by the City for seizure, closure, utilities, security, access, destruction of buildings, maintenance, insurance, and other reasonable expenses; and
2. Payment of all civil judgments under this article; and
3. Execution by all owners and other persons holding any legal or equitable interest or right of possession in the real property of a complete and unconditional release of the City and all of its employees and agents for liability for the seizure, closure and damages to the property.

In the event that the owners and other persons holding any legal and equitable interest an right of possession, or any of them, fail, neglect or refuse to pay the fees, expenses, and judgments, or to execute the release provided above, the property shall remain closed. However, if a year expires without the owner making payment, the property shall then forfeit to the City. The issuance and execution of the closure order shall not be deemed a bailment of property. The owner of the property remains responsible for the maintenance and security of property subject to the closure order and shall be permitted reasonable access to the property for these purposes upon application to the court.

- B. Receivership of Real Property and Destruction of Certain Structures: That, when the City so requests, in lieu of closure of real property, the real property be placed into a special receivership for a period not less than one (1) year and not more than three (3) years from the date of final judgment, plus any

extension of that period caused by a failure to comply with the conditions for release of the property set out below, and, if the City requests, that certain structures be destroyed. The City may request the Court to order the defendants to carry out the destruction. The City shall petition the Court to order the defendants to provide for and pay the maintenance, utilities, security, operating expenses, taxes, insurance, receivership fees, and other reasonable expenses related to the property to the extent that the rents, profits and income of the property under receivership is insufficient to defray these expenses, and that at the end of the receivership period, the real property shall be released to the owner only upon:

1. Payment of all expenses incurred by the City for seizure, closure, utilities, security, access, maintenance, insurance, taxes, receivership and receivership fees, the costs of destroying structures, and other reasonable expenses not covered by the rents, profits, and income under receivership; and
2. Payment of all civil judgments under this article; and
3. Execution by all owners and other persons holding any legal or equitable interest or right of possession in the real property of a complete and unconditional release of the City and all of its employees and agents, including the receiver, for any liability for the seizure, closure and receivership and damages to the property.
4. In the event that the owners and other persons holding any legal or equitable interest or right of possession in the real property, or any of them, fail, neglect or refuse to pay the fees, expenses, and judgments, or to execute the release provided above, the property shall remain under the receivership or be closed as provided in Paragraph A above. The issuance and execution of the receivership order shall not be deemed a bailment of property. The owners of the property remain responsible for the maintenance and security of the property subject to the receivership order and shall be permitted reasonable access to the property for these purposes upon application to the Court. In the event that the income, rents and profits of the receivership, after a complete accounting, exceed the costs and expenses of access, seizure, closure, maintenance, security, taxes, insurance, destruction of structures, the receivership and receivership fees, and all other reasonable expenses related to the property, the City shall petition the Court to order the

receiver to expend the remainder first on specific improvements at the property that will abate public nuisances or prevent them from recurring, and second to pay the civil judgments due in the case.

- C. Impoundment of Vehicles. That the vehicle be impounded for a period of not less than six (6) months and not more than one (1) year from the date of the final judgment plus any extension of the period caused by failure to comply with the conditions for release of the vehicle set out below; and that at the end of the closure period, the vehicle shall be released to the owner(s) only upon:

1. Payment of all towing fees, storage fees, and civil judgments under Article III; and
2. Execution by the owners and lienors of a complete and unconditional release of the City and all of its employees and agents for the closure and any and all damages to said vehicle.

In the event that the owners, lienors, or any of them fail, neglect or refuse to pay the fees, expenses, and judgments when due, and execute the release provided above, the vehicle shall be forfeited to the City. The issuance and execution of the closure order shall not be deemed a bailment of property.

- D. Destruction of vehicles. Where the City so requests, in lieu of impoundment of the vehicle, that the vehicle be destroyed.
- E. Forfeiture of personal property. That the personal property be forfeited to the City.

(Ord. No. 984, Art. III(IV), 5-5-2008)

#### **8.48.100 Judgment for costs and attorneys' fees.**

In any case in which a public nuisance is established, in addition to the remedies provided above, the City may petition the Court for a separate civil judgment for the City's costs and attorneys' fees against every person who committed, conducted, promoted, facilitated, or aided in the commission of any public nuisance or who held any legal or equitable interest or right of possession in any real property or vehicle on or in which any public nuisance occurred, or any real property, vehicle or other personal property used to commit, conduct, promote, facilitate or aid the commission of any public nuisance. This civil judgment shall be for the purpose of compensating the City for its costs from pursuing the remedies under this article.

(Ord. No. 984, Art. III(V), 5-5-2008)

**8.48.110 Supplementary remedies.**

In any action in which probable cause for the existence of a public nuisance is established, in the event that the defendants, or any one (1) of them, fails, neglects or refuses to comply with the court's temporary restraining orders, receiverships, closures, destruction orders, and/or other orders, the City may petition the Court to, in addition to or in the alternative to the remedy of contempt, permit the City to enter upon the real property, vehicle or other personal property and abate the nuisance, take steps to prevent public nuisances from occurring, and/or perform other acts required of the defendants in the Court's temporary restraining orders and/or other orders.

(Ord. No. 984, Art. III(VI), 5-5-2008)

**8.48.120 Lien for judgments.**

In addition to the remedies provided in this article, the City shall have a lien against the real property, vehicles and other personal property on or in which any public nuisance occurred or which was used to commit, conduct, promote, facilitate, or aid in the commission of any public nuisance for the total of all judgments imposed for costs and attorneys' fees. The City shall record a notice of this lien with the Lea County Clerk.

(Ord. No. 984, Art. III(VII), 5-5-2008)

**8.48.130 Stipulated alternative remedies.**

A. Voluntary Stipulation: The City and any defendants to an action under this article may voluntarily stipulate to temporary restraining orders, seizures, closures, receiverships, forfeitures, destruction, judgments, liens, and other remedies, temporary or permanent, that are different or altered from the remedies provided in this article, including, but not limited to, the following:

1. Shorter or less stringent temporary restraining orders, closures and receiverships.
2. Receiverships on other terms, including but not limited to terms providing for the payment of secured indebtedness on the subject property, removal or substitution of the receiver, and other terms.

5. Reduction or waiver of civil judgments and liens.
6. Other reasonable stipulations designed to abate the public nuisance, prevent public nuisances from recurring, deter public nuisance activity, and protect the public interest.

#### **10.04.070 Penalty Assessment Misdemeanors—Option and Effect.**

A. Unless a warning notice is given, at the time of making an arrest for any penalty assessment misdemeanor the arresting officer shall offer the alleged violator the option of accepting a penalty assessment. The violator's signature on the penalty assessment notice constitutes an acknowledgment of guilt of the offense stated in the notice.

B. Payment of any penalty assessment must be made to the Hobbs Municipal Court either online, via mail, or in person at 301 N. Turner, Hobbs, New Mexico 88240. Payment of any penalty assessment must be made within thirty (30) days from the date of arrest. Payments of penalty assessments are timely if postmarked within thirty (30) days from the date of arrest. The traffic violations bureau may issue a receipt when a penalty assessment is paid by currency, but checks tendered by the violator upon which payment is received are sufficient receipt.

C. No record of any penalty assessment payment is admissible as evidence in any court in any civil action. (Ord. No. 1095, 8-1-2016)

**10.04.080 Penalty assessment misdemeanors—Failure to pay/failure to appear.**

A. If a penalty assessment misdemeanor is not paid within thirty (30) days of arrest, the violator shall be prosecuted for the violation charged on the penalty assessment notice in a manner as if a penalty assessment notice had not been issued. Upon conviction the Court shall impose the penalties provided in the traffic ordinance.

B. In addition to the underlying penalty assessment misdemeanor and applicable fees, the violator may be charged with a misdemeanor when that individual has elected to pay a penalty assessment and fails to do so within thirty (30) days from the date of arrest.

C. The Municipal Court shall notify the state division of motor vehicles when a violator fails to pay a penalty assessment imposed by the Court within thirty (30) days. The division of motor vehicles may suspend the instruction permit, driver's license or provisional license of the violator without preliminary hearing upon a showing by its records that the violator failed to pay the penalty assessment.

D. When an alleged violator of a penalty assessment misdemeanor elects to accept a notice to appear in lieu of accepting a penalty assessment, it is a misdemeanor for any person to violate his written promise to appear in court, given to an officer upon issuance of a uniform traffic citation, regardless of the disposition of the charge for which the citation was issued.

## **Chapter 10.05 PARKING RESTRICTIONS FOR HEAVY TRUCKS AND TRAILERS**

### **10.05.010 Purpose.**

When parked on public streets, heavy trucks and trailers often create sight obstructions and severely limit the surface area of the public street available to other motorists. These conditions increase the probability of motor vehicle accidents. The purpose of this chapter is to protect the safety, health, prosperity, morals, order, and comfort of the residents of Hobbs, New Mexico, by prohibiting heavy trucks and trailers from being parked on public streets within the municipal corporate limits of the City.

(Ord. No. 1150, 4-17-2023)

### **10.05.020 Authority.**

This chapter is adopted pursuant to NMSA 1978, § 66-7-415, which authorizes the city to prohibit the operation of heavy trucks in addition to the general welfare and police powers conferred upon the City by NMSA, §§ 3-17-1, et seq. and 3-18-1, et seq. B. This chapter shall not take effect unless and until such signs are erected and maintained and notice thereof is given in writing to the nearest officer or employee of the motor transportation division of the department of public safety authorized to issue special permits.

(Ord. No. 1150, 4-17-2023)

#### **10.05.060 Penalty.**

#### **12.01.060 Permit required.**

A. No person shall install, erect, hang, lay, bury, draw, emplace, construct, reconstruct, maintain, or operate any facility upon, across, beneath, or over any public right-of-way in the City or other city property without first obtaining from the City the necessary permit(s)/license(s) required under local, state or federal law.

B. An owner or operator of facilities may be required to hold different permit/licenses for its use of the public rights-of-way to provide different services. For example, and without limitation, the owner or operator of facilities that provides both cable service and wireless internet service must obtain both a franchise agreement and any permit(s)/license(s) required for facilities to provide wireless internet service.

#### **12.01.070 Construction standards.**

A. Compliance with Regulations; Safety Practices: Construction, operation, maintenance, and repair of facilities shall be in accordance with all applicable law and regulation, and with sound industry practice. All safety practices required by law shall be used during construction, maintenance, and repair of facilities.

B. Excavations: No holder of any work permit for any facility shall dig, trench, or otherwise excavate in the public right-of-way without complying with the provisions of the New Mexico one call system.

C. Prevention of Failures and Accidents: An owner or operator shall at all times employ at least ordinary care and shall install and maintain using commonly accepted methods and devices preventing failures and accidents that are likely to cause damage, injury, or nuisance to the public.

D. Most Stringent Standards Apply: In the event of a conflict among codes and standards, the most stringent code or standard shall apply (except insofar as that standard, if followed, would result in a system that could not meet requirements of federal, state or local law, or is expressly preempted by other such standards).

E. Construction Schedule: Every owner or operator shall, at least thirty (30) days prior to commencing significant construction activity (including a significant rebuild, upgrade, or repair to existing facilities)—emergencies excepted—upon, across, beneath, or over any public right-of-way in the City or other city property, strive to provide to the City in writing the date on which the owner or operator anticipates it will begin construction and the approximate length of time required for such construction. This timeframe represents a preference only.

F. Coordination of Construction With City: Prior to the erection, construction, upgrade, or rebuild of any facilities in the public right-of-way, the owner or operator of such facilities shall first submit to the City for written approval a concise description of the facilities proposed to be erected or installed, including engineering drawings, if required by the City, together with maps and plans indicating the proposed location of all such facilities. The owner or operator shall provide the best information it has in such reasonable format as may be specified by the City Engineer for the City's planning function. No such erection or construction shall be commenced by any person until approval therefor has been received from the City. At the time of such approval, the City shall inform the grantee whether the reports and other information described by Subsection 12.01.170 of this chapter shall be required with respect to the approved construction.

G. Coordination of Construction With Third Parties: Developers or other parties planning the construction or opening of streets in the City shall provide reasonable notice to the City and to the owners or operators of facilities subject to this chapter so that joint trenching and joint emplacement of facilities may be conducted wherever practicable. Such owners and operators shall similarly provide notice to each other and to any relevant developers, for the same purpose. The City shall maintain a list of owners and operators of facilities subject to this chapter for reference by other parties.

H. City Engineer Stakeholder Meetings: The City Engineer may establish recurring meetings of businesses who make use of the right-of-way for their facilities and contractors who perform such work to discuss ongoing and upcoming projects to further the efforts of coordinating projects within the right-of-way.

I. Contractors and Subcontractors: Any contractor or subcontractor used for work or construction, installation, operation, maintenance, or repair of facilities in the public right-of-way must be properly licensed and insured under laws of the state and all applicable local ordinances. Each contractor or subcontractor shall have the same obligations with respect to its work as an owner or operator of the facility would have if the work were performed by the owner or operator. An owner or operator shall be responsible for all activities carried out by its contractors, subcontractors and employees at the owner's or operator's request.

J. Publicizing Proposed Construction Work: Except in the case of an emergency, before commencing a project (for which franchisee, or its contractor, has pulled the applicable permit) in right-of-way upon which residential property is located or is abutting thereto, franchisee shall notify such abutting residents at least two (2) days prior to the date that franchisee proposes to commence construction. Notice shall be in writing by one of the following methods: in person, by posted notice on the right-of-way where the proposed project is scheduled to be built (which notice is to be capable of being read by passing motorists), by door hanger, or by mail, with a description of the proposed project and the name of franchisee and its telephone number.

(Ord. No. 1116, 6-18-2018)

#### **12.01.080 Placement of facilities.**

A. All facilities shall be installed and located to minimize interference with the rights and convenience of other property owners.

B. An owner or operator of a facility shall not place facilities, equipment, or fixtures where they will interfere with any other facilities, or obstruct or hinder in any manner the various utilities serving the residents of the City or their use of any public rights-of-way.

C. The City may reasonably require the placement of facilities to ensure that users of the public rights-of-way do not interfere with each other and that the public rights-of-way are used safely and efficiently. For example, in the case of an owner or operator of a fiber optic network that is not a franchisee, the City Engineer may order extra ducts for fiber optic cable be installed for use by the City or other

grantees or permittees when, in the opinion of the City Engineer, the subject right-of-way is too congested due to existing facilities and space limitations or will likely be used by at least four (4) other entities including the City for running fiber optic cable. Such company shall then certify to the City Engineer the additional cost of said installation per linear foot which the City shall pay. Other future users of the surplus duct will be charged an upfront, one-time fee to locate in said duct to recover a proportional share of the city's upfront and carrying costs as calculated by the City Engineer. This fee will be in addition to, and not in lieu of, any recurring, or one-time fee charged by City for location within the right-of-way.

D. Every grantee or licensee that ceases operating or maintaining any facility shall, upon written request of the City within one (1) year of the cessation of maintenance of such facility, promptly remove it. Should the grantee or permittee neglect, refuse, or fail to remove such facility, the City may remove the facility at the expense of the grantee or licensee. The obligation to remove shall survive the termination of the franchise or permit for a period of two (2) years and shall be bonded. The City Engineer may determine that it is in the best interests of the City to allow the facility to be wholly or partially abandoned in place.

E. No owner or operator of a facility shall erect new aerial facilities, other than to repair existing facilities, in or on a public right-of-way in which both electric and telephone service providers have placed their lines underground, or within a subdivision which was originally developed to provide underground services.

F. A grantee or licensee shall use, with the owner's permission, existing poles, conduits and other facilities whenever feasible. A grantee or licensee may not erect poles, conduits, or other facilities in public right-of-way without the express permission of the City. Copies of agreements for use of conduits or other facilities shall be filed with the City upon city request.

improvements of any sort; provided, however, that an operator may be permitted to abandon any property in place with the written consent of the City. This subsection does not apply to relocations covered by Section 12.01.100(C).  
(Ord. No. 1116, 6-18-2018)

#### **12.01.100 Restoration.**

A. Unless governed contractually between the owner or operator and its customer, if an owner or operator of a facility disturbs a pavement, sidewalk, driveway or other surfacing, or landscaping, or other structure, either on private property or in public right-of-way, the owner or operator shall replace and restore all pavement, sidewalk, driveway or other surfacing, or landscaping disturbed, in substantially the same condition and in a good, workmanlike, timely manner, in accordance with any standards for such work set by the City. Such restoration shall be undertaken within no more than ten (10) days after the damage is incurred, weather permitting, and shall be completed as soon as reasonably possible thereafter. The owner or operator shall guarantee and maintain restoration of a public improvement for at least one (1) year against defective materials or workmanship.

B. In the event an owner or operator of a facility fails to complete any work required for the protection or restoration of the public right-of-way, or any other work required by city law or ordinance, within the time specified by and to the reasonable satisfaction of the City, the City, following notice and an opportunity to cure, may cause such work to be done, and the owner or operator of a facility shall reimburse the City the cost thereof within thirty (30) days after receipt of an itemized list of such costs; or the city may recover such costs through the security fund provided by an owner or operator of a facility, pursuant to the procedures for recovery from the security fund specified in the owner's or operator's franchise agreement or license.

(Ord. No. 1116, 6-18-2018)

#### **12.01.110 ROW Work Permits.**

A. Unless otherwise provided by law, franchise, city authorization or emergency circumstances, no person shall install, erect, hang, lay, excavate, bury, draw, emplace, construct, or reconstruct any facility upon, across, beneath, or over any public right-of-way in the City, or enter into the public right-of-way to work on a

facility, without first obtaining a ROW Work Permit therefor from the City. Notwithstanding the foregoing, under no provision in this chapter shall any ROW Work Permit or other approval from the City be required to install, construct, repair, maintain or replace any franchisee service drop.

B. Denial. The City Engineer may deny a ROW Work Permit for failure to meet the requirements of this chapter, failure to meet monetary obligations to the City or if such denial is necessary to protect the health, safety and welfare or the right-of-way and its current use. Failure to meet the requirements includes, but is not limited to, striking or damaging another facility within the right-of-way.

C. Large Capital Programs. The City Engineer may develop and institute a special streamlined permit and inspection process for large capital programs by mutual agreement with the applicant or applicants in the case of a joint project after receiving authorization from the City Manager.

D. The City Engineer may issue a stop work order to anyone failing to secure the proper permit or for not following the ordinances or city standards.  
(Ord. No. 1116, 6-18-2018)

(Ord. No. 1116, 6-18-2018)

#### **12.01.160 Administration and permitting to use space within the right-of-way.**

The City Engineer shall oversee the following administrative functions:

- A. Collect, or cause to be collected, any applicable fees from all owners or operators of facilities using public right-of-way in the City;
- B. The City Commission shall approve by resolution the amount and formula for a right-of-way occupancy fees;
- C. Be responsible for the continuing enforcement of all terms and conditions of city-granted franchises as such pertains to the occupation of public rights-of-way.

The City Engineer shall oversee permitting as follows:

- A. The City shall not grant, issue, or enter into any franchise or occupation license that grants or allows exclusive use or occupancy of the right-of-way.
- B. The City shall not grant or issue a ROW Occupation License for any new non-franchisee facility, proposed to be emplaced after the adoption of this code, having a height in excess of forty (40) feet as measured vertically from the adjacent roadway centerline.
- C. An application for a franchise, ROW Occupation License or ROW Work Permit shall be filed with the City Engineer on a form developed and provided by the City Engineer.

Authority to issue Permits/Licenses; form of Permits/Licenses and term.

- A. Permits/Licenses required by this chapter shall be issued by the City Engineer. The City Engineer shall review each application and shall issue each permit/license which he or she determines to be in compliance with the requirements of this chapter and any other applicable local, state, or federal requirements. In issuing a permit, the City Engineer may require a change in the proposed location of the licensee's infrastructures where necessary to avoid interference with other infrastructures within the public right-of-way.
- B. Permits/Licenses issued pursuant to this chapter shall be in writing and shall be executed by the permittee/licensee. The form of permits/licenses to be issued shall be uniform, but shall be subject to periodic review and modification. When available, the City Engineer may implement an electronic or digital permit/license system.
- C. Limit on term of franchises; limit on initial or renewal term of licenses.
  - 1. No franchise for use of the public right-of-way shall be granted for a term in excess of ten (10) years.
  - 2. No ROW Occupancy License granted by the City Engineer shall be issued or renewed for a term in excess of ten (10) years.
- D. Existing Facilities. Non-franchisee facilities emplaced and existing prior to the adoption of this ordinance [from which this chapter derived] located within a previously granted easement are exempt from the issuance of a license.
- E. Application for initial issuance of a license; registration required. A person desiring to obtain a ROW Occupancy License as required in this code shall

make application for a license for such use and occupancy as provided in this chapter, and shall pay an application fee for initial issuance of the license. The application fee for initial issuance of a license and any future changes thereto shall be effective upon its inclusion in a schedule of fees adopted by the City Commission by resolution such fee shall be based in part upon the administrative costs of processing the license. The application for initial issuance of a ROW Occupancy License shall be filed with the City Engineer not less than sixty (60) days prior to the proposed effective date of the license and shall be filed upon a form provided by the City for that purpose. The application shall include, at a minimum, the following information:

1. The name, address and telephone number of the applicant.
  2. The name, address and telephone number of a responsible person whom the City may notify or contact at any time or in case of emergency concerning the infrastructures.
  3. A statement of the purpose for the infrastructures proposed for installation in the public right-of-way, the type of service it will provide, and the intended customers/person which it will serve.
  4. Any additional information which the City Engineer in his or her discretion may require.
- F. Issuance and renewal of license; license revocation and cancellation. To obtain renewal of a ROW Occupancy License, the licensee shall file a renewal application with the City Engineer on the form provided by the City and pay an application fee for renewal of the license. The renewal application fee and any future changes thereto shall be effective upon its inclusion in a schedule of fees adopted by the City Commission by resolution. The renewal application shall be filed with the City Engineer not less than one hundred eighty (180) days prior to the expiration of the initial or any renewal term of the license. Upon receipt of the renewal application, the City Engineer shall conduct a review of the licensee and the licensee's prior use of the public right-of-way to determine the licensee's continued compliance with the requirements as stated herein. If on the basis of such review the City Engineer determines that the licensee and the licensee's prior use of the public right-of-way complies with all requirements, the City Engineer may renew the permit for an additional term of up to ten (10) years.

If on the basis of such review the City Engineer determines that the licensee and the licensee's use of public right-of-way do not comply with one or more

of the requirements as herein stated, the City Engineer shall give notice of intent not to renew the license. If a licensee holds multiple licenses for use or occupancy of various rights-of-way within the City for the same or similar purpose, the licensee shall be required to renew all such licenses under a single license at such time as the earliest issued license expires.

In determining the length of the term of an initial or a renewal license, the City Engineer shall take into consideration the likelihood that the City will require the use of the specific portion of the subject right-of-way for municipal purposes or that such use of the subject right-of-way will unduly burden the City or the public in its use of the subject right-of-way during the proposed term of the license and the life cycle of the facilities to be deployed. A license shall not be issued or renewed if the City Engineer determines that any of the following conditions exist in the right-of-way proposed for permitting:

1. There is insufficient space in the right-of-way to accommodate the proposed use, given the other existing uses thereof;
2. The proposed facilities would interfere with or conflict with existing or planned city infrastructures or franchisees infrastructures located or planned to be located in the right-of-way;
3. Such use is incompatible with adjacent public or private uses of that right-of-way;
4. Such use would involve an unacceptably high frequency of repair or maintenance to the facility thereby requiring excessive excavation in or obstruction of the right-of-way; or
5. The construction or installation of such facility would interfere with a public improvement undertaken or to be undertaken by the City or with an economic development project in which the City has an interest or investment.

If during the term of any license the City Engineer determines that the license should be revoked due to the licensee's failure to comply with any of the requirements herein stated, the City Engineer shall give notice of intent to revoke such license.

- G. The following shall constitute grounds for refusal to issue or renew a ROW Occupancy License, or for denial or revocation of a ROW Work Permit:

The licensee's/permittee's failure to observe or comply with any of the following:

1. The licensee's/permittee's use or prior use of public right-of-way has been conducted in full and timely compliance with all laws and regula-

tions applicable thereto, and the licensee/permittee has complied fully and in a timely manner with the requirements of any previously issued license/permit, and with the orders or instructions of city officials issued pursuant to this chapter; or

2. The licensee/permittee is current in the payment of license/permit fees, if applicable, and the licensee/permittee has made such payments fully and when due.
3. The licensee's/permittee's commission of any of the following acts.
4. The licensee/permittee has made a misleading statement or a material misrepresentation in connection with an application for initial issuance or renewal of a license/permit, in connection with its registration of its use of the public right-of-way or in connection with its use of public rights-of-way.
5. The licensee/permittee has transferred its equipment, its business, or its permit to another person or has made a change in use of its equipment, without giving the City notice thereof and obtaining City consent thereto.
6. Striking or damaging another facility within the right-of-way.
7. The City Engineer shall give notice of intent to cancel such license/permit if during the term of any license/permit the City Engineer determines that:
  - a. The licensee's/permittee's continued use of the public right-of-way will unduly burden the City or the public in its use of that property;
  - b. The public right-of-way for which the license/permit was issued will be required for municipal purposes during the term of the license/permit;
  - c. The licensee's/permittee's equipment at a particular location will interfere with:
    - i. A present or future city use of the right-of-way;
    - ii. A public improvement undertaken or to be undertaken by the City;
    - iii. An economic development project in which the city has an interest or investment;
    - iv. The public's safety or convenience in using the right-of-way for ordinary travel; or
    - v. The public health, safety and welfare requires it.

Notice of intent not to renew a license/permit for use of the public right-of-way shall be given to the licensee/permittee, either by certified mail, return receipt requested, or by actual service or delivery thereof, which notice shall be given not more than ninety (90) days after submission of the renewal application. Notice of intent to revoke or cancel a license/permit shall also be given to the licensee/permittee in the manner provided above. The notice shall set forth the grounds for refusal to issue or renew or for revocation or cancellation and shall inform the licensee/permittee of the right to an appeal hearing upon request. Such request for hearing shall be filed in writing with the Planning Department, and the hearing shall be scheduled and held by the Planning Board at their next regularly scheduled public meeting. At the hearing, the licensee/permittee shall have the burden of establishing that the grounds asserted in the notice do not exist. Upon the effective date of revocation or cancellation as provided in the City Engineer's notice thereof, or upon the effective date specified in the City Engineer's written decision upon the licensee's/permittee's appeal, the licensee/permittee shall be required to cease its use and occupancy of the right-of-way or to remove or relocate its equipment therefrom, as provided in the notice or decision. Equipment not removed or relocated from the right-of-way as required in such notice or order shall be considered a nuisance and may be removed, relocated, or taken possession of by the City, at the licensee's/permittee's expense. Except in emergency circumstances, the requirement to relocate, remove, or cease use of equipment shall be suspended during the pendency of any appeal taken by a licensee/permittee.

If a license/permit is refused or cancelled upon the basis that the subject right-of-way is or will be required for municipal purposes, the applicant or licensee/permittee shall not be entitled to an appeal. However, in that event, the licensee shall be entitled to a partial refund of the annual fee already paid, such refund to be computed on the basis of  $\frac{1}{12}$  of the required annual fee multiplied by the number of unexpired whole months of the year remaining in the license term. In all other cases where a license is not issued or renewed or is revoked, no refund of any portion of the required annual fee shall be paid to the licensee.

Notwithstanding the notice and hearing requirements above, the City Engineer may, in emergency circumstances, order the immediate relocation or removal of equipment from the right-of-way.

Regardless of any other provision, a refusal, cancellation or revocation may be appealed under the applicable processes specified in local, state or federal law.

Failure to secure, renew or comply. Any person who fails to secure or renew a franchise or license/permit required under this chapter or any franchisee or licensee who fails to comply with the requirements of the respective franchise or license, or this chapter, or with any other applicable legal requirements shall, upon notification of such violation by the City Engineer, immediately act either to abate the violation or to cease its use and occupancy of the right-of-way and remove its equipment or system from the right-of-way.

- H. Transfer of franchise, license, lease, business, or equipment without City's consent; change in use of equipment without City's consent. A license issued pursuant to this chapter shall not be transferred to any other person without the prior written notice to the City Engineer. A licensee shall not transfer the license, the business, or the equipment in the right-of-way to another person without giving the City Engineer 90 days' prior written notice of such proposed transfer. In such notice, the licensee shall clearly identify the proposed transferee, giving the name and address of a representative of the transferee who is authorized to discuss and provide information to the City regarding the transfer.

A franchisee or licensee shall not change the use of its equipment without giving the city ninety (90) days' prior written notice of such proposed change in use. In such notice, the franchisee or licensee shall clearly and completely set forth the proposed change in use of equipment, how it would be accomplished, including any excavations required to accomplish such change, and projections as to the future maintenance implications of such change in use. Any proposed change in use of franchisee's or licensee's equipment shall require the prior approval of the City Engineer. Such approval may be withheld if the City Engineer determines that the proposed use of the equipment at that location would be incompatible with or would likely damage or endanger other uses of the right-of-way, would involve a higher level of maintenance activities than the present use, would involve more street excavation or greater traffic disruption than the present use, or would be otherwise inappropriate.

- I. Amendment to license/permit. If a licensee/permittee with a current license/permit issued pursuant to this chapter proposes to expand, reduce, relocate

or modify any portion of its facilities or scope of work within public right-of-way, the licensee/permittee shall file an application for an amendment to the current license/permit with the City Engineer, shall pay the administrative application fee, and shall further comply with all other applicable requirements of this chapter. An application for an amendment to a current license/permit shall include relevant new information of the type required in connection with the initial application for a license/permit. If approved, the amended license/permit shall be issued by the City Engineer in the same manner as the original license/permit. However, if the amendment involves only one or more new hook-on connections to the permitted utility system and if the new connections will be made entirely through the permittee's existing underground utility conduit or ducts so as not to require any excavation in the public right-of-way or by means of overhead wires or cables between existing utility poles, the licensee shall not be required to pay an additional administrative fee as part of the application for amendment.

- J. Duties of licensee/permittee. The licensee/permittee shall be responsible for repairing or reimbursing other licensed or franchised utilities or other persons or entities lawfully using the right-of-way for any damage to their property caused by negligence of the licensee/permittee or its agents, employees or contractors in connection with the installation, construction, reconstruction, repair, operation, disconnection or removal of the licensee's/permittee's equipment or system.

(Ord. No. 1116, 6-18-2018)

#### **12.01.170 Reports and records.**

Upon request, the City shall have the right to inspect and analyze at any time during normal business hours at the nearest office of an owner or operator of facilities, or, if such office is not in the City, then at such other location in the City as the City may reasonably designate, all books, receipts, maps, records, codes, programs, and disks or other storage media and other like material reasonably appropriate in order to monitor compliance with the terms of this chapter or applicable law. This includes not only the books and records directly relevant to enforcement of this chapter or the owner's or operator's franchise agreement that are held by the operator, but any books and records held by an affiliate, or any contractor, subcontractor or any person holding any form of management contract for the facilities in the public right-of-way to the extent such books or records relate to the facilities. An owner or operator is responsible for collecting the information

and producing it at a location as specified above. The City shall provide the owner or operator with advance notice stating the types of records sought to be reviewed and the reason for such review.

Contacts and maps: Unless this requirement is waived in whole or in part in writing by the City each owner or operator of facilities in the public right-of-way shall maintain and produce or allow access upon request the following items:

An organizational chart with contact information for the portion of the organization most relevant to its operations within the right-of-way.

Detailed, updated electronic maps, in a format specified by the City, depicting the location of all facilities located in public right-of-way.

Construction Updates: Unless this requirement is waived in whole or in part by the City, the owner or operator of facilities in the public right-of-way shall deliver or make available upon request the following updates to the City:

Monthly construction reports to the City for any major construction undertaken in the public right-of-way until such construction is complete. The owner or operator must submit updated as built system design maps to the City, or make them available for inspection, with notice of their availability, within thirty (30) days of the completion of system construction in any geographic area. These maps shall be developed on the basis of post-construction inspection by the owner or operator and construction personnel. Any departures from design must be indicated on the as built maps.

Records Required: An owner or operator of facilities in the public right-of-way shall at all times maintain:

A full and complete set of plans, records, and "as built" maps showing the exact location of all equipment installed or in use in the City, exclusive of customer service drops.

A file showing its plan and timetable for future major construction of the facilities.

Remote Site Visit: If any requested records, maps or plans, or other requested documents are too voluminous, or for security reasons cannot be copied and moved, then an owner or operator of facilities in the public right-of-way may request that the inspection take place at some other location; provided, that the owner or operator must pay reasonable travel expenses incurred by the City in inspecting

those documents or having those documents inspected by its designee, as charges incidental to the enforcing of the owner's or operator's franchise or other authorization for use of the public right-of-way.

(Ord. No. 1116, 6-18-2018)

#### **12.01.180 Bond or letter of credit.**

No person shall install, erect, hang, lay, bury, draw, emplace, construct, reconstruct, maintain, or operate any facility upon, across, beneath, or over any public right-of-way in the City or other city property until the owner or operator shall have filed with the City Clerk a bond and/or letter of credit, in a form acceptable to the City, running in favor of the City, to guarantee the obligations of the owner or operator under this chapter and applicable law. The amount of the bond or letter of credit shall be as specified by the City Manager. Cost factors to be considered will be the scope of services provided by the contractor, the impact on the public right-of-way, the reasonable cost of removal of the facilities and the cost of restoration of any affected public right-of-way or other property.

(Ord. No. 1116, 6-18-2018)

#### **12.01.190 Insurance.**

An owner or operator shall maintain insurance covering its facilities and operations in the public right-of-way, naming the City as additionally insured, as specified in a specific provision of this chapter or in its franchise agreement or license. Upon request, proof of such insurance shall be submitted to the City Engineer prior to beginning any work.

(Ord. No. 1116, 6-18-2018)

#### **12.01.200 Enforcement.**

Penalties: For violation of provisions of this chapter the City may seek fines in the amounts of one hundred dollars (\$100.00) for a first offense within a year, two hundred dollars (\$200.00) for a second offense within a year, and three hundred dollars (\$300.00) for a third or subsequent offense within a year. The penalties shall be assessable against an owner or operator and shall be chargeable to its performance bond and/or letter of credit, at the City's discretion.

Injunctive Relief: In addition to any other remedies hereunder, the City may seek an injunction to mitigate or terminate a violation, or employ any other remedy available at law or equity, including, but not limited to, imposition of penalties.

Timely Performance or Compliance: Any failure of the City to insist on timely performance or compliance by any person shall not constitute a waiver of the City's right to later insist on timely performance or compliance by that person or any other person.

Termination on Account of Certain Assignments or Appointments:

To the extent not prohibited by the United States bankruptcy code, a franchise under this chapter shall terminate automatically by force of law one hundred twenty (120) calendar days after an assignment for the benefit of creditors or the appointment of a receiver or trustee (including a debtor in possession in a reorganization) to take over the business of the owner or operator, whether in bankruptcy or under a state law proceeding; provided, however, that such franchise shall not so terminate if, within that one hundred twenty (120) day period:

Such assignment, receivership or trusteeship has been vacated; or

Such assignee, receiver, or trustee has cured any defaults and has fully complied with the terms and conditions of this chapter and any applicable agreement and has executed an agreement, approved by any court having jurisdiction, under which it assumes and agrees to be bound by the terms and conditions of this chapter and any applicable agreement.

In the event of foreclosure or other judicial sale of any of the facilities, equipment, or property of an owner or operator of facilities in the public right-of-way, its franchise under this chapter shall automatically terminate thirty (30) calendar days after such foreclosure or sale, unless:

The City has approved a transfer to the successful bidder; and

The successful bidder has covenanted and agreed with the City to assume and be bound by the terms and conditions binding its predecessor. Any mortgage, pledge or lease of facilities in the public right-of-way shall be subject and subordinate to the rights of the City under this chapter any applicable agreement, and other applicable law.

If a franchise under this chapter is terminated for any reason, the City may, at its discretion, require the grantee or permittee to remove its facilities from the public right-of-way and to restore the public right-of-way to their prior condition at the owner's or operator's expense, or that of their sureties. If an owner or operator

whose franchise has been terminated fails, after reasonable notice from the City, to remove its facilities from the public right-of-way, such facilities shall be deemed abandoned and ownership forfeited to the City.

**Remedies Cumulative:** All remedies specified in this chapter are cumulative unless otherwise expressly stated. The exercise of one remedy shall not foreclose use of another, nor shall the exercise of a remedy or the payment of liquidated damages or penalties relieve an operator of its obligations to comply with this chapter. In exercising any remedy specified in this chapter, the City shall comply with any substantive and procedural requirements for exercising such remedies in an owner's or operator's franchise agreement, license or other authorization.

**Reduce or Waive Penalties:** The City Manager may reduce or waive any of the above listed penalties for good cause shown.

(Ord. No. 1116, 6-18-2018)

#### **12.01.210 Indemnification.**

Any indemnity provided shall include, but not be limited to, the City's reasonable attorney fees incurred in defending against any such claim, suit, or proceeding. Recovery by the City of any amounts under insurance, the performance bond or letter of credit, or otherwise shall not limit in any way a person's duty to indemnify the City, nor shall such recovery relieve a person of its obligations pursuant to a franchise or in any respect prevent the City from exercising any other right or remedy it may have.

(Ord. No. 1116, 6-18-2018)

#### **12.01.220 Severability.**

If any term, condition, or provision of this chapter shall, to any extent, be held to be invalid or unenforceable, the remainder hereof shall be valid in all other respects and continue to be effective. In the event of a subsequent change in applicable law so that the provision which had been held invalid is no longer invalid, said provision shall thereupon return to full force and effect without further action by the City and shall thereafter be binding on owners and operators.

(Ord. No. 1116, 6-18-2018)

**Chapter 12.36 AIRPORT ZONING****12.36.010 Definitions.**

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Airport" means Hobbs Industrial Air Park.

"Airport elevation" means the established elevation of the highest point on the usable landing area.

"Airport hazard" means any structure, tree or use of land which obstructs the airspace required for, or which is otherwise hazardous to, the flight of aircraft in landing or taking off at the airport.

"Airport reference point" means the point established as the approximate geographic center of the airport landing area and so designated.

"Board of Appeals" means a board consisting of five (5) City Commission members appointed by the Mayor with the consent of the City Commission, as provided in Section 3-39-22, New Mexico Statutes Annotated, 1978 Compilation.

Height. For the purpose of determining the height limits in all zones set in this chapter and shown on the zoning map, the datum shall be mean sea level elevation, unless otherwise specified.

"Instrument runway" means a runway equipped or to be equipped with a precision electronic navigation aid or landing aid or other air navigation facilities suitable to permit the landing of aircraft by an instrument approach under restricted visibility conditions.

"Landing area" means the area of the airport used for the landing, taking off or taxiing of aircraft.

"Nonconforming use" means any preexisting structure, tree, natural growth or use of land which is inconsistent with the provisions of this chapter or an amendment thereto.

"Noninstrument runway" means a runway other than an instrument runway.

"Runway " means the paved surface of an airport landing strip.

"Structure" means an object constructed or installed by man, including, but without limitation, buildings, towers, smokestacks and overhead transmission lines.

"Tree" means any object of natural growth. (Prior code § 3-1)

**12.36.020 Zones established and defined—Zoning map.**

In order to carry out the provisions of this chapter, there are created and established certain zones, which include all of the land lying within the instrument approach zone, noninstrument approach zone, transition zone, horizontal zone and conical zone. Such area and zones are shown on the Crossroads Intercontinental Airport (Hobbs Industrial Air Park) Zoning Map, consisting of one (1) sheet, prepared by Don Bell, City Engineer, and dated October 2, 1970, a copy of which is on file in the office of the City Clerk and which is made as much a part of this chapter as though the same were set forth in full herein. The various zones are established and defined as follows:

- A. Instrument Approach Zone. An instrument approach zone is established at each end of the instrument runway for instrument landings and takeoffs. The instrument approach zone shall have a width of one thousand (1,000) feet at a distance of two hundred (200) feet beyond each end of the runway, widening thereafter uniformly to a width of sixteen thousand (16,000) feet at a distance of fifty thousand two hundred feet (50,200) beyond each end of the runway, its centerline being the continuation of the centerline of the runway.
- B. Noninstrument Approach Zone. A noninstrument approach zone is established at each end of all noninstrument runways for noninstrument landings and takeoffs. The noninstrument approach zone shall have a width of five hundred (500) feet at a distance of two hundred (200) feet beyond each end of the runway, widening thereafter uniformly to a width of two thousand five hundred (2,500) feet at a distance of ten thousand two hundred (10,200) feet beyond each end of the runway, its centerline being the continuation of the centerline of the runway.
- C. VFR Approach Zone. A visual flight rules approach zone shall have a width of two hundred (200) feet at a distance of one hundred (100) feet beyond each end of the runway widening thereafter uniformly to a width of five hundred (500) feet at a distance of three thousand one hundred (3,100) feet beyond each end of the runway.
- D. Transition Zones (Not Applicable to VFR Airports). Transition zones are established adjacent to each instrument and noninstrument runway and approach zone as indicated on the zoning map. Transition zones symmetrically located on either side of runways have variable widths as shown on the zoning map. Transition zones extend outward from a line two hundred (200)

feet on either side of the centerline of the noninstrument runway, for the length of such runway plus two hundred (200) feet on each end; and five hundred (500) feet on either side of the centerline of the instrument runway, for the length of such runway plus two hundred (200) feet on each end; and are parallel and level with such runway centerlines. The transition zones along such runways slope upward and outward one (1) foot vertically for each seven (7) feet horizontally to the point where they intersect the surface of the horizontal zone. Further, transition zones are established adjacent to both instrument and noninstrument approach zones for the entire length of the approach zones. These transition zones have variable widths, as shown on the zoning map. Such transition zones flare symmetrically with either side of the runway approach zones from the base of such zones and slope upward and outward at the rate of one (1) foot vertically for each seven feet horizontally to the points where they intersect the surfaces of the horizontal and conical zones. Additionally, transition zones are established adjacent to the instrument approach zone where it projects through and beyond the limits of the conical zone, extending a distance of five thousand (5,000) feet, measured horizontally, from the edge of the instrument approach zones at right angles to the continuation of the centerline of the runway.

- E. Horizontal Zone. A horizontal zone is established as the area within a circle with its center at the airport reference point and having a radius of thirteen thousand (13,000) feet. The horizontal zone does not include the instrument and noninstrument approach zones and the transition zones.
- F. Conical Zone. A conical zone is established as the area that commences at the periphery of the horizontal zone and extends outward therefrom a distance of seven thousand (7,000) feet. The conical zone does not include the instrument approach zones and transition zones. (Prior code § 3-2)

### **12.36.030 Height limitations.**

Except as otherwise provided in this chapter, no structure or tree shall be erected, altered, allowed to grow or maintained in any zone created by this chapter, to a height in excess of the height limit established in this section for such zone. Such height limitations are hereby established for each of the zones in question as follows:

- A. Instrument approach zone: one (1) foot in height for each fifty (50) feet in horizontal distance, beginning at a point two hundred (200) feet from and at

the centerline elevation of the end of the instrument runway and extending to a distance of ten thousand two hundred (10,200) feet from the end of the runway; thence, one (1) foot in height for each forty (40) feet in horizontal distance to a point fifty thousand two hundred (50,200) feet from the end of the runway.

- B. Noninstrument approach zone: one (1) foot in height for each forty (40) or twenty feet in horizontal distance, beginning at a point two hundred (200) feet from and at the centerline elevation of the end of the noninstrument runway and extending to a point ten thousand two hundred (10,200) feet from the end of the runway.
- C. VFR airport approach zone: one (1) foot in height for each twenty (20) feet in horizontal distance, beginning at a point one hundred (100) feet from and at the centerline elevation of the end of the runway.
- D. Transition zone: one (1) foot in height for each seven feet in horizontal distance, beginning at any point four hundred (400) feet normal to and at the elevation of the centerline of noninstrument runways, extending two hundred (200) feet beyond each end thereof, and five hundred (500) feet normal to and at the elevation of the centerline of the instrument runway, extending two hundred (200) feet beyond each end thereof, extending to a height of one hundred fifty (150) feet above the airport elevation, which is three thousand six hundred ninety-five (3,695) feet above mean sea level. In addition to the foregoing, there are established height limits of one (1) foot vertical height for each seven (7) feet horizontal distance, measured from the edges of all approach zones for the entire length of the approach zones and extending upward and outward to the points where they intersect the horizontal or conical surfaces. Further, where the instrument approach zone projects through and beyond the conical zone, a height limit of one (1) foot for each seven (7) feet of horizontal distance shall be maintained, beginning at the edge of the instrument approach zone and extending a distance of five thousand (5,000) feet from the edge of the instrument approach zone, measured normal to the centerline of the runway extended.
- E. Horizontal zone: one hundred fifty (150) feet above the airport elevation height of three thousand seven hundred forty-five (3,745) feet above mean sea level.
- F. Conical zone: One (1) foot in height for each twenty (20) feet of horizontal distance, beginning at the periphery for the horizontal zone, extending to a height of five thousand one hundred ninety-five (5,195) feet above the airport elevation.

Nothing in this chapter shall be construed as prohibiting the growth, construction or maintenance of any tree or structure to a height up to sixty (60) feet above the surface of the land.

Where an area is covered by more than one (1) height limitation, the more restrictive limitations shall prevail. (Prior code § 3-3)

#### **12.36.040 Use restrictions.**

Notwithstanding any other provisions of this chapter, no use may be made of land within any zone established by this chapter in such a manner as to create electrical interference with radio communication between the airport and aircraft, make it difficult for flyers to distinguish between airport lights and others, result in glare in the eyes of flyers using the airport, impair visibility in the vicinity of the airport or otherwise endanger the landing, taking off or maneuvering of aircraft. (Prior code § 3-4)

#### **12.36.050 Nonconforming uses.**

A. Regulations Not Retroactive. The regulations prescribed by this chapter shall not be construed to require the removal, lowering or other changes or alteration of any structure or tree not conforming to the regulations as of October 23, 1970, or otherwise interfere with the continuance of any nonconforming use. Nothing herein contained shall require any change in the construction, alteration or intended use of any structure, the construction or alteration of which was begun prior to October 23, 1970, and which is diligently prosecuted.

B. Marking and Lighting. Notwithstanding subsection A of this section, the owner of any nonconforming structure or tree is required to permit the installation, operation and maintenance thereon of such markers and lights as shall be deemed necessary by the City Manager to indicate to the operators of aircraft in the vicinity of the airport the presence of such airport hazards. Such markers and lights shall be installed, operated and maintained at the expense of the City. (Prior code § 3-5)

#### **12.36.060 Permits and variances.**

A. Future Uses. Except as specifically provided in paragraphs (1), (2) and (3) of this subsection, no material change shall be made in the use of land and no structure or tree shall be erected, altered, planted or otherwise established in any zone hereby created, unless a permit therefor shall have been applied for and granted. Each application for a permit shall indicate the purpose for which the

permit is desired, with sufficient particularity to permit it to be determined whether the resulting use, structure or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit shall be granted.

1. In the area lying within the limits of the horizontal zone and the conical zone, no permit shall be required for any tree or structure less than seventy-five (75) feet of vertical height above the ground, except when, because of terrain, land contour or topographic features, such tree or structure would extend above the height limits prescribed for such zone.
2. In the areas lying within the limits of the instrument and noninstrument approach zones, but at a horizontal distance of not less than four thousand two hundred (4,200) feet from each end of the runways, no permit shall be required for any tree or structure less than seventy-five (75) feet of vertical height above the ground, except when such tree or structure would extend above the height limit prescribed for such instrument or noninstrument approach zone.
3. In the areas lying within the limits of the transition zones beyond the perimeter of the horizontal zone, no permit shall be required for any tree or structure less than seventy-five (75) feet of vertical height above the ground, except when such tree or structure, because of terrain, land contour or topographic features, would extend above the height limit prescribed for such transition zones.

Nothing contained in any of the foregoing exceptions shall be construed as permitting or intending to permit any construction, alteration or growth of any structure or tree in excess of any of the height limits established by this chapter, except as set forth in Section 12.36.030.

B. Existing Uses. No permit for an existing use shall be granted that would allow the establishment or creation of an airport hazard or permit a nonconforming use, structure or tree to be made or to become higher, or to become a greater hazard to air navigation than it was on October 23, 1970, or on the effective date of any applicable amendment to this chapter, or than it is when the application for a permit is made. Except as indicated, all applications for such a permit shall be granted.

C. Nonconforming Uses Abandoned or Destroyed. Whenever the building inspector determines that a non conforming structure or tree has been abandoned or more than eighty (80) percent torn down, or that such structure or tree is physically

deteriorated or decayed, no permit shall be granted that would allow such structure or tree to exceed the applicable height limit or otherwise deviate from this chapter.

D. Variances. Any person desiring to erect or increase the height of any structure, permit the growth of any tree or use his or her property, not in accordance with the regulations prescribed in this chapter, may apply to the Board of Appeals for a variance from such regulations. Such variances shall be allowed where it is duly found that a literal application or enforcement of the regulations contained in this chapter would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but would do substantial justice and be in accordance with the spirit of this chapter.

E. Hazard Marking and Lighting. Any permit or variance granted may, if such action is deemed advisable to effectuate the purposes of this chapter and be reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to permit the City, at its own expense, to install, operate and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

As to Hobbs Industrial Air Park Board generally, see Chapter 2.44 of this code.  
(Prior code § 3-6)

#### **12.36.070 Hobbs Industrial Air Park Board to administer and enforce chapter.**

It shall be the duty of the Hobbs Industrial Air Park Board to administer and enforce the regulations prescribed in this chapter. Applications for permits and variances shall be made to the Hobbs Industrial Air Park Board upon a form furnished by the City. Applications required by this chapter to be submitted to the Hobbs Industrial Air Park Board shall be promptly considered and granted or denied by such Board. Applications for action by the Board of Appeals shall be forthwith transmitted by the Hobbs Industrial Air Park Board. (Prior code § 3-7)

#### **12.36.080 Board of appeals—Generally.**

A. Created—Powers Generally. There is created a Board of Appeals, to have and exercise the following powers:

1. To hear and decide appeals from any order, requirement, decision or determination made by the Hobbs Industrial Air Park Board in the enforcement of this chapter.

2. To hear and decide special exceptions to the terms of this chapter, upon which such Board of Appeals under such regulations may be required to pass.
3. To hear and decide specific variances.

B. Composition—Appointment and Removal of Members—Terms. The Board of Appeals shall consist of five (5) members, appointed by the Mayor with the consent of the City Commission, and each shall serve for a term of three (3) years and until his or her successor is duly appointed and qualified. Of the members first appointed, one (1) shall be appointed for a term of one (1) year, two (2) for a term of two (2) years and two (2) for a term of three (3) years, and thereafter the members shall serve for three (3) years. Members shall be removable by the Appointing Authority for cause, upon written charges, after a public hearing.

C. Rules—Meetings—Minutes and Records. The Board of Appeals shall adopt rules for its governance and procedure in harmony with the provisions of this chapter. Meetings of the Board of Appeals shall be held at the call of the Chairperson and at such other times as the Board of Appeals may determine. The Chairperson or, in his or her absence, the acting chairperson may administer oaths and compel the attendance of witnesses. All hearings of the Board of Appeals shall be public. The Board of Appeals shall keep minutes of its proceedings, showing the vote of each member upon each question or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall immediately be filed in the office of the City Clerk and shall be a public record.

D. Written Findings of Fact. The Board of Appeals shall make written findings of fact and conclusions of law giving the facts upon which it acted and its legal conclusions from such facts in reversing, affirming or modifying any order, requirement, decision or determination which comes before it under the provisions of this chapter.

E. Majority Vote Required for Action. The concurring vote of a majority of the members of the Board of Appeals shall be sufficient to reverse any order, requirement, decision or determination of the Hobbs Industrial Air Park Board, or to decide in favor of the applicant on any matter upon which such Board of Appeals is required to pass under this chapter, or to effect any variation in this chapter. (Prior code § 3-8)

**12.36.090 Board of appeals—Appeals.**

A. Any person aggrieved, or any taxpayer affected, by any decision of the Hobbs Industrial Air Park Board made in their administration of this chapter may appeal to the Board of Appeals.

B. All appeals hereunder must be taken within a reasonable time as provided by the rules of the Board of Appeals, by filing with the Hobbs Industrial Air Park Board a notice of appeal, specifying the grounds thereof. The Hobbs Industrial Air Park Board shall forthwith transmit to the Board of Appeals all the papers constituting the record upon which the action appealed from was taken.

C. An appeal shall stay all proceedings in furtherance of the action appealed from, unless the Hobbs Industrial Air Park Board certifies to the Board of Appeals, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would, in their opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed, except by order of the Board of Appeals on notice to the Hobbs Industrial Air Park Board and on due cause shown.

D. The Board of Appeals shall fix a reasonable time for hearing appeals, give public notice and due notice to the parties in interest and decide the same within a reasonable time. Upon the hearing any party may appear, in person, by agent or by attorney.

E. The Board of Appeals may, in conformity with the provisions of this chapter, reverse or affirm, in whole or in part, or modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination as may be appropriate under the circumstances. (Prior code § 3-9)

**12.36.100 Board of appeals—Judicial review of decisions.**

Any person aggrieved, or any taxpayer affected, by any decision of the Board of Appeals may appeal to the district court of the county as provided in Section 3-39-23 of the New Mexico Statutes Annotated, 1978 Compilation. (Prior code § 3-10)

**12.36.110 Violations—Penalties.**

Each violation of this chapter or of any regulation, order or ruling promulgated hereunder shall constitute a misdemeanor and be punishable by a fine of not more than five hundred dollars (\$500.00), or imprisonment for not more than ninety (90) days, or both such fine and imprisonment, and each day a violation continues to

exist shall constitute a separate offense. (Prior code § 3-11)

**12.36.120 Conflicting provisions.**

Where there exists a conflict between any of the regulations or limitations prescribed in this chapter and any other regulations applicable to the same area, whether the conflict is with respect to the height of structures or trees, the use of land or any other matter, the more stringent limitation or requirement shall govern and prevail. (Prior code § 3-12)

**13.12.040 Prohibited discharge standards.**

No industrial user shall introduce or cause to be introduced into the POTW any pollutant or wastewater which causes pass through or interference. These general prohibitions apply to all users of the POTW whether or not the source is subject to categorical pretreatment standards or any other National, State or local pretreatment standards or requirement. Furthermore, no user may contribute the following substances to the POTW:

- A. Pollutants which create a fire or explosive hazard in the POTW system, including, but not limited to, waste streams with a closed-cup flashpoint of less than one hundred forty (140) degrees Fahrenheit (sixty (60) degrees Centigrade);
- B. Any pollutants which will cause, but in no case discharges with a pH of less than 5.5 or more than 9.5, corrosive structural damage to the POTW or equipment, or endangering City personnel;
- C. Solid or viscous substances in amounts which will cause obstruction of the flow in the POTW resulting in interference, such as, but not limited to: ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastic, wood, whole blood, paunch manure, hair and fleshings, entrails, un-ground garbage and paper dishes, cups, milk containers, etc., and lime slurry, lime residues, slops, chemical residues, paint residues or bulk solids;

- E. Any wastewater having a temperature greater than one hundred fifty (150) degrees Fahrenheit (sixty-five (65) degrees Centigrade);
- F. Petroleum oil, non-biodegradable cutting oil, or products of mineral oil origin, in amounts that will cause interference or pass through;
- G. Pollutants which result in the presence of toxic gases, vapors or fumes within the POTW in a quantity that may cause acute or chronic worker health and safety problems;

- H. Any trucked or hauled pollutants, except at discharge points designated by the City;
- I. Any noxious or malodorous liquids, gases, solids, or other wastewater which, either singly or by interaction with other wastes, are sufficient to create a public nuisance, a hazard to life, or to prevent entry into the sewers for maintenance and repair;
- J. Any wastewater which imparts color which cannot be removed by the treatment process, such as, but not limited to, dye wastes and vegetable tanning solutions;
- K. Any wastewater containing any radioactive wastes or isotopes except as specifically approved by the City Manager in compliance with applicable State or Federal regulations;

A. The City of Hobbs reserves the right to establish by ordinance, resolution, or in wastewater discharge permits, more stringent standards or requirements on discharges to the POTW if deemed necessary to comply with local, State or Federal regulations. The following pollutant limits are established to protect against pass through and interference. No person shall discharge wastewater containing in excess of the following (instantaneous maximum allowable discharge limits):

B. Local limits apply at the point where the indirect discharge is introduced to the POTW before mixing with other wastewaters. All concentrations for metallic substances are for "total" metal unless indicated otherwise. In addition to, or in place of, concentration based limitations, the Utilities Director may impose mass limitations. (Ord. No. 1079, 11-3-2014)

#### **13.12.080 Industrial waste survey.**

A. Industrial users may be requested to submit information on the nature and characteristics of their wastewater and a baseline monitoring report prior to commencing discharge; when changes in the industrial users' ownership occur; or upon any significant process changes resulting in a change of industrial users discharge volumes or characteristics. Providing false information; failure to provide notification; failure to complete the pretreatment questionnaire shall be considered a violation of the ordinance codified in this chapter.

B. All industrial users, who are not subject to categorical pretreatment standards, not classified as a significant user, and not required to obtain a wastewater discharge permit, shall provide appropriate information to the City as may be required to determine compliance with the ordinance codified in this chapter. (Ord. No. 1079, 11-3-2014)

#### **13.12.090 Hazardous waste discharge notification.**

Any industrial user who discharges hazardous waste into the POTW shall notify the City, in writing of any substance which, if otherwise disposed of, would be a hazardous waste under 40 CFR Part 261. (Ord. No. 1079, 11-3-2014)

#### **13.12.100 Pretreatment operations.**

A. Industrial users shall provide wastewater treatment as needed to comply, and shall achieve compliance, within the time limitations specified by the EPA, the State, or City, whichever is more stringent. Any facilities necessary for compliance shall be provided, operated, and maintained at the industrial user's expense. Detailed plans showing the pretreatment facilities and operating procedures shall be submitted for review and shall be acceptable to the City, before construction of the facility.

B. The City may require industrial users to restrict their discharge during peak flow periods, designate certain wastewater be discharged only into specific sewers, relocate and/or consolidate points of discharge, separate municipal waste streams

from industrial waste streams, and such other conditions as may be necessary to protect the POTW and secure the industrial user's compliance with the requirements of this chapter.

C. Grease, oil and sand interceptors shall be provided when they are necessary for the proper handling of wastewater containing excessive amounts of grease and oil, or sand; except that such interceptors shall not be required for residential users. All interceptor units shall be of type and capacity approved by the City and shall be so located to be easily accessible for cleaning and inspection. Such interceptors shall be inspected and cleaned, regularly, as needed, by the owner at his or her expense. Owner shall keep records of interceptor maintenance, cleaning and disposal for a minimum of one (1) year.

D. Industrial users with the potential to discharge flammable substances may be required to install and maintain an approved combustible gas detection meter. At no time shall two (2) readings on an explosion hazard meter at the point of discharge into the POTW, or at any point in the POTW, be more than five (5) percent nor any single reading over ten (10) percent of the lower explosive limit (LEL) of the meter. (Ord. No. 1079, 11-3-2014)

#### **13.12.110 Tenant responsibility.**

Where an owner of property leases premises to any other person as a tenant under any rental or lease agreement, if either the owner or the tenant is an industrial user, either or both may be held responsible for compliance with the provisions of the ordinance codified in this chapter. (Ord. No. 1079, 11-3-2014)

#### **13.12.120 Wastewater discharge permit requirement.**

It is unlawful for any significant industrial user to discharge wastewater into the City of Hobbs POTW without first obtaining a wastewater discharge permit. Obtaining a wastewater discharge permit does not relieve any permit holder of its obligation to comply with all Federal and State permits or regulations.

- A. Existing Connections. Any significant industrial user which has an indirect discharge into the POTW prior to the effective date of the ordinance codified in this chapter and who wishes to continue such discharges in the future, shall, within ninety (90) days after said date, apply for a wastewater discharge permit.

- B. New Connections. Any significant industrial user proposing to begin or recommence discharging industrial wastes into the POTW must obtain a wastewater discharge permit prior to the beginning or recommencing of such discharge. An application for this wastewater discharge permit must be filed at least ninety (90) days prior to the date upon which any discharge begins. The City has the right to place conditions on new or increased contributions from existing users.

The Utilities Director may require other industrial users, including liquid waste haulers, to obtain discharge permits as necessary to carry out the purposes of this chapter.

(Ord. No. 1079, 11-3-2014)

### **13.12.130 Wastewater discharge permits.**

A. Wastewater discharge permits shall be issued by the Utilities Director for a period not to exceed five (5) years and are non-transferable without approval from the City. Discharge permits shall include those conditions as are reasonably deemed necessary by the City to prevent pass through or interference, protect the environment receiving the treatment plant's effluent, protect worker health and safety, facilitate sludge management and disposal, protect ambient air quality, and protect against damage to the POTW.

B. Modification of a wastewater discharge permit may be made by the City for good cause, including but not limited to the following: (1) incorporation of new or revised Federal, State or local requirements; (2) a change in the POTW that requires either a temporary or permanent reduction or elimination of the authorized discharge; (3) violation of any terms or conditions of applicable discharge permits; or (4) to reflect a transfer of the facility ownership and/or operation. Any person, including the industrial user, may petition the City of Hobbs to reconsider the terms of a wastewater discharge permit within ninety (90) days of its issuance.

C. The City may decline to reissue a wastewater discharge permit to any user who has failed to comply with the provisions of this chapter, any compliance orders issued pursuant to the chapter, or a previous wastewater discharge permit issued hereunder, unless such user first files a satisfactory bond, payable to the City of Hobbs, in a sum not to exceed a value determined to be necessary to achieve consistent compliance or has obtained financial assurances sufficient to restore or repair damage to the POTW caused by its discharge.

(Ord. No. 1079, 11-3-2014)

**13.12.140 Confidential information and requirement to publish.**

A. Information and data on an industrial user obtained from reports, surveys, wastewater discharge permit applications, wastewater discharge permits, and monitoring programs, and from inspection and sampling activities, shall be available to the public without restriction unless the industrial user specifically requests, and is able to demonstrate to the satisfaction of the City of Hobbs, that the release of such information would divulge information, processes or methods of production entitled to protection as trade secrets under applicable law. Wastewater constituents and characteristics and other "effluent data" as defined by 40 CFR 2.302 will not be recognized as confidential information and will be available to the public without restriction.

B. The City shall publish annually, in the largest daily newspaper published in the municipality where the POTW is located, a list of the industrial users which, during the previous twelve (12) months, were in significant noncompliance with applicable pretreatment standards and requirements. The term "significant noncompliance" shall mean:

1. Chronic Violations. Chronic violations of wastewater discharge limits, defined here as those in which sixty-six (66) percent or more of wastewater measurements taken during a six-month period exceed the daily maximum limit or average limit for the same pollutant parameter by any amount;
2. TRC Violations. Technical review criteria (TRC) violations, defined here as those in which thirty-three (33) percent or more of wastewater measurements taken for each pollutant parameter during a six-month period equals or exceeds the product of the daily maximum limit or the average limit multiplied by the applicable criteria (1.4 for BOD, TSS, fats, oils and grease, and 1.2 for all other pollutants except pH);
3. Discharge Violations. Any other discharge violation that the City believes has caused, alone or in combination with other discharges, interference or pass through (including endangering the health of City personnel or the general public);
4. Endangerment. Any discharge of pollutants that has caused imminent endangerment to the public or to the environment, or has resulted in the City's exercise of its emergency authority to halt or prevent such a discharge;
5. Failure to Comply. Failure to meet, within ninety (90) days of the scheduled date, a compliance schedule milestone contained in a wastewater discharge permit or enforcement order for starting construction, completing construction, or attaining final compliance;

6. Failure to Report. Failure to provide within thirty (30) days after the due date, any required reports, including baseline monitoring reports, ninety-day compliance reports, periodic self-monitoring reports, and reports on compliance with compliance schedules;
  7. Failure to accurately report noncompliance.
- (Ord. No. 1079, 11-3-2014)

**13.12.150 Violation of industrial waste ordinance.**

A. When it is found that a user has violated or is violating the provisions of this chapter, a wastewater discharge permit or order issued hereunder, or any other pretreatment requirement, the Utilities Director or his or her designee may serve upon said user a written "Notice of Violation." Within thirty (30) days of the receipt of this notice, an explanation of the violation and a plan for the satisfactory correction and prevention thereof, to include specific required actions, shall be submitted by the user to the City. Nothing in this section shall limit the authority of the City to take any action, including emergency actions or any other enforcement action, without first issuing a "Notice of Violation."

B. Upon continued violation of industrial waste ordinance, wastewater discharge permits, or orders issued hereunder, or any other pretreatment standard or requirement, the City may issue a "Compliance Order" to the user responsible for the discharge directing that the user come into compliance within thirty (30) days. If the user does not come into compliance within thirty (30) days, a "Cease and Desist Order" will be issued directing user to immediately comply with all requirements or water and sewer service may be discontinued. Issuance of a "Compliance Order" shall not be a prerequisite to taking any other action against the user.

C. Notwithstanding any other section of this chapter, any user found to have violated any provision of the ordinance codified in this chapter, its wastewater discharge permit, orders issued hereunder, or any other pretreatment standard or requirement may be assessed an administrative fine as established by resolution of the City Commission. Such fine(s) shall be assessed for each individual violation on a per day basis. In the case of monthly or other long term average discharge limits, fines shall be assessed for each day during the period of violation. Assessments may be added to the user's next scheduled sewer service charge or other collection remedies as may be available for other service charges and fees. Issuance of an administrative fine shall not be a prerequisite for taking any other action against the user.

(Ord. No. 1079, 11-3-2014)

**13.12.160 Emergency suspensions.**

The Utilities Director may immediately suspend a user's discharge (after informal notice to the user) whenever such suspension is necessary in order to stop an actual or threatened discharge which reasonably appears to present or cause an imminent or substantial endangerment to the health or welfare of any people. The Utilities Director may also suspend a user's discharge (after notice and opportunity to respond) that threatens to interfere with the operation of the POTW, or which presents or may present an endangerment to the environment. Nothing in this section shall be interpreted as requiring a hearing prior to any emergency suspension under this section.

(Ord. No. 1079, 11-3-2014)

**13.12.170 Civil fine pass through recovery.**

In the event that an industrial user discharges such pollutants which cause the City to violate any conditions of its applicable Federal or State issued permits, and the City is fined for such violations, then such industrial user shall be fully liable for the total amount of the fines and civil penalties assessed against the City and those administrative costs incurred. The Utilities Director may decline to reissue a wastewater discharge permit to any user which has failed to comply with the provisions of this chapter, any order, or a previous wastewater discharge permit issued hereunder, unless the user first submits proof that it has obtained financial assurances sufficient to restore or repair damage to the POTW caused by its discharge.

(Ord. No. 1079, 11-3-2014)

**13.12.180 Public nuisances.**

Any violation of this chapter, wastewater discharge permits, or orders issued hereunder, is declared a public nuisance and shall be corrected or abated as directed by the Utilities Director or his or her designee. Any person(s) creating a public nuisance shall be subject to the provisions of law governing such nuisances, including reimbursing the City for any costs incurred in removing, abating or remedying such nuisance.

(Ord. No. 1079, 11-3-2014)

**13.12.190 Industrial pretreatment fees.**

The City Commission, by resolution, shall establish reasonable charges and fees for reimbursement of the cost of setting up and operating the City of Hobbs Pretreatment Program. These fees may include:

- A. Fees for wastewater discharge permit applications, including the cost of processing such applications;
- B. Fees for monitoring, inspection, and surveillance procedures, including the cost of collecting and analyzing an industrial user's discharge, and reviewing monitoring reports submitted by industrial users; and
- C. Other fees deemed necessary to carry out the requirements contained in this chapter.

(Ord. No. 1079, 11-3-2014)

**13.12.200 Industrial wastewater surcharge.**

The purpose of the industrial wastewater surcharge is that the industrial user shall pay for that cost, in addition to the usual monthly sewer service charge, incurred by the City in the additional construction, operation, and maintenance of the POTW required for handling the above normal strength industrial wastewater. Above normal strength industrial wastewater shall be that waste stream which exceeds City of Hobbs local limits established in Section 3.12.070 and approved for discharge in a wastewater discharge permit. Waste stream volume for the computation of surcharge shall be based upon the user's monthly wastewater flow per Section 13.08.100. If determined that it is not practical to measure the quantity or quality of industrial waste stream by such method, the Utilities Director may approve the individual measurement of such waste stream separately by a manner or method determined to be most practical. Costs associated with the alternative measurement of quantity or quality of industrial waste stream shall be borne by industrial user. To determine monthly service charge, including surcharge, the following computation shall be used:

$$SC + (K)(V) \qquad \left[ a \frac{(\text{TSS}-250)}{250} \qquad + b \frac{(\text{BOD}-250)}{250} \qquad + c \frac{(\text{COD}-400)}{400} \right]$$

SC = Monthly industrial user service charge, dollars per month

K = Usage charge for industrial users, dollars per thousand gallons sewer

V = Volume of waste stream discharged

- a = That fraction of the total cost which is attributable to total suspended solids removal
- b = That fraction of the total cost which is attributable to biochemical oxygen removal
- c = That fraction of the total cost which is attributable to chemical oxygen removal demand

TSS = Total suspended solids of industrial waste stream, average untreated wastewater TSS is two hundred fifty (250) mg/l

BOD = Biochemical oxygen demand of industrial waste stream, average untreated wastewater BOD is two hundred fifty (250) mg/l

COD = Chemical oxygen demand of industrial waste stream, average untreated wastewater COD is four hundred (400) mg/l

#### **13.12.210 Liquid hauled waste.**

Hauled septic tank waste and industrial waste may be accepted into the POTW at a designated receiving structure within the treatment plant area, and at such times as established by the Utilities Director, provided such wastes do not violate this chapter or any other requirements established or adopted. Samples may be collected of each load to ensure compliance with applicable standards and for determination of surcharges. The Utilities Director shall have authority to prohibit the disposal of such wastes, if such disposal would interfere with the treatment plant operation or violate the ordinance codified in this chapter. The discharge of all liquid hauled wastes requires prior approval and a discharge permit from the City as directed in Section 13.12.130 and issued by the Utilities Director. Liquid waste haulers are subject to all other sections of this chapter.

(Ord. No. 1079, 11-3-2014)

#### **13.12.220 Responsibilities of the hauler.**

Only approved liquid waste haulers will be allowed to introduce liquid wastes in the POTW. The following requirements must be met by the hauler prior to and during the duration of issued permit:

- A. Equipment used in the transporting of liquid waste shall be properly equipped to perform the task without spillage, leaks, or release of toxic or harmful gases, fumes or other substances;

- B. Proof of vehicle insurance, copies of valid driver's licenses for each driver employed by the hauler, and credit information for disposal fees shall be provided and maintained as required;
  - C. A waste tracking form shall be provided and completed with every load. At a minimum, the form shall include the name and address of hauler; truck identification; names and addresses of the sources of hauled waste, including type of industry if applicable, and volume of waste;
  - D. Hauler shall be responsible for maintaining that area within the POTW designated for liquid waste disposal;
  - E. Inappropriate behavior, operation of haul vehicles by unlicensed personnel, damage to any structure or tampering with any equipment of the POTW is unacceptable and will result in permit revocation by the Utilities Director.
- (Ord. No. 1079, 11-3-2014)

### **13.12.230 Liquid hauled waste fees.**

City issued trip ticket books are to be obtained by the transporter of liquid hauled waste from the City of Hobbs Utilities Department. Trip ticket books, consisting of fifty (50) tickets, are a three-part form that will be used to document the generation, transportation and disposal of all applicable liquid wastes to be introduced into the POTW. The City Commission, by municipal resolution, shall establish hauled liquid waste disposal fees. Copies of such resolutions may be found on file in the office of the City Clerk. For billing purposes, volume of waste will be based upon the maximum carrying capacity of the respective tanker.

All services may be discontinued and the following charges shall be assessed to liquid waste haulers delinquent in their accounts or found to have damaged or tampered with any City structure, equipment, or appurtenances:

- A. Late payment fee for non-payment ..... \$100.00

When the charges therefor remain unpaid for forty-five (45) days after the billing date, a delinquent account charge or late payment fee shall be applied to the account at that time and the account becomes subject to discontinuance of all services. All charges, penalties, fees, etc., assessed to a delinquent liquid waste hauler's account must be paid in full prior to reinstatement of any utilities services.

- B. Charge for tampering with or damaging utilities services and/or

appurtenances ..... \$100.00

In addition to the charge for tampering with or damaging utilities services, liquid waste haulers shall be charged the actual cost of any repairs and/or replacement of damaged equipment and/or appurtenances and the costs thereof shall be included as an additional charge on the liquid waste hauler's account.

- C. If a liquid waste hauler fails to pay all charges within sixty (60) days from written notice of delinquent account, the City may impose a lien against the liquid waste hauler and the lien shall draw interest at the statutory limit from the date of the lien to the date of payment, which lien shall be coequal with the lien of other taxes and prior and superior to all other liens.

It shall be the duty of the City Clerk to make out, sign, attest with the City seal and file for record with the County Clerk a claim for lien for the amount due.

If such amount due, with interest, is not paid, the City may, at its option, foreclose its lien against the owner and the property as named in the lien, as provided by law for the foreclosure of municipal liens, for the unpaid amount, interest and attorney's fee.

(Ord. No. 1079, 11-3-2014)

**13.12.240 Enforcement.**

Except as otherwise provided in this chapter, the Utilities Director or his or her designee, shall administer, implement and enforce the provisions of this chapter as authorized by the City Manager. Any powers granted to, or duties imposed upon, the Utilities Director may be delegated by the Utilities Director to other City personnel.  
(Ord. No. 1079, 11-3-2014)

**13.12.250 Violations.**

Every owner or other person or occupant convicted of a violation of this chapter shall be punishable as provided by local, State or Federal law. The conviction and punishment of any owner or other person or occupant for a violation shall not excuse or exempt them from any fees due or unpaid at the time of such conviction, and nothing in this section shall prevent a criminal prosecution of any violation of

the provisions of this chapter. No property of any person shall be exempt from levy and sale of execution issued for the collection of a judgment for any fee imposed by this chapter.

In the case of corner buildings having both odd and even address numbers, and any other ambiguity, the address listed on the consumer's account with the City's utilities department shall control.

B. During the water conservation period from May 15th through September 15th of each year, all outdoor watering of grass, trees, plants, or other vegetation shall occur only during one of the following designated watering periods each day and only on the corresponding odd or even calendar day for each address:

Water may only then be used in the amount, manner, and location as described in the special permit that is issued to such business entity by the City of Hobbs Utilities Director or his or her designee. Such special permits shall be effective for no more than thirty (30) days and may be rescinded at any time for severe water restriction purposes.

E. During water restriction periods, upon written application for a special permit, the City of Hobbs Utilities Director or his or her designee may issue a special permit for daily watering for twenty-one (21) days for new seed, or ten (10) days for new sod, or for a time determined appropriate for other exceptional requirements, permitting daily watering during designated hours. Such special permits may be rescinded at any time for severe water restriction purposes.

F. In the event that conditions exist that adversely affect the availability of water due to climatic conditions, plant breakdown, capacity of the treatment plant(s), low water supply, or otherwise, the City Manager, or acting City Manager in his or her absence, may declare a water emergency and establish further restrictions or prohibitions for any water application or usage. If the City Manager takes such action, the action shall be placed upon the agenda of the City Commission not later than the next regularly scheduled meeting of the City Commission for approval, amendment, or disapproval. If approved or approved as modified, such approval shall be made by Commission resolution specifically setting forth the provisions of the restrictions in full. The City Manager shall take steps as seems most effective to inform the public.

G. The City Commission may from time to time adopt and revise policies and plans with regard to water conservation, water restrictions, and water waste in addition to the regulations set forth in this chapter and other City ordinances, policies and resolutions. Copies of such policies and plans may be found on file in the office of the City Clerk.

The Building Official will require the filing of plan as stated on Sections 15.32.050 and any other pertinent information as is necessary to insure compliance.

Every application shall be executed and the representations made therein certified to be true by both the owner of the premises upon which the sign is to be

constructed, the permittee and the sign company and contractor authorized to erect the structure. Every application shall contain a statement of the owner, the permittee, the sign company and the contractor that the sign and structure does not violate any applicable deed restriction, restricted covenants, setback requirements or State codes.

  2. A billboard shall not be permitted to be placed within eight hundred (800) linear feet of any existing billboard adjacent to and oriented perpendicular to a Major Arterial.
  3. No billboard shall exceed thirty-five (35) feet in height or three hundred (300) square feet per billboard. All billboards shall be constructed of metal.
  4. Billboards on residential streets are prohibited.
  5. Billboards unable to secure an advertiser for a period of one hundred twenty (120) days shall be considered abandoned. The Building Official shall issue the property owner written notice of abandonment and said billboard shall be removed at the owner's expense within thirty (30) days.
- E. Placing Signs on Trees, Rocks, Retaining Walls or Fences Located on Public Property. No signs shall be placed or painted on any tree, rock, retaining wall, fence or natural formation which is located on or above public property.
- F. Placing Signs on Utility Poles. No sign shall be placed on any utility pole except for utility identification purposes and installed by utility agencies or in accordance with Section 15.32.070(C)(2).
- G. Signs on Public Right-of-Way. With the exception of signs lawfully permitted or erected prior to the passage of the ordinance codified in this chapter, it is

unlawful to place a sign upon or above a public street, bridge, grounds, sidewalk, alley, right-of-way, curb or other public improvement, or on any public building or structure of any kind belonging to the City, or in any public place or public improvement except as stated on subsection H of this section or a written consent by the City Commission. Any unlawful sign found within, upon or above such public property and easements shall be removed if so ordered by a court of competent jurisdiction as specified under Sections 15.32.090 through 15.32.110. The City is authorized to impound any signs found on any public property and transport or causes same to be transported to a location to be designated by the Building Official for storage. Records shall be maintained on where such signs were located, when they were so impounded, and the date on which they were so impounded and the City shall hold the same in a storage area for a period of not more than thirty (30) days. At the end of thirty (30) days, such signs will be disposed of as abandoned property. (Ord. 885 (part), 2001: prior code § 7-22)

(Ord. No. 1094, 4-18-2016)

#### **15.32.040 Design and construction.**

It shall be the responsibility of the Building Official to determine, prior to the issuance of any final approval, that any sign erected, constructed or structurally altered is of such construction and is so supported and erected as to be safe for the area in which it is placed. If the Building Official finds that any sign is being erected, constructed, supported or maintained in such a manner as to become dangerous to the public or the surrounding area, then the Building Official shall give written notice to the sign applicant, owner or contractor erecting, constructing, altering or maintaining such sign, and upon such notice the notified party shall immediately act to either make such sign safe or remove same. (Ord. 885 (part), 2001: prior code § 7-23)

(Ord. No. 1094, 4-18-2016)

#### **15.32.050 Requirement of plans.**

The following are the City requirements for a sign permit.

- A. Two (2) sets of plans and/or specifications shall be submitted with the application for each sign permit. One copy of the plans shall be returned to the applicant at the time the permit is granted. The plan shall indicate the size, height, material used, the method of attachment or support and location.

B. Plans for supporting any freestanding sign in excess of twenty-four (24) feet in height or having a sign face in excess of one hundred twenty-eight (128) square feet or billboard sign shall be accompanied by a structural computation and shall be certified by a New Mexico licensed architect or engineer. Sufficient data shall be submitted to show that supporting surfaces and other members of an existing building to which the sign is to be attached are in good condition and are adequately strong to support the sign loads. (Ord. 885 (part), 2001: prior code § 7-25)  
(Ord. No. 1094, 4-18-2016)

**15.32.060 Maintenance.**

All signs and sign support structures, together with all of their supports, braces, guys and anchors, shall be kept in repair and in proper state of preservation. (Ord. 885 (part), 2001: prior code § 7-25)  
(Ord. No. 1094, 4-18-2016)

**15.32.070 Exempted Signs and Portable Signs.**

The following signs shall not require a sign permit. These exemptions shall not be construed as relieving the sign permittee, owner of the sign and owner or lessee of the property upon which the sign and structure is located from the sole responsibility for its erection and maintenance, and its compliance with the provisions of this chapter or any other law or ordinance regulating same.

- A. Painting, repainting, maintenance or cleaning of an advertising structure thereon shall not be considered an erection or alteration;
- B. Temporary signs, including political, construction and real estate signs as defined;
- C. Temporary banner signs may be used; provided, however, that such use satisfies all other parts of this chapter applicable thereto and the requirements of all other ordinances. Banner signs shall not be installed for more than sixty (60) days. The owner/contractor shall not install, support, or anchor the banner to any City or utility owned poles, prior to obtaining a written consent from the City Manager or his or her designated representative.

Portable signs shall be permitted by the Building Official. Portable signs are intended to be displayed for a short period of time only. Portable signs shall not be installed for more than a sixty (60) day period at any one location. A single location

is allowed to contain a single portable sign for a sixty (60) day period; thereafter the location shall not contain a portable sign for a thirty (30) day period. A portable sign shall be located a minimum of five (5) feet from the property line or fifteen (15) feet from the street curb or pavement edge or as directed by the Engineering Department to minimize visibility hindrances. All portable signs containing electrical wiring shall be subject to the provisions of the National Electrical Code and all other applicable codes and the electrical components used shall bear the label of an approved testing agency. Sign design, material and construction shall comply with the provision of this Code. All portable signs shall be stabilized and anchored to the ground to restrict displacement by the wind or other accidental force. If the portable sign is used for a period of sixty (60) days or more than, it must be permitted as a permanent sign for the location and meet all provisions of this Code as such. (Ord. 885 (part), 2001: prior code § 7-26)  
(Ord. No. 1094, 4-18-2016)

#### **15.32.080 Abandoned signs.**

A sign is considered abandoned when the business, event or purpose the sign advertises no longer applies, no longer in business or when the face of the sign no longer contains advertising material and remains in such condition for a period of six (6) months and is constituting a hazard to life, safety and/or property. The Building Official shall issue a written notice to the sign or property owner, which notice shall state that such sign shall be removed or repaired within thirty (30) days. If the property owner fails to comply with such notice to the Building Official is authorized to cause removal of such sign as defined under Section 15.32.100. (Ord. 885 (part), 2001: prior code § 7-27)  
(Ord. No. 1094, 4-18-2016)

#### **15.32.090 Notice period.**

The notice period for removal of temporary signs and portable signs is forty-eight (48) hours. The notice period for removal of abandoned signs is thirty (30) days. Property owners will receive a written notice stating that their property does not meet the standards set forth in this chapter. A second notice may result in the issuance of a citation. If the sign permittee or owner of the premises upon which the sign is located has not demonstrated to the satisfaction of the Building Official that the sign has been removed or brought into compliance with the provisions of this chapter by the end of the notice period, the Building Official shall certify the violation

to the City Attorney for proper action. (Ord. 885 (part), 2001: prior code § 7-28) (Ord. No. 1094, 4-18-2016)

#### **15.32.100 Removal of signs.**

The Building Official is authorized to request removal of any illegal, nonconforming and abandoned sign as defined by this chapter.

Before requesting the removal of a sign, the Building Official shall give written notice to the sign owner or the owner of the premises on which such sign is located. The notice shall state the reasons and grounds for removal, specifying the deficiencies or defects in such sign with reasonable definiteness, and the violation charges. Such notice shall specify what repairs will make such an installation conform to the requirements of this chapter and specify that the sign must be removed or made to conform to the provisions of this chapter within the notice period provided herein. Service of notice may be made personally on the permittee and the property owner, or by certified mail addressed to the owner or permittee at the address specified in the permit or at such address as the owner or permittee may have given written notice or at the address shown on the property tax rolls. (Ord. 885 (part), 2001: prior code § 7-29) (Ord. No. 1094, 4-18-2016)

#### **15.32.110 Expense of removal.**

If the owner, occupant or agent fails to remove or repair the nonconforming sign as required by this code and the City is forced to remove or repair such structures. All the actual cost and expense, including court costs and attorney fees, of any such removal or repairs incurred by the City shall be borne by the owner, occupant, agent of such sign and the owner of the premises on which the sign is located, shall be liable therefore, and an action for recovery thereof may be brought by the City Attorney upon proper certification thereof to him or her by the Building Official. The City shall have a lien against the property upon which such sign or structure is located which may be perfected and foreclosed in the same manner as other municipal liens. (Ord. 885 (part), 2001: prior code § 7-30) (Ord. No. 1094, 4-18-2016)

#### **15.32.120 Nonconforming signs.**

A. Any existing sign or structure which violates or does not conform to the provisions of this chapter is considered nonconforming. Nonconforming signs and structures may continue in place as long as the following conditions are met:

1. No change in business name or use occurs;

2. The sign remains in good condition and does not constitute hazard to life and safety;
3. No major repair or alterations are made to the supporting structure of the sign.

B. Any nonconforming sign or sign structure that is in ruins, damaged and is danger to public safety and health shall be removed as stated in Section 8.24.010.

(Ord. 885 (part), 2001: prior code § 7-31)

(Ord. No. 1094, 4-18-2016)

#### **15.32.130 Sign illumination.**

The light from any light source intended to illuminate a sign shall be shaded, shielded, dimmed and directed whereby the light intensity and brightness shall not adversely affect surrounding and facing premises, or adversely affect safe vision of pedestrians and operators of vehicles moving on public and private streets, drive-ways and parking areas. There should be no direct glare onto adjoining properties or in the eyes of motorists and pedestrians. Electronic signs shall display a static message for no less than eight (8) seconds for all signs except message boards which shall display for no less than two (2) seconds. Electronic signs shall not utilize animation; neither shall the transition from one message to another be animated. Electronic features of monument and portable signs are permissible providing said sign is located fully within the setbacks as prescribed in the City of Hobbs Major Thoroughfare Plan. (Ord. 885 (part), 2001: prior code § 7-32)

**Chapter 15.36 FLOODPLAIN MANAGEMENT\*****Article 1. Statutory Authorization, Findings of Fact, Purpose and Methods****15.36.010 Statutory authorization.**

The Legislature of the State of New Mexico has in § 3-18-7 NMSA delegated the responsibility of local governmental units to adopt regulations designed to minimize flood losses. Therefore, the City of Hobbs, New Mexico, does ordain as follows:  
(Ord. No. 1006, Art. 1(A), 12-15-2008)

**15.36.020 Findings of fact.**

(1) The flood hazard areas of Hobbs are subject to periodic inundation, which results in loss of life and property, health and safety hazards, disruption of commerce and governmental services, and extraordinary public expenditures for flood protection and relief, all of which adversely affect the public health, safety and general welfare.

(2) These flood losses are created by the cumulative effect of obstructions in floodplains which cause an increase in flood heights and velocities, and by the occupancy of flood hazard areas by uses vulnerable to floods and hazardous to other lands because they are inadequately elevated, floodproofed or otherwise protected from flood damage.

(Ord. No. 1006, Art. 1(B), 12-15-2008)

---

**\*Editor's note**—Ord. No. 1006, Arts. 1—5, adopted December 15, 2008, amended Ch. 15.36, in its entirety, to read as herein set out. Prior to inclusion of said ordinance, Ch. 15.36 pertained to similar subject matter. See the Code Comparative Table and Disposition List for a detailed analysis of inclusion.

**15.36.030 Statement of purpose.**

It is the purpose of this chapter to promote the public health, safety and general welfare and to minimize public and private losses due to flood conditions in specific areas by provisions designed to:

- (1) Protect human life and health;

- (2) Minimize expenditure of public money for costly flood control projects;
  - (3) Minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;
  - (4) Minimize prolonged business interruptions;
  - (5) Minimize damage to public facilities and utilities such as water and gas mains, electric, telephone, cable and sewer lines, streets and bridges located in floodplains;
  - (6) Help maintain a stable tax base by providing for the sound use and development of flood-prone areas in such a manner as to minimize future flood blight areas; and
  - (7) Insure that potential buyers are notified that property is in a flood area.
- (Ord. No. 1006, Art. 1(C), 12-15-2008)

#### **15.36.040 Methods of reducing flood losses.**

In order to accomplish its purposes, this chapter uses the following methods:

- (1) Restrict or prohibit uses that are dangerous to health, safety or property in times of flood, or cause excessive increases in flood heights or velocities;
  - (2) Require that uses vulnerable to floods, including facilities which serve such uses, be protected against flood damage at the time of initial construction;
  - (3) Control the alteration of natural floodplains, stream channels, and natural protective barriers, which are involved in the accommodation of flood waters;
  - (4) Control filling, grading, dredging and other development which may increase flood damage;
  - (5) Prevent or regulate the construction of flood barriers which will unnaturally divert flood waters or which may increase flood hazards to other lands.
- (Ord. No. 1006, Art. 1(D), 12-15-2008)

### Article 2. Definitions

*Base flood* - means the flood having a one (1) percent chance of being equaled or exceeded in any given year.

*Base flood elevation (BFE)* - The elevation shown on the Flood Insurance Rate Map (FIRM) and found in the accompanying Flood Insurance Study (FIS) for Zones A, AE, AH, A1—A30, AR, V1—V30, or VE that indicates the water surface elevation resulting from the flood that has a one (1) percent chance of equaling or exceeding that level in any given year - also called the Base Flood.

*Basement* - means any area of the building having its floor subgrade (below ground level) on all sides.

*Critical feature* - means an integral and readily identifiable part of a flood protection system, without which the flood protection provided by the entire system would be compromised.

*Development* - means any manmade change to improved and unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations or storage of equipment or materials.

*Expansion to an existing manufactured home park or subdivision* - means the preparation of additional sites by the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads).

*Flood or flooding* - means a general and temporary condition of partial or complete inundation of normally dry land areas from:

- (1) The overflow of inland or tidal waters.
- (2) The unusual and rapid accumulation or runoff of surface waters from any source.

*Flood elevation study* - means an examination, evaluation and determination of flood hazards and, if appropriate, corresponding water surface elevations, or an examination, evaluation and determination of mudslide (i.e., mudflow) and/or flood-related erosion hazards.

*Floodplain or flood-prone area* - means any land area susceptible to being inundated by water from any source (see definition of flooding).

*Floodplain management* - means the operation of an overall program of corrective and preventive measures for reducing flood damage, including but not limited to emergency preparedness plans, flood control works and floodplain management regulations.

*Floodplain management regulations* - means zoning ordinances, subdivision regulations, building codes, health regulations, special purpose ordinances (such as a floodplain ordinance, grading ordinance and erosion control ordinance) and other applications of police power. The term describes such state or local regulations, in any combination thereof, which provide standards for the purpose of flood damage prevention and reduction.

*Flood protection system* - means those physical structural works for which funds have been authorized, appropriated, and expended and which have been constructed specifically to modify flooding in order to reduce the extent of the area within a community subject to a "special flood hazard" and the extent of the depths of associated flooding. Such a system typically includes hurricane tidal barriers, dams, reservoirs, levees or dikes. These specialized flood modifying works are those constructed in conformance with sound engineering standards.

*Flood proofing* - means any combination of structural and non-structural additions, changes, or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.

*Floodway* - see "Regulatory Floodway."

*Functionally dependent use* - means a use, which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term

includes only docking facilities, port facilities that are necessary for the loading and unloading of cargo or passengers, and ship building and ship repair facilities, but does not include long-term storage or related manufacturing facilities.

*Highest adjacent grade* - means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

- (3) Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of the Interior; or
- (4) Individually listed on a local inventory or historic places in communities with historic preservation programs that have been certified either:
  - (a) By an approved state program as determined by the Secretary of the Interior or;
  - (b) Directly by the Secretary of the Interior in states without approved programs.

*Levee* - means a manmade structure, usually an earthen embankment, designed and constructed in accordance with sound engineering practices to contain, control, or divert the flow of water so as to provide protection from temporary flooding.

*Levee system* - means a flood protection system which consists of a levee, or levees, and associated structures, such as closure and drainage devices, which are constructed and operated in accordance with sound engineering practices.

*Lowest floor* - means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking or vehicles, building access or storage in an area other than a basement area is not

considered a building's lowest floor; provided that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirement of Section 60.3 of the National Flood Insurance Program regulations.

*Manufactured home* - means a structure transportable in one (1) or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. The term "manufactured home" does not include a "recreational vehicle".

*Manufactured home park or subdivision* - means a parcel (or contiguous parcels) of land divided into two (2) or more manufactured home lots for rent or sale.

*New construction* - means, for the purpose of determining insurance rates, structures for which the "start of construction" commenced on or after the effective date of an initial FIRM or after December 31, 1974, whichever is later, and includes any subsequent improvements to such structures. For floodplain management purposes, "new construction" means structures for which the "start of construction" commenced on or after the effective date of a floodplain management regulation adopted by a community and includes any subsequent improvements to such structures.

*New manufactured home park or subdivision* - means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of floodplain management regulations adopted by a community.

*Recreational vehicle* - means a vehicle which is (i) built on a single chassis; (ii) four hundred (400) square feet or less when measured at the largest horizontal projections; (iii) designed to be self-propelled or permanently towable by a light duty truck; and (iv) designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

*Regulatory floodway* - means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than a designated height.

*Riverine* - means relating to, formed by, or resembling a river (including tributaries), stream, brook, etc.

*Special flood hazard area* - see "Area of Special Flood Hazard."

*Start of construction* - (for other than new construction or substantial improvements under the Coastal Barrier Resources Act (Pub. L. 97-348)), includes substantial improvement and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition placement, or other improvement was within one hundred eighty (180) days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for basement, footings, piers or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure. For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

*Structure* - means, for floodplain management purposes, a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a manufactured home.

*Substantial damage* - means damage of any origin sustained by a structure whereby the cost of restoring the structure to its before damaged condition would equal or exceed fifty (50) percent of the market value of the structure before the damage occurred.

*Substantial improvement* - means any reconstruction, rehabilitation, addition, or other improvement of a structure, the cost of which equals or exceeds fifty (50) percent of the market value of the structure before "start of construction" of the improvement. This term includes structures which have incurred "substantial damage", regardless of the actual repair work performed. The term does not, however, include either: (1) Any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum

necessary to assure safe living conditions or (2) Any alteration of a "historic structure", provided that the alteration will not preclude the structure's continued designation as a "historic structure."

*Violation* - means the failure of a structure or other development to be fully compliant with the community's floodplain management regulations. A structure or other development without the elevation certificate, other certifications, or other evidence of compliance required in Section 60.3(b)(5), (c)(4), (c)(10), (d)(3), (e)(2), (e)(4), or (e)(5) is presumed to be in violation until such time as that documentation is provided.

*Water surface elevation* - means the height, in relation to the North American Vertical Datum ( NAVD) of 1988 (or other datum, where specified), of floods of various magnitudes and frequencies in the floodplains of coastal or riverine areas (Ord. No. 1006, Art. 2, 12-15-2008)

In the interpretation and application of this chapter, all provisions shall be; (1) considered as minimum requirements; (2) liberally construed in favor of the governing body; and (3) deemed neither to limit nor repeal any other powers granted under State statutes.

(Ord. No. 1006, Art. 3(F), 12-15-2008)

**15.36.120 Warning and disclaimer or liability.**

The degree of flood protection required by this chapter is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. On rare occasions greater floods can and will occur and flood heights may be increased by manmade or natural causes. This chapter does not imply that land outside the areas of special flood hazards or uses permitted within such areas will be free from flooding or flood damages. This chapter shall not create liability on the part of the community or any official or employee thereof for any flood damages that result from reliance on this chapter or any administrative decision lawfully made hereunder.

(Ord. No. 1006, Art. 3(G), 12-15-2008)

**Article 4. Administration****15.36.130 Designation of the Floodplain Administrator.**

The City Manager or his or her designated representative, is hereby appointed the Floodplain Administrator to administer and implement the provisions of this

chapter and other appropriate sections of 44 CFR (Emergency Management and Assistance - National Flood Insurance Program Regulations) pertaining to floodplain management.

(Ord. No. 1006, Art. 4(A), 12-15-2008)

**15.36.140 Duties and responsibilities of the Floodplain Administrator.**

Duties and responsibilities of the Floodplain Administrator shall include, but not be limited to, the following:

- (1) Maintain and hold open for public inspection all records pertaining to the provisions of this chapter.
- (2) Review permit application to determine whether to ensure that the proposed building site project, including the placement of manufactured homes, will be reasonably safe from flooding.
- (3) Review, approve or deny all applications for development permits required by adoption of this chapter.
- (4) Review permits for proposed development to assure that all necessary permits have been obtained from those Federal, State or local governmental agencies (including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334) from which prior approval is required.
- (5) Where interpretation is needed as to the exact location of the boundaries of the areas of special flood hazards (for example, where there appears to be a conflict between a mapped boundary and actual field conditions) the Floodplain Administrator shall make the necessary interpretation.
- (6) Notify, in riverine situations, adjacent communities and the State Coordinating Agency which is the Department of Homeland Security & Emergency Management, prior to any alteration or relocation of a watercourse, and submit evidence of such notification to the Federal Emergency Management Agency.
- (7) Assure that the flood carrying capacity within the altered or relocated portion of any watercourse is maintained.
- (8) When base flood elevation data has not been provided in accordance with Section 15.36.080, the Floodplain Administrator shall obtain, review and reasonably utilize any base flood elevation data and floodway data available from a Federal, State or other source, in order to administer the provisions of Article 5.

- (9) When a regulatory floodway has not been designated, the Floodplain Administrator must require that no new construction, substantial improvements, or other development (including fill) shall be permitted within Zones A1—30 and AE on the community's FIRM, unless it is demonstrated that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood more than one (1) foot at any point within the community.
  - (10) Under the provisions of 44 CFR Chapter 1, Section 65.12, of the National Flood Insurance Program regulations, a community may approve certain development in Zones A1—30, AE, AH, on the community's FIRM which increases the water surface elevation of the base flood by more than one (1) foot, provided that the community first completes all of the provisions required by Section 65.12.
- (Ord. No. 1006, Art. 4(B), 12-15-2008)

**15.36.150 Permit procedures.**

(1) Application for a floodplain development permit shall be presented to the Floodplain Administrator on forms furnished by him/her and may include, but not be limited to, plans in duplicate drawn to scale showing the location, dimensions, and elevation of proposed landscape alterations, existing and proposed structures, including the placement of manufactured homes, and the location of the foregoing in relation to areas of special flood hazard. Additionally, the following information is required:

- (a) Elevation (in relation to mean sea level), of the lowest floor (including basement) of all new and substantially improved structures;
- (b) Elevation in relation to mean sea level to which any nonresidential structure shall be floodproofed;
- (c) A certificate from a registered professional engineer or architect that the nonresidential floodproofed structure shall meet the floodproofing criteria of Section 15.36.180(B)(2);
- (d) Description of the extent to which any watercourse or natural drainage will be altered or relocated as a result of proposed development;
- (e) Maintain a record of all such information in accordance with Section 15.36.140(B)(1);

(2) Approval or denial of a floodplain development permit by the Floodplain Administrator shall be based on all of the provisions of this chapter and the following relevant factors:

- (a) The danger to life and property due to flooding or erosion damage;
- (b) The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner;
- (c) The danger that materials may be swept onto other lands to the injury of others;
- (d) The compatibility of the proposed use with existing and anticipated development;
- (e) The safety of access to the property in times of flood for ordinary and emergency vehicles;
- (f) The costs of providing governmental services during and after flood conditions including maintenance and repair of streets and bridges, and public utilities and facilities such as sewer, gas, electrical and water systems;
- (g) The expected heights, velocity, duration, rate of rise and sediment transport of the floodwaters and the effects of wave action, if applicable, expected at the site;
- (h) The necessity to the facility of a waterfront location, where applicable;
- (i) The availability of alternative locations, not subject to flooding or erosion damage, for the proposed use.

(Ord. No. 1006, Art. 4(C), 12-15-2008)

#### **15.36.160 Variance procedures.**

(1) The Appeal Board, as established by the community, shall hear and render judgment on requests for variances from the requirements of this chapter.

(2) The Appeal Board shall hear and render judgment on an appeal only when it is alleged there is an error in any requirement, decision, or determination made by the Floodplain Administrator in the enforcement or administration of this chapter.

(3) Any person or persons aggrieved by the decision of the Appeal Board may appeal such decision in the courts of competent jurisdiction.

(4) The Floodplain Administrator shall maintain a record of all actions involving an appeal and shall report variances to the Federal Emergency Management Agency upon request.

(5) Variances may be issued for the reconstruction, rehabilitation or restoration of structures listed on the National Register of Historic Places or the State Inventory of Historic Places, without regard to the procedures set forth in the remainder of this chapter.

(6) Variances may be issued for new construction and substantial improvements to be erected on a lot of one-half ( $\frac{1}{2}$ ) acre or less in size contiguous to and surrounded by lots with existing structures constructed below the base flood level, providing the relevant factors in Section 15.36.190(2) of this Article have been fully considered. As the lot size increases beyond the one-half ( $\frac{1}{2}$ ) acre, the technical justification required for issuing the variance increases.

(7) Upon consideration of the factors noted above and the intent of this chapter, the Appeal Board may attach such conditions to the granting of variances as it deems necessary to further the purpose and objectives of this chapter (Section 15.36.030).

(8) Variances shall not be issued within any designated floodway if any increase in flood levels during the base flood discharge would result.

(9) Variances may be issued for the repair or rehabilitation of historic structures upon a determination that the proposed repair or rehabilitation will not preclude the structure's continued designation as a historic structure and the variance is the minimum necessary to preserve the historic character and design of the structure.

(10) Prerequisites for granting variances:

(a) Variances shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.

(b) Variances shall only be issued upon: (i) showing a good and sufficient cause; (ii) a determination that failure to grant the variance would result in exceptional hardship to the applicant, and (iii) a determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.

- (c) Any application to which a variance is granted shall be given written notice that the structure will be permitted to be built with the lowest floor elevation below the base flood elevation, and that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced lowest floor elevation.

(11) Variances may be issued by a community for new construction and substantial improvements and for other development necessary for the conduct of a functionally dependent use provided that (i) the criteria outlined in Section 15.36.160(1)—(9) are met, and (ii) the structure or other development is protected by methods that minimize flood damages during the base flood and create no additional threats to public safety.

(Ord. No. 1006, Art. 4(D), 12-15-2008)

#### Article 5. Provisions for Flood Hazard Reduction

#### **15.36.170 General standards.**

In all areas of special flood hazards the following provisions are required for all new construction and substantial improvements:

- (1) All new construction or substantial improvements shall be designed (or modified) and adequately anchored to prevent flotation, collapse or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy;
- (2) All new construction or substantial improvements shall be constructed by methods and practices that minimize flood damage;
- (3) All new construction or substantial improvements shall be constructed with materials resistant to flood damage;
- (4) All new construction or substantial improvements shall be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding;
- (5) All new and replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the system;

- (6) New and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of flood waters into the system and discharge from the systems into flood waters; and,
  - (7) On-site waste disposal systems shall be located to avoid impairment to them or contamination from them during flooding.
- (Ord. No. 1006, Art. 5(A), 12-15-2008)

**15.36.180 Specific standards.**

In all areas of special flood hazards where base flood elevation data has been provided as set forth in (i) Section 15.36.070, (ii) Section 15.36.140(8), or (iii) Section 15.36.190(3), the following provisions are required:

- (1) *Residential Construction* - new construction and substantial improvement of any residential structure shall have the lowest floor (including basement), elevated to or above the base flood elevation. A registered professional engineer, architect, or land surveyor shall submit a certification to the Floodplain Administrator that the standard of this subsection as proposed in Section 15.36.150(1)a., is satisfied.
- (2) *Nonresidential Construction* - new construction and substantial improvements of any commercial, industrial or other nonresidential structure shall either have the lowest floor (including basement) elevated to or above the base flood level or together with attendant utility and sanitary facilities, be designed so that below the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. A registered professional engineer or architect shall develop and/or review structural design, specifications, and plans for the construction, and shall certify that the design and methods of construction are in accordance with accepted standards of practice as outlined in this subsection. A record of such certification which includes the specific elevation (in relation to mean sea level) to which such structures are floodproofed shall be maintained by the Floodplain Administrator.
- (3) *Enclosures* - new construction and substantial improvements, with fully enclosed areas below the lowest floor that are usable solely for parking of vehicles, building access or storage in an area other than a basement and which are subject to flooding shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of

floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or meet or exceed the following minimum criteria:

- (a) A minimum of two (2) openings on separate walls having a total net area of not less than one (1) square inch for every square foot of enclosed area subject to flooding shall be provided.
  - (b) The bottom of all openings shall be no higher than one (1) foot above grade.
  - (c) Openings may be equipped with screens, louvers, valves, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters.
- (4) *Manufactured Homes -*
- (a) Require that all manufactured homes to be placed within Zone A on a community's FHBM or FIRM shall be installed using methods and practices which minimize flood damage. For the purposes of this requirement, manufactured homes must be elevated and anchored to resist flotation, collapse, or lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. This requirement is in addition to applicable State and local anchoring requirements for resisting wind forces.
  - (b) Require that manufactured homes that are placed or substantially improved within Zones A1—30, AH, and AE on the community's FIRM on sites (i) outside of a manufactured home park or subdivision, (ii) in a new manufactured home park or subdivision, (iii) in an expansion to an existing manufactured home park or subdivision, or (iv) in an existing manufactured home park or subdivision on which a manufactured home has incurred "substantial damage" as a result of a flood, be elevated on a permanent foundation such that the lowest floor of the manufactured home is elevated to or above the base flood elevation and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.
  - (c) Require that manufactured homes be placed or substantially improved on sites in an existing manufactured home park or subdivision with Zones A1—30, AH and AE on the community's FIRM that are not subject to the provisions of paragraph (4) of this section be elevated so that either:
    - (i) The lowest floor of the manufactured home is at or above the base flood elevation, or

- (ii) The manufactured home chassis is supported by reinforced piers or other foundation elements of at least equivalent strength that are no less than thirty-six (36) inches in height above grade and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.
  - (5) *Recreational Vehicles* - Require that recreational vehicles placed on sites within Zones A1—30, AH, and AE on the community's FIRM either (i) be on the site for fewer than one hundred eighty (180) consecutive days, or (ii) be fully licensed and ready for highway use, or (iii) meet the permit requirements of Section 15.36.150(1), and the elevation and anchoring requirements for "manufactured homes" in paragraph (4) of this section. A recreational vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by quick disconnect type utilities and security devices, and has no permanently attached additions.
- (Ord. No. 1006, Art. 5(B), 12-15-2008)

**15.36.190 Standards for subdivision proposals.**

- (1) All subdivision proposals including the placement of manufactured home parks and subdivisions shall be consistent with Sections 15.36.020, 15.36.030, and 15.36.040 of this chapter.
  - (2) All proposals for the development of subdivisions including the placement of manufactured home parks and subdivisions shall meet Floodplain Development Permit requirements of Section 15.36.080; Section 15.36.150; and the provisions of Article 5 of this chapter.
  - (3) Base flood elevation data shall be generated for subdivision proposals and other proposed development including the placement of manufactured home parks and subdivisions which is greater than fifty (50) lots or five (5) acres, whichever is lesser, if not otherwise provided pursuant to Section 15.36.070 or Section 15.36.180(8) of this chapter.
  - (4) All subdivision proposals including the placement of manufactured home parks and subdivisions shall have adequate drainage provided to reduce exposure to flood hazards.
  - (5) All subdivision proposals including the placement of manufactured home parks and subdivisions shall have public utilities and facilities such as sewer, gas, electrical and water systems located and constructed to minimize or eliminate flood damage.
- (Ord. No. 1006, Art. 5(C), 12-15-2008)

**15.36.200 Standards for areas of shallow flooding (AO/AH Zones).**

Located within the areas of special flood hazard established in Section 15.36.070 are areas designated as shallow flooding. These areas have special flood hazards associated with flood depths of one (1) to three (3) feet where a clearly defined channel does not exist, where the path of flooding is unpredictable, and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow; therefore, the following provisions apply:

- (1) All new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated to or above the base flood elevation or the highest adjacent grade at least as high as the depth number specified in feet on the community's FIRM (at least two (2) feet if no depth number is specified).
  - (2) All new construction and substantial improvements of non-residential structures;
    - (a) Have the lowest floor (including basement) elevated to or above the base flood elevation or the highest adjacent grade at least as high as the depth number specified in feet on the community's FIRM (at least two (2) feet if no depth number is specified), or
    - (b) Together with attendant utility and sanitary facilities be designed so that below the base specified flood depth in an AO Zone, or below the Base Flood Elevation in an AH Zone, level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads of effects of buoyancy.
    - (c) Shall provide a drainage site plan submitted by a registered professional engineer which will reduce the amount of peak flow storm water runoff. In areas where curb and gutter does not exist on the fronting and side road, curb and gutter shall be installed with the new construction
  - (3) A registered professional engineer or architect shall submit a certification to the Floodplain Administrator that the standards of this section, as proposed in Section 15.36.150 are satisfied.
  - (4) Require within Zones AH or AO adequate drainage paths around structures on slopes, to guide flood waters around and away from proposed structures.
- (Ord. No. 1006, Art. 5(D), 12-15-2008)

**15.36.210 Floodways.**

Floodways - located within areas of special flood hazard established in Section 15.36.070, are areas designated as floodways. Since the floodway is an extremely hazardous area due to the velocity of flood waters which carry debris, potential projectiles and erosion potential, the following provisions shall apply:

- (1) Encroachments are prohibited, including fill, new construction, substantial improvements and other development within the adopted regulatory floodway unless it has been demonstrated through hydrologic and hydraulic analyses performed in accordance with standard engineering practice that the proposed encroachment would not result in any increase in flood levels within the community during the occurrence of the base flood discharge.
- (2) If 15.36.210(1) above is satisfied, all new construction and substantial improvements shall comply with all applicable flood hazard reduction provisions of Article 5.
- (3) Under the provisions of 44 CFR Chapter 1, Section 65.12, of the National Flood Insurance Program Regulation, a community may permit encroachments within the adopted regulatory floodway that would result in an increase in base flood elevations, provided that the community first completes all of the provisions required by Section 65.12.

(Ord. No. 1006, Art. 5(E), 12-15-2008)

**15.36.220 Severability.**

If any section, clause, sentence, or phrase of this chapter is held to be invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this chapter.

(Ord. No. 1006, Art. 5(F), 12-15-2008)

**15.36.230 Penalties for non compliance.**

No structure or land shall hereafter be constructed, located, extended, converted, or altered without full compliance with the Floodplain Management Ordinance. Violation of this chapter by failure to comply with any of its requirements (including violations of conditions and safeguards established in connection with conditions) shall constitute a misdemeanor. Any person who violates this chapter shall upon conviction thereof be fined not more than five hundred dollars (\$500.00) or imprisoned for not more than ninety (90) days, or both, for each violation, and in addition

shall pay all costs and expenses involved in the case. Nothing herein contained shall prevent the City from taking such other lawful action as is necessary to prevent or remedy any violation.

(Ord. No. 1006, Art. 5(G), 12-15-2008)

## **Chapter 15.40 LANDSCAPING\***

### **15.40.010 Purpose and intent.**

The City of Hobbs ("City") wishes to promote and preserve visually attractive and pleasing surroundings, reduce erosion and runoff, and improve the quality of the environment including major thoroughfares, City rights-of-way and commercial frontage. The City desires to have development with an attractive and high quality appearance. Finally, the City desires to maintain consistent landscaping guidelines for newly constructed private and public commercial properties. Therefore, landscaping shall be provided and maintained as set forth in this chapter. The style of landscape is not described; however, indigenous or drought tolerant plants are recommended but not required. (Ord. 950 (part), 2006)

### **15.40.020 Definitions.**

As used in this chapter the following terms are defined as follows:

"Landscape plan" means a scaled landscape plan indicating the type and location of irrigation system and location of landscaping or improvements as defined in the landscaping definition.

"Landscaping" means to improve the aesthetic appearance of private property and/or public right-of-way with a combination of at least two (2) of the following: turf, ornamental shrubs, trees, ornamental landscape rock, bark, creative concrete designs, and brick pavers, but at least one (1) of the materials shall be living. (All living materials used shall be of such size and quality as to enhance the landscaped area, i.e., two- to three-inch tree trunk diameter and five-gallon ornamental shrubs.) Landscaping required by this chapter shall be determined as follows:

1. From the total square footage of the site there shall be deducted the total square footage of the building pad, fenced-in retail and/or storage areas, permanent canopies, and other improvements reasonably considered to be

---

**\*Note**—Prior ordinance history: Ord. 914.

part of the building and cover area for the primary activities carried on at the commercial site. This resulting number shall be described as the "parking lot."

2. An amount of land equal to ten (10) percent of the parking lot is the amount of land required to be landscaped, except for automobile, trailer, and mobile home sales lots, for which the required percentage of land is only five (5) percent. Landscaping can be placed on private property or, with the approval of the City Manager or his or her designee, can be placed in the public right-of-way, or both.
3. At least seventy-five (75) percent of the total area required to be landscaped shall be located within the front perimeters of the site adjacent to an adjacent street or to adjacent streets for corner sites. The required landscaping need not be continuous along the entire front perimeters but can be situated in noncontiguous locations allowing driveways, signs, and other uses of portions of the front perimeters.
4. For new parking lots with more than one hundred (100) spaces, it is strongly recommended but not required that trees be planted every twenty (20) spaces to allow for shade and visual relief.
5. Landscaping must not obstruct visibility for traffic flow or traffic devices.

"New construction" means all nonresidential buildings which are built, erected or otherwise placed upon a commercial site after the effective date of the ordinance codified in this chapter and shall include modular and manufactured buildings and trailers placed upon a commercial site. Remodels and additions to existing commercial buildings are not considered new construction.

"Site" is defined as the lot or lots included within the application for which the new construction building permit is sought and upon which the landscape requirements of this chapter are imposed as minimum acceptable standards.

"Variances" shall be requested in writing to the City Manager and approved by the City Commission. (Ord. 950 (part), 2006)

#### **15.40.030 Irrigation systems and watering.**

All landscaped areas on the site shall have immediate availability of water via an automated underground irrigation system meeting industry standards. (Ord. 950 (part), 2006)

**15.40.040 Landscape plan review.**

A landscape plan shall be submitted in conjunction with the construction plans to the Building Inspector. The plan shall be a scaled, detailed drawing comprehensive in nature, detailing the specific locations of irrigation and plant material. All other materials used shall be identified by type and location of placement and usage. The Building Inspector shall grant approval or require revision of the landscape plan within thirty (30) days from the date of submission of the landscape plan. (Ord. 950 (part), 2006)

**15.40.050 Maintenance.**

The owner of the landscaped property shall be responsible to maintain, trim, and prune the landscaping on that owner's property as well as the landscaping that owner places in the public right-of-way. Dead plant material shall be replaced with new material in as brief a time as practicable as dictated by seasonal conditions. The Parks Division may be consulted as a resource for appropriate materials. Landscaped areas, as well as the remainder of the entire property, shall be kept weed and litter free. All plant growth shall be trimmed to allow for maintenance of public utilities and unobstructed vision of traffic and traffic devices. (Ord. 950 (part), 2006)

**15.40.060 Enforcement—Penalties.**

The owner shall have sixty (60) days from date of issuance of final certificate of occupancy to complete landscaping. A fine of not more than two hundred dollars (\$200.00) per day may be imposed for violations of this chapter. (Ord. 950 (part), 2006)

**15.40.070 Variances—Extensions.**

The owner may submit to the City Manager a written request for a variance. A variance for good cause shown may be granted in writing by the City Commission, in which event a certificate of variance shall be issued and filed with the Building Inspector as a permanent record. A variance shall be automatically revoked in the event a building permit for the project containing the approved variance has not been obtained within one (1) year or construction has not been completed within one (1) year after the building permit has been issued. The City Manager or his or her designee may grant an extension not to exceed one (1) year in duration as deemed appropriate, upon written application made prior to expiration of the specified period. (Ord. 950 (part), 2006)

## Title 16

**SUBDIVISIONS****Chapter 16.04 GENERAL PROVISIONS AND ADMINISTRATION****16.04.010 Definitions.**

For the purposes of this title, the following words and phrases shall have the meanings respectively ascribed to them by this section:

A. Streets and Alleys. The term "street" means a way for vehicular traffic, whether designated as a street, highway, thoroughfare, parkway, road, avenue, boulevard, lane, place or otherwise.

1. "Major and minor arterial streets and highways" are those which are used primarily for large volumes of traffic. For development purposes, arterial streets are generally located along section lines.
2. "Major collector streets" are those which carry moderately high volumes of traffic and, for development purposes, are generally located along half section lines.
3. "Minor collector streets" are those which carry moderate volumes of traffic from major collectors or arterials. For development purposes, these streets are generally located halfway between collector or arterial streets.
4. "Minor residential streets" are those which are used primarily for access to abutting properties. This category carries low traffic volumes and includes residential or industrial streets.
5. "Marginal access streets" are minor streets which are parallel to and adjacent to arterial streets and highways and which provide access to abutting properties and protection from through traffic.
6. "Cul-de-sac" is a local street with only one (1) outlet and having an appropriate vehicle turnaround terminal for the safe and convenient reversal of traffic flows.
7. "Alleys" are minor ways which are used primarily for vehicular service access to the back or the side of properties otherwise abutting on a street
8. Pavement widths shall be as prescribed within the City of Hobbs Major Thoroughfare Plan.

B. "Subdivide" or "subdivision" for the purpose of approval by a Municipal Planning Authority means:

1. For the area of land within the corporate boundaries of the municipality, or within the extraterritorial planning and platting jurisdiction, the division of land into two (2) or more parts by platting or by metes and bounds description into tracts for the purposes set forth in subsection C of this section. Those subdivisions within the extraterritorial jurisdiction creating tracts of five (5) acres or larger, regardless of the number of tracts created shall be reviewed under the Alternate Summary Procedure of this Code.

C. The division of land pursuant to subsection (B)1 of this section shall be for the purpose of:

1. Sale;
2. Laying out a municipality or any part thereof;
3. Adding to a municipality;
4. Laying out of lots; or

2. Resubdivisions, where the combination or recombination of portions of previously platted lots does not increase the total number of lots.

B. The land shall abut on a public street or streets of adequate width and is so situated that no additional streets, alleys, easements for utilities or other public property are required; or if required to conform to other public streets, alleys or other public ways and such additional property is shown on the plat as "Herein Dedicated", or if within the extraterritorial jurisdiction those public ways required being conveyed as a surface and sub-surface easement.

(Ord. No. 1104, 6-19-2017)

**16.12.020 Submittal requirements.**

The summary plat for both residential and nonresidential developments shall be in conformance with the final plat requirements for standard subdivisions. A certification of approval shall be on the plat for the signature of the City Manager's designated representative, to be attested by the City Clerk.

- A. For residential subdivisions, the summary plat shall be accompanied by support plans and documentation showing compliance with construction improvement requirements for a standard subdivision, as necessary.

pursuant to minimum standards as specified by the City Engineer. If the permit location does not abut a paved dedicated street or is both unpaved and not dedicated, the permit applicant must cause the street to be dedicated and paved prior to the building permit being issued, unless adequate financial security has been approved by the Planning Board and City Commission.

D. If the permit location's nearest property line is two hundred (200) feet or more from the nearest paving, it shall be exempt from the paving requirement, providing a future assessment agreement is executed by the owner of record. ## **Chapter 16.16 DESIGN STANDARDS AND IMPROVEMENTS**

### **16.16.010 Streets.**

A. Arrangement and Character Generally. The arrangement, character, extent, width, grade and location of all streets shall conform to the current City of Hobbs Major Thoroughfare Plan Map, master plan or part thereof, and shall be considered in their relation to existing and planned streets, to topographical conditions and to public convenience and safety, and in their appropriate relation to the proposed uses of the land to be served by such streets.

B. Arrangement Where Same Not Shown in City of Hobbs Major Thoroughfare Plan Map. Where such is not shown in the current City of Hobbs Major Thoroughfare Plan Map or part thereof, the arrangement of streets in a subdivision shall either:

1. Provide for the continuation of appropriate projection of existing streets in surrounding areas; or
2. Conform to a plan for the neighborhood approved or adopted by the Planning Board to meet a particular situation, where topographical or other conditions make continuance or conformance to existing streets impracticable.

C. Minor Residential Streets. Minor streets shall be so laid out that their use by through traffic will be discouraged.

D. Special Treatment for Subdivisions Containing Major or Minor Collector Streets. Where a subdivision abuts or contains an existing or proposed arterial street, the Planning Board may require marginal access streets, reverse frontage with screen planting or walls contained in a non-access reservation along the rear

property line, deep lots with rear service alleys or such other treatment as may be necessary for adequate protection of residential properties and to afford separation of through and local traffic.

E. Subdivisions Bordering on or Containing Railroad or Limited Access Highway Rights-of-Way. Where a subdivision borders on or contains a railroad right-of-way or limited access highway right-of-way, the Planning Board may require a street approximately parallel to and on each side of such right-of-way, at a distance suitable for the appropriate use of the intervening land, as for park purposes in residential districts or for commercial or industrial purposes in appropriate districts. Such distance shall be determined with due regard for the requirements of approach grades and future grade separations.

F. Reserve Strips. Reserve strips controlling access to streets shall be prohibited, except where their control is definitely placed in the City under conditions approved by the Planning Board.

G. Street Jogs. Street jogs with centerline offsets of less than one hundred twenty-five (125) feet shall be avoided.

H. Tangents. A tangent at least one hundred (100) feet long shall be introduced between reverse curves on arterial and collector streets.

I. Curves Connecting Street Lines. When connecting street lines deflect from each other at any one (1) point by more than ten (10) degrees, they shall be connected by a curve, with a radius adequate to insure a sight distance of not less than two hundred (200) feet for minor residential and collector streets and of such greater radius as the Planning Board shall determine for special cases.

J. Angle of Intersection. Streets shall be laid out as to intersect as nearly as possible at right angles, and no street shall intersect any other street at less than sixty (60) degrees.

K. Right-of-Way Widths. Street right-of-way widths shall be as shown in the City of Hobbs Major Thoroughfare Plan.

L. Half Streets. Half streets shall be prohibited, except where essential to the reasonable development of the subdivision in conformity with the other requirements of this title. Where the Planning Board finds it will be feasible to require the dedication of the other half when the adjoining property is subdivided wherever a half street is adjacent to a tract to be subdivided, the other half of the street shall be platted within such tract.

M. Dead-End Streets. Dead-end streets, designed to be so permanently, shall not be longer than five hundred (500) feet and shall be provided at the closed end with a turnaround having an outside roadway diameter of at least eighty (80) feet and a street property line diameter of at least one hundred (100) feet.

N. Street Grades. No street grade shall be less than 0.1 percent.  
(Ord. No. 1104, 6-19-2017)

#### **16.16.020 Alleys.**

A. Required—Exceptions. Alleys shall be provided in all areas; except, that the Planning Board may waive this requirement in residential or commercial areas where other definite and assured provision is made for service access, such as off-street loading, unloading and parking consistent with an adequate provision for the uses proposed.

B. Width. The width of an alley shall not be less than twenty (20) feet.

C. Alley Intersections. Alley intersections and sharp changes in alignment shall be avoided, but where necessary, the corner shall be cut off sufficiently to permit safe vehicular movement.

D. Dead-End Alleys shall be avoided where possible but, if unavoidable, shall be provided with adequate turning around facilities at the dead end, as determined by the Planning Board.

E. If secondary continual vehicular access to the rear of residential lots is desired by a developer, the secondary access to the lots must be created by a dedicated public rear access alley with a right-of-way width of no less than twenty-four (24) feet and paving width of no less than twenty (20) feet. A private drive is not acceptable to serve as a rear alley to provide secondary continual vehicular access to residential lots unless a homeowner or similar association or organization has been created to permanently own and maintain the private rear access alley. Such an association must be legally created prior to approval of the final plat containing any private alleys in residential subdivisions.

(Ord. No. 1104, 6-19-2017)

#### **16.16.030 Easements.**

A. Generally. Easements across lots or centered on rear or side lot lines shall be provided for utilities where necessary and shall be at least ten (10) feet wide.

B. Stormwater Easements or Drainage Rights-of-Way. Where a subdivision is traversed by a watercourse, drainageway, channel or stream, there shall be provided a stormwater easement or drainage right-of-way conforming substantially with the alignment of such watercourse, or such construction as will be adequate for the purposes, and as approved by the Planning Board.

(Ord. No. 1104, 6-19-2017)

#### **16.16.040 Blocks.**

A. The lengths, widths and shapes of blocks shall be determined with regard to:

1. Provision of adequate building sites suitable to the special needs of the type of use contemplated;
2. Requirements as to lot sizes and dimensions;
3. Needs for convenient access, circulation, control and safety of street traffic;
4. Limitations and opportunities of topography.

B. Block lengths shall not exceed eight hundred eighty (880) feet, measured along the property lines.

(Ord. No. 1104, 6-19-2017)

#### **16.16.050 Lots.**

A. Appropriateness for Location and Type of Development and Use. The lot size, width, depth, shape and orientation and the minimum building setback lines shall be appropriate for the location of the subdivision and for the type of development and use contemplated.

B. Dimensions Generally.

1. Minimum lot width for each lot containing a detached structure shall be thirty-five (35) feet.
2. Minimum lot width for each lot containing an attached structure shall be twenty five (25) feet. For attached structures, lot width dimensions less than twenty-five (25) feet may also be approved by the City, pending review and approval of adequate parking, site design and other relevant factors by the Planning Board and City Commission. Minimum side yard setback on corner lots shall be ten (10) feet on the side of the lot contiguous to the side street.

C. Commercial and Industrial Property. Depth and width of property reserved or laid out for commercial and industrial purposes shall be adequate to provide for the off-street service and parking facilities required by the type of use and development contemplated.

D. Corner Lots for Residential Use. Corner lots for residential use shall have extra width to permit appropriate building setback from and orientation to both streets.

(E) Access to Existing Public Streets. The subdividing of the land shall be such as to provide, by means of a public street, and each lot shall be provided with a thirty-five (35) feet minimum access to an existing public street. Minimum access width for each lot fronting a cul-de-sac shall be thirty (30) feet minimum measured on the property line to the curb line, and a thirty-five (35) feet minimum width measured at the building setback line. Each "flag" lot, defined herein as a parcel of land accessible only by an extension of land connecting a public access street to the building site area of the parcel, shall have a minimum continuous access width of thirty-five (35) feet. Access shall mean a contiguous and continuous direct property boundary connecting to the public street.

F. Double and Reverse Frontage Lots. Double frontage and reverse frontage lots shall be avoided, except where essential to provide separation of residential development from traffic arteries or to overcome specific disadvantages of topography and orientation. A planting screen easement of at least ten (10) feet, across which there shall be no right of access, shall be provided along the line of lots abutting such traffic artery or other disadvantageous use.

G. Intersections of Side Lot and Street Right-of-Way Lines. Side lot lines at the intersection with street right-of-way lines shall be substantially at right angles or radial to street lines.

(Ord. No. 1104, 6-19-2017)

#### **16.16.060 Street or sidewalk improvements defined.**

*Modular Housing or Modular Structures* - Residential Housing and other structures which are regulated pursuant to the State of New Mexico Administrative Code Title 14, Housing and Construction, Chapter 12 Manufactured Housing, Part 3 Modular Structures.

*Planning District 1. Mobile Home Park Planning District (MHP).* The Mobile Home Park district is established to provide for locations, usually under a single ownership, in which multiple detached "mobile home" units may be placed with appropriate development standards to ensure adequate spacing, access and open space. The district is especially intended for existing older-model units that are not classified under the U.S. Department of Housing and Urban Development (HUD) standards as "manufactured homes" and/or may not comply with current minimum size standards or construction codes. "Manufactured home" units may also be placed within an MHP district but, under state law, must also be accommodated within other residential areas where "mobile home" units may be restricted. No new Mobile Home Parks may be established unless all requirements of this chapter and the Municipal Code and applicable state law are met. The minimum area required for a MHP district is two (2.0) acres.

*Planning District 2. Mobile Home Subdivision Planning District (MHS).* The Residential - Mobile Home district is established to allow for areas in which a "mobile home," as defined in this chapter, may be placed on an individual lot outside of a defined Mobile Home Park (as provided for in the MHP district), provided it meets all other applicable requirements of this chapter and the Municipal Code. Depending on the area, this could result in a series of lots containing only mobile homes or situations in which mobile homes might be interspersed with site-built housing and/or "manufactured homes," as defined in this chapter. This district is provided in recognition of the ongoing need for this form of lower-cost housing in

Hobbs, and also given the extent of relatively small, narrow lots in some areas of Hobbs, which has led to vacant and underutilized land in some cases. The minimum area required for a MHS district is one (1.0) acres.

*Planning District 3. Recreational Vehicle Park Planning District (RVP).* The Recreational Vehicle Park district is intended for temporary, short-term occupancy of travel trailers, motor homes, pick-up campers, converted buses, tent-trailers or similar devices used for temporary portable housing. Recreational vehicle park districts shall have a minimum area of one (1.0) acre.

*Recreational Vehicle or Travel Trailer* - Recreational vehicle means a vehicle which is: (1) built on a single chassis; (2) four hundred (400) square feet or less when measured at the largest horizontal projection; (3) designed to be self-propelled or permanently tow-able by a light duty truck; (4) designed primarily not for use as a permanent dwelling but as a temporary living quarters for recreational, camping, travel or seasonal use.

*Recreational Vehicle Park* - Recreational vehicle park or travel trailer park means a plot or parcel of land designed and developed specifically for the short-term, temporary occupancy of travel trailers, motor homes, pick-up campers, converted buses, tent-trailers or similar devices used for temporary portable housing.

*Residential Housing Standards* - These standards relate to exterior appearance and are intended 1) to improve the overall image and visual quality of the city in order to promote better neighborhoods and economic development; 2) to improve the quality of development, increasing its value and promoting its marketability; and 3) to improve the curb appeal of private residential development through the use of higher quality exterior materials and building design features. The primary emphasis is to improve the appearance of manufactured housing on individual lots within the City. However, due to the complexities of state regulations, all detached housing units, including site build and modular housing units must be addressed by these standards.

Conformance of the proposed map amendment with the City's land use policies contained in the adopted Comprehensive Plan.

The character of the neighborhood.

The adjacent residential areas, nearby properties, and the extent to which the proposed new residential development of a MHP or RVP would be compatible.

*H. Residential Housing Standards.*

1. *General Purpose.* Regulations in this Section have been established in accord with the Comprehensive Plan for the purpose of promoting the

health, safety, morals, and the general welfare of the city. These regulations therefore are intended 1) to improve the overall image and visual quality of the city in order to promote better neighborhoods and economic development; 2) to improve the quality of development, increasing its value and promoting its marketability; and 3) to improve the curb appeal of private residential development through the use of higher quality exterior materials and building design features. The goals of the Residential Housing Standards process in general are to allow residents a newer and more modern exterior appearance with a better built, more energy efficient and safer home. The primary emphasis is to improve the appearance of manufactured housing on individual lots within the City. However, due to the complexities of state regulations, all detached housing units, including site build and modular housing units must be addressed by these standards.

2. Residential Housing Standards are applicable to all modular and site built homes built in Hobbs. All such modular and site built homes also must meet International Residential Code Standards, as enforced by the City Building Official.
3. For factory build homes, only manufactured homes meeting HUD and State of New Mexico standards will be approved. No structure of a temporary character, trailer, mobile home, camper, recreational vehicle, tent, or other temporary structure shall be used on any lot any time as a replacement home either temporarily or permanently. A mobile home as defined herein is a movable or portable housing structure larger than forty (40) feet in body length, eight (8) feet in width or eleven (11) feet in overall height, designed for and occupied by no more than one (1) family for living and sleeping purposes that is (not) constructed to the standards of the United States Department of Housing and Urban Development, the National Manufactured Housing Construction and Safety Standards Act of 1974 and the Housing and Urban Development Zone Code 2 or Uniform Building Code.
4. For a factory build manufactured housing home, the bottom of the factory build home, "The Enclosure" must be professionally installed and must be constructed of material that matches the home and/or is similar and enhances the beauty. A trim piece is required at the bottom of home and top of enclosure. No vinyl enclosure will be permitted. If the home is set above ground, a perimeter curb shall be required to install the enclosure. No temporary steps shall be allowed. Each dwelling, if set above ground, shall have a professional built step with a minimum five-foot by five-foot landing

and railings. Each dwelling, if set in ground, shall have a concrete step structure with a minimum three-foot by four-foot landing. Factory build homes must have tongue, axles, and wheels removed, and are enclosed at the time of set up.

5. *Skirting Standards.* Skirting standards for factory build homes require paint of a matching or complimentary color, and materials compatible with the structure. Bales of hay, rusty, wrinkled metal, dirt, tires, etc are expressly forbidden. Peeling paint is not permitted. The use of galvanized metal, plastic or fiberglass panels, or plywood or other composite wood product not designed for skirting a mobile home, is prohibited. Skirting or underpinning materials should be of materials designed and manufactured for use as manufactured housing skirting, such as vinyl matching the color of the manufactured home.
6. The minimum lot width for a detached residential home or structure shall be thirty-five (35) feet at the building setback line. Only one (1) house shall be constructed per lot. However, other outbuildings incidental to residential use may also be constructed on the same lot. The lot of record must be a single tract or lot and not a combination of separate parcels.
7. No structure unfinished as to exterior shall be permitted to remain on any lot for a period exceeding six (6) months from the date of commencement of its construction. The roof of the main structure and any garage shall be constructed with a composition shingle roof or other material of better quality. A garage is not required, however any garage built is recommended to be built similar to the home. It should match or be of similar material and enhance the beauty of the property.
8. The exterior of the principal living structure shall be stucco, stone, masonry, masonry-veneer, brick, stone-veneer, brick-veneer, hardboard or wood siding construction. Exterior appearance shall be attractive and compatible with other homes in the same neighborhood. Alternative exterior materials will be reviewed and considered by the City through the variance process.
9. No boarded up windows are to be permitted in a replacement home. The structure must be covered with paint materials of a complimentary color inset into the window frame, and not merely tacked over the opening. The roof must be in good condition without leaks so as not to create damp, moldy, and unsafe conditions.

10. Additionally, buffers or buffering materials should be of masonry or planted construction, to reduce unsightly buffering effects.
11. *General Concerns.* If upgrading from one (1) unit to a hopefully newer model, all yard setbacks must be adhered to as specified in the Major Thoroughfare Plan. If any variance is required for setbacks or any design or appearance code, the administrative variance and variance provisions in this Section shall be followed. Also, the City will enforce the lot of record requirements from above, which may require a replat to combine smaller lots being made into a larger building site.

#### **18.04.080 Administrative procedures.**

##### *A. Variances.*

1. Variances are authorized deviations from the property development standards in this chapter. A variance may be appropriate when strict enforcement would represent a unique, undue and unnecessary hardship on a particular property.
2. A complete application for a variance shall be submitted by a property owner, or an agent acting on behalf of the property owner, to the Planning Division, on a form prescribed by the City, along with a nonrefundable fee, which may be established from time to time by the City Commission. Under no circumstances shall a variance be proposed or considered that would authorize a use of property for a MHP or RVP that is not otherwise permitted in the applicable planning district.

*B. Planning Division Action on Minor Variations.* The Planning Division shall have the authority to find that a variance application involves a minor variation, which shall include any proposed variation from a property development standard in this chapter that would be a deviation of a minor nature from such adopted standard. In any such case, the Planning Division may grant an administrative approval that does not require any further review or action by the Planning Board. Any such approval must meet the conditions for considering variances herein. If the Planning Division determines that an application does not meet these conditions and does not merit approval, then the matter may be referred to the Planning Board for review and action if requested by the applicant. The record of Planning Division review and approval of minor variations shall be available for public inspection, upon reasonable request, during normal business hours.

C. *Planning Board Public Hearings on Variances.* For all variance applications not deemed minor by the Planning Division, the Planning Board, after due notice, shall hold a public hearing on an application for a variance. At the public hearing, the Planning Board shall consider the application, the report of the Planning Division, the relevant supporting materials and the public testimony given at the public hearing. After the close of the public hearing, the Planning Board shall vote to approve, approve with conditions, or disapprove the application for a variance.

D. *Conditions for Considering Variances.* To approve an application for a variance, the Planning Board shall make an affirmative finding that each of the following criteria, without exception, is met:

Special circumstances must exist that are peculiar to the land and the special circumstances are not self-imposed or the result of the actions of the applicant.

Literal interpretation and strict enforcement of the terms and provisions of this chapter would cause an unnecessary and undue hardship. Granting the variance is the minimum action that will make possible reasonable use of the land or structure and which would carry out the spirit of this chapter and would result in substantial justice. Such variance will not alter the essential character of the district in which the property or structure is located or the property for which the variance is sought. Granting the variance will not adversely affect the health, safety or welfare of the public.

E. The Planning Board may impose such conditions on a variance as are necessary to accomplish the purposes of this chapter, to prevent or minimize adverse impacts upon the public and neighborhoods and to ensure compatibility. All conditions imposed upon any variance shall be expressly set forth in writing with the granting of such variance.

Skirting or underpinning materials should be of materials designed and manufactured for use as manufactured housing skirting, such as vinyl matching the color of the manufactured home.
- f. The minimum lot width for a detached replacement home shall be thirty-five (35) feet at the building setback line. Only one (1) house shall be constructed per lot. inset into the window frame, and not merely tacked over the opening. The roof must be in good condition without leaks so as not to create damp, moldy, and unsafe conditions.

- j. Additionally, buffers or buffering materials should be of masonry or planted construction, to reduce unsightly buffering effects.
  4. *Time Requirements.* The replacement home shall be allowed to be placed on the lot within one hundred eighty (180) days of the date of removal of the existing home.
  5. *General Concerns.* Regarding concerns about upgrading from one (1) unit to a hopefully newer model, all yard setbacks must be adhered to as specified in the Major Thoroughfare Plan. Also, the City will enforce the lot of record requirements from above, which may require a replat to combine smaller lots being made into a larger building site. If any variance is required for setbacks or any design or appearance code, the administrative variance and variance provisions in this section shall be followed.
- (Ord. No. 980, § 1D(9), 3-17-2008)

## **Chapter 18.08 RURAL AND OPEN SPACE PLANNING DISTRICTS**

### **18.08.010 Purpose and intent of Rural and Open Space Planning District.**

This section specifies the purpose and intent of the new proposal, which is intended to have the purpose of implementing the City's adopted Comprehensive Plan.

1. The Rural and Open Space Planning District concept is established to allow for the maintenance of rural or agricultural land in such use or in anticipation of the eventual transition of agricultural or undeveloped land to residential or other urban uses. Property in this district should include existing large lots, unplatted tracts of land, and areas where adequate public facilities are not available or desired to support higher density urban or suburban development.
2. An additional purpose of the Rural and Open Space District is to allow for single-family residential uses in areas where agriculture, ranching and/or horse stable operations or the maintenance of large or small livestock remains or are allowed as an accessory land use. The number of animals is limited to ensure nuisances are not created for the district's residents or those in nearby districts.
3. The district is established to allow for areas of relatively low density residential use and associated uses. All parcels and areas may or may not be served by urban infrastructure due to lack of utilities and public service constraints. Retention of rural to semi-rural character is a primary objective.
4. Applications for designation of property to be classified as a Rural and Open Space Planning District shall be submitted to the Planning Department and be reviewed and considered for approval by the Planning Board, as specified herein.

(Ord. No. 1018, Amd. 1(A), 9-21-2009)

**18.08.020 Rural and Open Space Planning District standards.**

  - d. Keeping of such animals shall not be permitted in the required front, side and street side yard setbacks.
  - e. No covered animal shelter, pen or enclosure shall be permitted less than one hundred (100) feet from any water well for domestic use.
2. Permits for Livestock.
  - a. Except in a horse racetrack area as permitted by Section 6.08.010 of the Hobbs Municipal Code (HMC), no person shall keep any livestock within the city limits unless the property is located within a Rural and Open Space Planning District, as approved by the Hobbs Planning Board, and without a permit provided herein in this section.
  - b. No person shall keep any livestock within the city in violation of the provisions of this title. All of the real property subject to a permit application proposed to contain livestock must be within the boundary of an approved Rural and Open Space Planning District.
  - c. Application for all permits required in this section shall be made in writing to the City Environmental Division to be accompanied by a payment of the adopted fee for one (1) or more livestock. The application shall state the name and residence of the applicant, the location of the premises where such livestock are to be kept, the acreage and square footage of the area in which they are confined, the number of such livestock, and the kind of enclosure within which they are to be kept. - g. The permit may include reasonable conditions, including total number of livestock authorized as determined by the Environmental Division officer to prevent a nuisance. All conditions of a permit are subject to review and revision.
- h. After reasonable notice and opportunity to be heard, the Environmental Superintendent may suspend or revoke the permit for violation of any provisions of this chapter by the permit holder or his agent or employee, or if conditions arise which could justify denying the permit on an original application. The Environmental Superintendent may review and alter conditions or restrictions of the permit if investigation indicates any changes since the original application. Notice of a permit suspension or revocation must be delivered in person or in writing to the permit holder. A determination of suspension or revocation of a permit issued under this section may be appealed to the city manager in accordance with the procedures established municipal code procedures.

The property owner must be able to properly maintain the land and buildings associated with keeping of large animals. Pasture or yard area must be devoted solely to the use of the livestock and must be fully fenced and maintained with the animals to have ready access.

### **18.12.030 Tower permit required.**

A. Prior to filing an application for a City building permit, an application for a tower permit shall be submitted to the Planning Department and reviewed and considered for approval in accordance with the provisions of this chapter prior to the construc-

tion, placement or alteration of any tower or tower structure, as defined in this chapter and not specifically excluded herein, that is located within the boundaries of the municipality.

B. A tower permit shall not be required for any tower repaired, replaced, or modified with no resulting increase in height or dimension and any tower repaired, replaced or modified in order to comply with the requirements of any statute, regulation, order, or rule of the FCC, the FAA, or any other federal, state or governmental agency or authority.

C. Notwithstanding any other provision of this chapter, the owner of an antenna tower for which a tower permit and building permit was issued prior to July 1, 2010, and after January 1, 2009, may, without obtaining a new permit, upon written notice to the City Planner, replace the tower with a new tower if the new tower structure complies with the requirements of this chapter and: (i) is specifically designed to accommodate additional antenna arrays, (ii) is not more than twenty (20) feet higher than the tower structure being replaced, (iii) is not more than fifty (50) feet from the location of the tower structure being replaced and (iv) the center of the tower structure is no closer to the nearest residence than the center of the tower structure it replaces. A tower structure may be replaced only once under this subsection. (Ord. No. 1036, § 3, 9-20-2010)

#### **18.12.040 Exemptions.**

1. Church bell towers and religious symbols associated with a place of worship;
2. Tower structures on real property owned, leased, held or used, or dedicated for use by a public utility for rendering its service, such as tower structures used primarily for the transmission of electrical power by a public utility or the conveyance of communications over a telephone wire-line system operated by a public utility;
3. Tower structures constructed or placed on land or other structures owned, leased, held or dedicated for use by the state or federal government or any political subdivision thereof, which land or other structures are used by the governmental entity primarily for rendering fire, police or other public protection services or utility services, whether or not the tower structure is used jointly by the governmental entity and any other public or private person or entity for other and additional public or private purposes; and

4. Temporary tower structures used in conjunction with construction such as cranes, and all temporary oil and gas drilling rigs for new or existing wells.
5. Tower structures less than one hundred fifty (150) feet in height located at least six hundred (600) feet from the nearest residence on industrial property that is securely fenced and used exclusively for the private communication use of the industry owning the land and operating the business, such as for an oil and gas operating company. The tower must have a minimum setback from all property lines of two hundred (200) feet. All oil and gas industrial facilities such as material storage silos are exempted.

B. *Exemption Certificate.* An exemption certificate must be issued for all towers in excess of thirty (30) feet that are exempted from this chapter. The Planning Department must be contacted, with specific information to be provided in order to receive the certificate. There is no fee for an exemption certificate.

(Ord. No. 1036, § 4, 9-20-2010)

#### **18.12.050 Location of towers.**

A. A tower permit shall not be approved for the construction of a tower on a lot, tract or parcel of land where the construction of a tower is prohibited, expressed or implied, by duly recorded deed restrictions or covenants running with the land.

B. In a residential area, a tower permit shall not be approved for the construction or alteration of a tower structure.

C. A tower permit shall not be approved for the construction or alteration of a tower structure unless the proposed tower structure is located a distance at least equal to the applicable setback area established by [subsection F.] below.

D. In an historic district, and in an area within five hundred (500) feet of an historic district, a tower permit shall not be approved for the construction or alteration of a tower structure.

E. A tower permit shall not be issued for the construction or alteration of a tower structure in a public gathering area or within one hundred (100) feet of such an area. A tower permit shall not be issued for the construction or alteration of a tower structure in a park or on a tract surrounded by a park, or within one hundred (100) feet of a park boundary.

F. A tower permit shall not be approved for the construction or alteration of a tower structure unless the distance between the center of the base of a tower to all property boundaries is at least one hundred ten (110) percent of the height of the

tower or tower structure, whichever is greater. The foregoing measurement shall be made to the nearest point on each property line within the setback area. For all tower parcels, the tower must be designed so that it cannot fall on any contiguous property.

G. If a survey is provided by the applicant for residential lots, the measurement shall instead be made as follows:

1. If a residence has been constructed on the lot, the measurement shall be from the tower structure to the nearest outside wall of the residential structure on each lot; or
2. If a residence has not been constructed on the lot, the measurement shall be from the tower structure to the center of the residential lot minus twenty-five (25) feet.

H. A tower permit shall not be approved for the construction or alteration of a tower structure within two thousand (2,000) feet of any other previously approved or permitted tower structure, other than a tower structure for which a permit would not be required under this chapter. For purposes of this requirement, a tower is considered to be "approved" when a tower permit or a City building permit has been issued pursuant to this chapter and the tower structure has been constructed or any building permit issued thereunder remains in effect. The Planning Department shall develop rules and procedures for establishing precedent to the extent of conflict between two (2) or more tower structures.

I. Property uses and distances referred to in this section shall be determined as of the date and time that the completed tower permit application is filed.

J. *Availability of Suitable Towers, Other Structures, or Alternative Technology.* No new tower shall be permitted unless the applicant demonstrates to the reasonable satisfaction of the Planning Board that no existing tower, structure or alternative technology that does not require the use of towers or structures can accommodate the applicant's proposed antenna. An applicant shall submit information requested by the Planning Commission related to the availability of suitable existing towers, other structures or alternative technology. Substantial evidence submitted to demonstrate that no existing tower, structure or alternative technology can accommodate the applicant's proposed antenna may consist of any of the following:

1. No existing towers or structures are located within the geographic area which meet applicant's engineering requirements.

2. Existing towers or structures are not of sufficient height to meet applicant's engineering requirements.
  3. Existing towers or structures do not have sufficient structural strength to support applicant's proposed antenna and related equipment.
  4. The applicant's proposed antenna would cause electromagnetic interference with the antenna on the existing towers or structures, or the antenna on the existing towers or structures would cause interference with the applicant's proposed antenna.
  5. The fees, costs, or contractual provisions required by the owner in order to share an existing tower or structure or to adapt an existing tower or structure for sharing are unreasonable. Costs exceeding new tower development are presumed to be unreasonable.
  6. The applicant demonstrates that there are other limiting factors that render existing towers and structures unsuitable.
  7. The applicant demonstrates that an alternative technology that does not require the use of towers or structures, such as a cable microcell network using multiple low-powered transmitters/receivers attached to a wireline system, is unsuitable. Costs of alternative technology that exceed new tower or antenna development shall not be presumed to render the technology unsuitable.
- (Ord. No. 1036, § 5, 9-20-2010)

**18.12.060 Tower structure.**

A. Each antenna tower structure for which a permit is approved and issued shall be designed, engineered and constructed to accommodate the placement of a minimum of two antenna arrays. This requirement shall not apply to a camouflage tower.

B. Towers and antennas shall meet the following requirements:

1. Towers shall either maintain a galvanized steel finish or, subject to any applicable standards of the FAA, be painted a neutral color so as to reduce visual obtrusiveness.
2. At a tower site, the design of the buildings and related structures shall, to the extent possible, use materials, colors, textures, screening, and landscaping that will blend them into the natural setting and surrounding buildings.

3. If an antenna is installed on a structure other than a tower, the antenna and supporting electrical and mechanical equipment must be of a neutral color that is identical to, or closely compatible with, the color of the supporting structure so as to make the antenna and related equipment as visually unobtrusive as possible.
4. If any tower is located within a beautification corridor as defined herein, the tower shall be required to be designed and constructed with camouflage design or as a camouflage tower structure that blends into the surrounding environment and is visually unobtrusive. Examples of a camouflage design or tower are architecturally screened, roof-mounted or building mounted antenna/array/equipment, or designed and treated as an architectural element to blend with the existing building, designs that conceal the antenna, array and equipment, man-made trees, clock towers, bell towers, steeples, light poles, and similar alternative-design mounting structures.

C. Each tower structure for which a permit is approved and issued shall be designed, engineered and constructed to include appropriate lightning conductors and grounding connection to minimize the dangers from lightning, as approved by the New Mexico State Electrical Inspector.

(Ord. No. 1036, § 6, 9-20-2010)

#### **18.12.070 Fencing requirements.**

##### **A. *Security Fence.***

2. The fence, wall or barrier required by [this subsection] shall not be less than eight (8) feet in height with no openings, holes or gaps larger than four (4) inches measured in any direction. Gates and doors opening directly into the area enclosed by a fence, wall or barrier, as required by this section, shall be equipped with a lock to keep the doors or gates securely closed and locked at all times. Tower sites located within industrial yard areas with existing secure fencing of the entire yard may construct secure fencing six (6) feet in height.
3. The requirements of this section do not apply to:
  - a. Any tower located on a building that is not designed or built primarily to support the tower, provided that the general public has no physical access to the tower, or

- b. Existing tower sites having existing adequate security fences at least six (6) feet in height.

**B. Screening Fence.**

1. The base of a tower, including all mechanical equipment and accessory structures, shall be screened from view of residential lots by an opaque screening fence designed to meet minimum standards of the City Screening, Buffering and Lighting Policy and built to provide privacy with a minimum height of eight (8) feet.
2. The screening fence may contain gates or doors allowing access to the tower and accessory structures for maintenance purposes, which shall be kept completely closed except for maintenance purposes and shall be located a minimum of eighteen (18) feet from the public right-of-way.
3. The screening fence requirement of this section does not apply to:
  - a. Any tower constructed or placed a distance of more than three hundred (300) feet from all residential lots, or any tower within an industrial yard; or
  - b. Any tower located on a building that is not designed or built primarily to support the tower, provided that the general public has no physical access to the tower; or
  - c. Any tower located more than fifty (50) feet from a public street right-of-way, unless within a beautification corridor.

C. When both sections above regarding a security fence and a screening fence are applicable, a single fence conforming to all applicable requirements of both sections may be provided.

(Ord. No. 1036, § 7, 9-20-2010)

**18.12.080 Landscaping.**

A tower site is not required to have landscaping unless the tower site is located within fifty (50) feet of any City street, unless within a beautification corridor. Towers located on public alleys are exempt unless the location is within fifty (50) feet of a public street, unless within a beautification corridor. If required, the landscaping shall comply with City landscaping standards as determined by the Planning Department.

(Ord. No. 1036, § 8, 9-20-2010)

**18.12.090 Signs and lighting.**

A. No signs shall be allowed on an antenna or tower. Lettering, signs, symbols, images or trademarks large enough to be legible to occupants of vehicular traffic on any adjacent roadway shall not be placed on or affixed to any part of a tower, antenna array or antenna, other than as required by FCC regulations regarding tower registration or other applicable law.

B. A tower or tower structure shall not be artificially lighted, unless required by the FAA or other applicable authority. If lighting is required by law or regulation, a design that reasonably complies with the City Screening, Buffering and Lighting Policy and minimizes disturbance to any adjacent residence(s) or public building shall be utilized.

(Ord. No. 1036, § 9, 9-20-2010)

**18.12.100 Application procedures for a tower permit.**

A. An application for a tower permit shall be submitted to the Planning Department in the time and manner prescribed by the City Planner. The applicant shall, with the filing of the completed tower permit application, submit payment of the appropriate tower permit fees established by the City Commission that are calculated to reasonably cover the expenses of administering the provisions of this chapter.

B. The application shall not be considered complete unless accompanied by any and all drawings, building plans, if available, descriptive data, information on the height, structure, and appearance of the tower, filing fees, ownership and/or lease information, site map showing legal boundary, tower location and street access, all applicable restrictive covenants and other pertinent data that may be required by the City Planner. Each application for a tower permit or for a waiver shall include a complete list of those owners, as is indicated by the most recently approved tax rolls, of all properties within the residential test area of the proposed tower site. The application must be signed by both the tower owner or applicant and the real property owner.

C. In the event that any of the required documentation, data, reports or drawings contains any false or erroneous information known to the applicant, then any permit issued pursuant to that false or erroneous information shall be void with the same force and effect as if it had never been issued.

D. An application for a tower permit shall not be approved for a tower that is not in conformance with the regulations prescribed in this chapter unless a written application for a variance has been submitted to and approved by the City.

E. The City Planner shall issue a tower permit for location, placement or siting of a tower only if it meets the requirements of this chapter.

F. On or before the 40th calendar day following the filing of the application with all required documentation and data, the City Planner shall issue to the applicant a written notice of disapproval or preliminary approval of the tower permit. Any notice of disapproval of a tower permit application must include a written report explaining in detail the reasons for disapproval. Any preliminary approval shall be subject to the protest provisions of this section, and, if no protest is timely filed thereunder, shall become a final approval on the [next] business day following the close of the protest period. The issuance of a written notice to the applicant shall be complete upon the deposit of the properly addressed notice in the United States mail, first class postage paid.

(Ord. No. 1036, § 11, 9-20-2010)

#### **18.12.120 Notification procedures.**

A. The notice requirements of this section apply only to applications for tower permits for the construction, placement or alteration of towers subject to the requirements of this chapter and for variances from the requirements of this chapter.

B. When an application for variance is not filed as part of the original application for a tower permit, the notice requirements of this section apply separately to the variance application.

C. The applicant shall post and maintain adequate notice sign(s) on the subject tower site and on street accesses leading to the tower site for a minimum of thirty (30) calendar days beginning no later than the sixth calendar day following the date of the filing of the required completed application with the department. Sign(s) shall be posted no more than fifteen (15) feet from the public right-of-way that is used as access to the tower site. The sign shall face each public right-of-way bordering the tower site and the lettering on the sign shall be legible from the public right-of-way. Each sign shall be a minimum of four (4) by four (4) feet in size, with lettering that complies with specifications promulgated by the Planning Department. The sign locations shall be approved by the Planning Department prior to erecting the signs.

1. The sign shall contain at a minimum the items of information including the proposed site of a tower; proposed maximum height above grade of the proposed tower; applicant information, contact information where additional information concerning this project may be obtained, and the date of the public hearing of the Planning Board to consider the variance.
2. If, in the opinion of the City Planner, compliance with the requirements of this section is insufficient to provide adequate notification of the pending tower permit application, the City Planner may require the applicant to post additional signs or larger signs to be erected at locations as he/she deems advisable.

D. Written notice of the filing of each application for a tower permit or an application for a variance, as provided for herein, shall be given to all property owners within the boundaries of the residential area or setback area, as applicable, as indicated by the most recently approved tax rolls. Notice to all owners of record shall be deemed given if properly addressed and deposited in the United States mail, with first class postage paid. The required written notice shall be in a form prescribed by the Planning Department and shall be mailed no later than the tenth calendar day following the filing of the required completed application. The written notice shall include a map showing the proposed tower site and the surrounding residential test area or setback area, as applicable.

E. Written notice shall be published at least once in a local newspaper of general circulation by the department not later than the seventh calendar day following the date of filing of the required completed application. The notice shall be published in

the section of the newspaper in which other legal notices are commonly published, and shall be headed with the following words: "NOTICE OF PROPOSED TOWER CONSTRUCTION." The notice shall state the height of the tower and location of the proposed tower site, describe the intended use of the tower, the date of intended permit approval or the date of the Planning Board Hearing, if applicable, and advise that additional information may be obtained by writing or calling the Planning Department.

F. The "written notice" required above shall include at a minimum the following information on the proposed site of a tower; proposed maximum height above grade of the proposed tower; applicant information, contact information where additional information concerning this project may be obtained, and the date of the public hearing of the Planning Board to consider the variance.

G. The applicant shall be responsible for paying all costs associated with the giving of notice under this chapter.

H. For notification of variance and appeal hearings for small wind energy towers.

1. Written notice of the filing of each application for a SWET tower permit shall be given to all property owners within two hundred (200) feet of the proposed tower. Notice to all owners of record shall be deemed given if properly addressed and deposited in the United States mail, with first class postage paid. The required written notice shall be mailed by the Planning Department and shall be mailed no later than the tenth calendar day following the filing of the required completed application. The written notice shall include a map showing the proposed tower site and the surrounding residential area or setback area, as applicable.
2. The applicant shall submit a completed signature sheet showing the names and signatures of all owners of record within two hundred (200) feet of the property line. If an applicant cannot acquire all of the necessary signatures, then the applicant must provide evidence of certified mail notification to out of town property owners.

(Ord. No. 1036, § 12, 9-20-2010)

### **18.12.130 Variance requests and procedures.**

A. *Variance.*

1. Variances are authorized deviations from the property development standards in this chapter. A variance may be appropriate when strict enforcement would represent a unique, undue and unnecessary hardship on a particular property.

2. A complete application for a variance shall be submitted by a property owner, or an agent acting on behalf of the property owner, to the Planning Department, on a form prescribed by the City, along with a nonrefundable fee, which may be established from time to time by the City Commission. Under no circumstances shall a variance be proposed or considered that would authorize a use of property for a tower that is not otherwise permitted in accordance with this chapter. The property owner must sign the variance request.

*B. Planning Department Action on Minor Variations.* The Planning Department shall have the authority to find that a variance application involves a minor variation, which shall include any proposed variation from a property development standard in this chapter that would be a deviation of a minor nature from such adopted standard. In any such case, the Planning Department may grant an administrative approval that does not require any further review or action by the Planning Board. Any such approval must meet the conditions for considering variances herein. If the Planning Department determines that an application does not meet these conditions and does not merit approval, then the matter may be referred to the Planning Board for review and action if requested by the applicant. The record of Planning Department review and approval of minor variations shall be available for public inspection, upon reasonable request, during normal business hours. In no case shall the Planning Department consider a variance for reducing setback distances in these ordinances or any substantive variance from the ordinance.

*C. Planning Board Public Hearings on Variances.* For all variance applications not deemed minor by the Planning Department, the Planning Board, after due notice, shall hold a public hearing on an application for a variance. At the public hearing, the Planning Board shall consider the application, the report of the Planning Department, the relevant supporting materials and the public testimony given at the public hearing. After the close of the public hearing, the Planning Board shall vote to approve, approve with conditions, table or disapprove the application for a variance.

*D. Conditions for Considering Variances.* To approve an application for a variance, the Planning Board shall make an affirmative finding that each of the following criteria, without exception, is met:

1. Such variance will not alter the essential character of the neighborhood in which the property or structure is located or the property for which the variance is sought.

2. Granting the variance will not adversely affect the health, safety or welfare of the public.
3. Special circumstances must exist that are peculiar to the land and the special circumstances are not self-imposed or the result of the actions of the applicant.
4. Literal interpretation and strict enforcement of the terms and provisions of this chapter would cause an unnecessary and undue hardship.
5. The variance, if granted, will not be contrary to the public interest as implemented in this chapter.
6. Consistent with the City's police power authority over towers, the variance, if granted, will not be detrimental to the public health, safety, or welfare;
7. The variance, if granted, will not result in a violation of any other applicable ordinance, regulation or statute enforceable by the City.
8. The variance, if granted, will not result in the violation of any applicable deed restriction or zoning regulation or the location of a tower in a park.
9. Granting the variance is the minimum action that will make possible reasonable use of the land or structure and which would carry out the spirit of this chapter and would result in substantial justice.

E. The Planning Board may impose such conditions on a variance as are necessary to accomplish the purposes of this chapter, to prevent or minimize adverse impacts upon the public and neighborhoods and to ensure compatibility. All conditions imposed upon any variance shall be expressly set forth in writing with the granting of such variance.

F. If a variance is requested from the requirements of this chapter regarding minimum distances between towers, for an antenna tower less than two thousand (2,000) feet from the nearest tower, the variance shall not be granted unless, in addition to finding that each of the conditions expressed above are satisfied, the Planning Board, after public hearing, finds that no approved tower or tower structure can accommodate the applicant's proposed antenna because the applicant has demonstrated any of the following:

1. The approved tower or tower structure located within two thousand (2,000) feet of the proposed tower will not meet the applicant's engineering requirements;

2. The approved tower or tower structure located within two thousand (2,000) feet of the proposed tower is not of sufficient height to meet the applicant's specific engineering requirements;
  3. The approved tower or tower structure located within two thousand (2,000) feet of the proposed tower does not have sufficient structural strength and cannot reasonably be reinforced to provide sufficient structural strength;
  4. The antenna array of the approved tower or tower structure located within two thousand (2,000) feet of the proposed tower would cause electromagnetic interference with the antenna array of the proposed tower, or the antenna on the proposed tower or tower structure to be located within than two thousand (2,000) feet of the approved tower would cause interference with the antenna array of the approved tower;
  5. The approved tower or tower structure located within two thousand (2,000) feet of the proposed tower is not adaptable to accommodate additional antenna arrays or the costs required to share or adapt the approved tower or tower structure are unreasonable;
  6. The approved tower or tower structure located within two thousand (2,000) feet of the proposed tower is not available for co-location because the owner of the approved tower or tower structure or the owner of the tract on which the approved tower or tower structure is located refuses to agree to reasonable terms necessary to accommodate the requirements for the proposed antenna; and/or
  7. The approved tower or tower structure located within two thousand (2,000) feet of the proposed tower is not suitable for the specific requirements for the proposed antenna due to other factors as demonstrated by the applicant, taking into account any federal or state licenses the applicant may have received to conduct its business.
- (Ord. No. 1036, § 13, 9-20-2010)

**18.12.140 Building permit requirement and plan review.**

A. Following approval of a tower permit from the planning department, the applicant shall then apply to the City Building Official for a City Building Permit in accordance with the City of Hobbs Building Code. A tower permit obtained pursuant to the provisions of this chapter shall become invalid after the passage of ninety

(90) days from the date of final approval of the tower permit unless any required building permit for the construction or alteration of the tower has been obtained before the expiration of that ninety-day period.

B. The construction, placement or alteration of a tower is subject to any plan review, permitting requirement or hearing process applicable to commercial construction in general which is required either by ordinance or by the rules of the Planning Department or Planning Board; provided that the regulation or rules are consistent with the provisions of this chapter.

C. All City of Hobbs Building Permits issued for the construction of a tower prior to January 1, 2009, where the construction of a tower has not been started on or before the effective date of this chapter, are hereby cancelled and are deemed null and void.

(Ord. No. 1036, § 14, 9-20-2010)

#### **18.12.150 Maintenance and inspection.**

A. All buildings, structures, supporting structures, wires, fences or ground areas used in connection with a tower shall be maintained in a safe condition and in good working order. All equipment or machinery required by the Building Code, the Fire Code or any other applicable regulation or ordinance for a building or structure or supporting structure or device shall be maintained in good working order. The owner or operator of a tower shall be responsible for the maintenance of the tower, supporting structures, buildings, fences and ground areas.

B. By applying for a tower permit under this chapter, the applicant specifically grants permission to the city, its duly authorized agents, officials and employees, to enter upon the property for which a permit or variance is sought, after first providing reasonable notice, for the purpose of making all inspections required or authorized to be made under this chapter, the Fire Code, the Building Code, this Code or any other applicable regulation, rule or ordinance.

(Ord. No. 1036, § 15, 9-20-2010)

#### **18.12.160 Abandonment and removal of towers.**

A. Any privately owned tower that is out of service and not operated for a continuous period of twelve (12) months shall be determined to be abandoned by the City. The City Planner may issue a notice of abandonment to the tower owner that is determined to be abandoned. The owner shall have the right to respond

within thirty (30) days from the date of the notice of abandonment. If sufficient information is received by the City from the owner to demonstrate that the tower has not been abandoned, the City Planner shall cancel the notice of abandonment.

In the event that additional outlets of basic service are provided to such buildings, the building owner shall pay the usual installation fees associated therewith, including but not limited to, labor and materials. #### **SECTION VI. ANNEXATIONS.**

This franchise shall apply to any property properly annexed to the City as provided by law, upon such annexation.

#### **SECTION VII. STANDARDS OF SERVICE.**

A. A copy of Company's rates and service regulations are on file for public reading at the office of Leaco during normal working hours.

B. If at any time the Rural Telecommunications Act of New Mexico is amended or repealed, with the effect of such action being the deletion of standards of service in the City as are now in effect and no successor is named by the State of New Mexico, the City reserves the right to establish standards of service consistent with those now in effect in the City or at the time of any such amendment or repeal. #### **SECTION VIII. TERMINATION.**

If any payment herein provided to be paid is not paid when due after thirty (30) days written notice from City to Company of such non-payment (which period of

thirty (30) days commences with the day after receipt of such notice), this franchise may be terminated by the City. If the Company substantially fails to comply with any of the other material provisions of this franchise and fails to cure same or is unable to provide justification for such non-compliance within sixty (60) days after it has received written notice from the City claiming such non-compliance with any of the material terms and provisions of this franchise, then City shall give Company an additional written notice that this franchise will be terminated effective ninety (90) days after receipt of said notice to Company, unless Company corrects such non-compliance within said period of time. If the City and Company disagree over whether Company has substantially failed to comply with any of the material provisions of this franchise or has failed to cure an alleged non-compliance, the franchise shall continue until agreement is reached between the City and Company resolving the matter or until the matter has been litigated through the courts to final judgment. Non-compliance by Company of any terms and provisions of this franchise due to force majeure or any cause beyond its control does not constitute reason for termination of this franchise.

#### **SECTION IX. COOPERATIVE MEMBERSHIP.**

The Company may require membership and the payment of an equity as determined by its Board of Directors as a condition precedent to the furnishing of service to its patrons and may adopt reasonable By-Laws, rules, and regulations in the conduct of its business affairs, and observance of the same may be required of the membership of the Company.

The company shall assist the City Manager in providing information which reflects the financial ability (e.g. financial audit) and the management ability (e.g. experience and resume of proposed management) of its proposed assignee to operate a telephone utility. The aforesaid thirty (30) days notice shall not commence to run until Company has initiated good faith efforts to provide the assistance or information as requested by the City Manager.

**SECTION XIV. SEPARABILITY.**

Should any part or portion hereof be declared invalid, void, or unconstitutional by any court of competent jurisdiction, such portion shall be deemed separate and distinct from the balance and such declaration shall not affect the validity of the remaining portions hereof.

**SECTION XV. ACCEPTANCE AND EFFECTIVE DATE.**

The Company shall have sixty (60) days from and after the passage and approval of this ordinance to file its written acceptance thereof with the City Clerk, and upon such acceptance being filed, this ordinance shall take effect and be in force from and after the date of its passage and approval by the Mayor, and shall effectuate and make binding the agreement provided by the terms hereof.

This franchise shall apply to any property properly annexed to the City as provided by law, upon such annexation. However, nothing herein shall be construed as giving the Grantee any exclusive privilege. The Grantor reserves the right to grant a similar use of said streets, highways, and public grounds to any person at any time during the period of this franchise.

Section 3. The franchise granted herein shall take effect and be enforced from and after the effective date of this ordinance as established by law, provided Grantee timely files the required "Acceptance" attached herein, and shall continue in force and effect for a period of fifteen (15) years thereafter, or until such time as another franchise is granted and accepted, whichever first occurs. The franchise may be renewed for additional terms and upon such terms and conditions as may be mutually acceptable to Grantor and Grantee.

Section 4. In consideration for the grant of franchise and the right to use public rights-of-way within the City, the Grantee shall pay a cash consideration in an amount equal to two percent (2%) of the "gross receipts," as defined in Section 1(d), of the Company from the sale of gas to consumers within the corporate limits of the City of Hobbs. Underground facilities may be located under the travelled portion of rights-of way provided the surface of such right-of-way is restored as hereunder provided.

- (b) Restoration: If, while installing, repairing or maintaining its facilities, the Grantee disturbs the surface of any right-of-way or public place, the Grantee shall restore the surface to as good a condition as before the disturbance and maintained to the satisfaction of the City Commission or of any City official to whom such duties have been or may be delegated, for one (1) year from the date the surface of said street, highway, right-of-way, or public ground is broken for such construction or maintenance work, after which time responsibility for the maintenance shall become the duty of the Grantor. Grantee shall perform restoration at its own cost and in accordance with all ordinances now in effect or which may thereafter be passed. Grantee shall obtain all permits that the Grantor may require, which shall be issued at no cost to the Grantee. No such street, highway, right of way, or public ground shall be encumbered for a longer period than shall be necessary to execute the work.
- (c) Specifications and Standards: All natural gas facilities shall be constructed, operated, and maintained in a proper and workmanlike manner according to accepted industry standards and all applicable government rules and regulations. All fixtures installed, repaired, maintained or operated shall be done so in compliance with all applicable City, State, and Federal specifications and standards.
- (d) Relocation of Facilities: In the event that any time during the period of this franchise, the Grantor shall elect to alter or change the grade or location of any publicly owned utility, street, easement, alley or other public grounds for the purpose of sewer or street improvement, the Grantee, upon reasonable notice by the Grantor of the necessity, and after due consideration being given to Grantee's seasonal load requirements, shall remove, relay or relocate, at Grantee's determination, its underground pipelines, manholes and other related fixtures at its own cost and expense.
- (e) Insurance: The Grantee shall keep in force for itself and its officers, agents, and employees, public liability and property insurance containing terms and provisions and in amounts acceptable to the Grantor. Further, such insur-

- (f) Indemnification: The Grantee agrees to hold Grantor harmless from and indemnify them against, any and all liability, claim, or loss occasioned by or resulting from, any and all act(s) of the Grantee, its agents, employees or contractors. The Grantor will notify the Grantee within a reasonable time after any claim, liability or loss is made or submitted to the Grantor from any act of the Grantee, its agents, employees or contractors.

Section 6. If any payment herein provided to be paid is not paid when due after thirty (30) days written notice from Grantor to Grantee of such non-payment (which period of 30 days commences with the day after receipt of such notice), this franchise may be terminated by the Grantor. If the Grantee substantially fails to comply with any of the other provisions of this franchise and fails to cure same or is unable to provide justification for such non-compliance within sixty (60) days after it has received written notice from the Grantor claiming such non-compliance with any of the terms and provisions of this franchise, then Grantor shall give Grantee an additional written notice that this franchise will be terminated effective ninety (90) days after receipt of said notice to Grantee, unless Grantee corrects such non-compliance within said period of time. If the Grantor and Grantee disagree over whether Grantee has substantially failed to comply with any of the other provisions of this franchise or has failed to cure an alleged non-compliance, the franchise shall continue until agreement is reached between the Grantor and Grantee resolving the matter or until the matter has been litigated through the Courts to final judgment. Non-compliance by Grantee of any terms and provisions of this franchise due to force majeure or any cause beyond its control does not constitute reason for termination of this franchise.

Section 7. This franchise may not be transferred within the first five (5) years, and after the first five (5) years, only with the written consent of the Grantor, however, consent will not be unreasonably withheld. The rights of the Grantee hereunder shall not be assignable without first giving the Grantor at least thirty (30) days notice prior to filing with the New Mexico Public Service Commission of the Grantee's intention to assign its franchise rights hereunder. The Grantee shall cause to be

The aforesaid thirty (30) days notice shall not commence to run until Grantee has furnished such information. The rights, powers, limitations, duties, and restrictions herein provided for shall inure to and be binding upon the parties hereto and upon their respective successors and assigns.

Section 8. Should any part or portion hereof be declared invalid, void or unconstitutional by any court of competent jurisdiction, such portion shall be deemed separate and distinct from the balance and such declaration shall not affect the validity of the remaining portions hereof.

Section 9. This ordinance shall be published as provided by law and the cost thereof shall be paid by the Grantee upon presentation of an invoice for publication and proof of publication by the Grantor.

Section 10. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 12. Grantee shall have ten (10) days to execute its "ACCEPTANCE" herein contained and file the same with the Office of the Clerk of the City of Hobbs, Lea County, New Mexico. In the absence thereof, the Grantee shall be deemed to have rejected the Franchise Ordinance in its entirety.

- C. **ACCEPTANCE OF PAYMENT AND RECOMPUTATION.** No acceptance of any payment shall be construed as an accord by the City that the amount paid is, in fact, the correct amount, nor shall any acceptance of payments be construed as a release of any claim the City may have for further or additional sums payable or for the performance of any other obligation of Company hereunder.
- D. **ALTERNATIVE COMPENSATION.** In the event the obligation of Company to compensate the City through Franchise Fee payments is lawfully suspended or eliminated, in whole or part, then Company shall pay to the City compensation equivalent to the compensation paid to the City by other similarly situated users of the City's Rights-of-Way for Company's use of the City's Rights-of-Way, provided that in no event shall such payments exceed the equivalent of five percent (5%) of Company's Gross.

If any lawful authority having jurisdiction prohibits the payments or the City does levy, charge, or collect, or attempts to levy, charge, or collect, other franchise, license, privilege, occupation, excise, or revenue taxes or other extractions, then SPS's obligation to make the payments provided for in this Section VI of this ordinance shall cease.

#### **SECTION VII. RIGHT-OF-WAY ORDINANCE INCORPORATED.**

As a condition of City's grant of franchise to Company as contemplated by NMSA 1978, § 3-42-1, Company shall strictly comply with the provisions of the City's Right-of-Way Management Regulations Ordinance as outlined fully in Chapter 12.01 of the Hobbs Municipal Code, and expressly incorporated herein. Any subsequent amendments to the Right-of-Way Management Regulations Ordinance shall be binding on Company after Company has been afforded reasonable notice and opportunity to comply. Nothing contained in this ordinance shall be interpreted to in any way limit the rights and remedies available to City pursuant to Chapter 12.01 of the Hobbs Municipal Code.

#### **SECTION VIII. ANNEXATIONS.**

This ordinance shall apply to any property properly annexed to the City as provided by law, upon such annexation.

**SECTION IX. STANDARDS OF SERVICE.**

The NMPR has general and exclusive power and jurisdiction to regulate and supervise Company in respect to its rates and service regulations and in respect to its securities, all in accordance with provisions of the New Mexico Public Utility Act (NMSA 1978, § 62-6-4). A copy of Company's rates and service regulations are on file for public reading at the office of Southwestern Public Service Company during normal working hours.

If at any time the New Mexico Public Utility Act (NMSA 1978, § 62-6-4) is amended or repealed with the effect of such action being the deletion of standards of service in the City as are now in effect and no successor is named by the State of New Mexico, the City reserves the right to establish standards of service consistent with those now in effect in the City or at the time of any such amendment or repeal. If standards of service are established by the City and the City becomes the regulative authority for such standards of service, the costs (in excess of established costs) for such standards of service, will be borne by the rate payers of the City.

**SECTION X. INTERRUPTION OF SERVICE.**

SPS shall not be liable to the customer nor shall the customer be liable to SPS by reason of failure of SPS to deliver or the customer to receive electrical energy as the result of fire, strike, riot, explosion, flood, accident, breakdown, acts of God, the public enemy, or other conditions beyond the control of the party affected; it being the intention of each party to relieve the other of the obligation to supply or to receive energy when, as a result of any of the above mentioned causes, either party may be unable to deliver or use, in whole or in part, electrical energy to be delivered or received. But, in case of such interruption, SPS shall use reasonable diligence to re-establish service as soon as possible.

**SECTION XI. TERMINATION.**

If any payment herein provided to be paid is not paid when due after thirty (30) days written notice from City to Company of such non-payment (which period of thirty (30) days commence with the day after receipt of such notice), this ordinance may be terminated by the City. If the Company substantially fails to comply with any of the other material provisions of this ordinance and fails to cure same or is unable to provide justification for such non-compliance within sixty (60) days after it has received written notice from the City claiming such non-compliance with any of the material terms and provisions of this ordinance, then City shall give Company an

additional written notice that this ordinance will be terminated effective ninety (90) days after receipt of said notice to Company, unless Company corrects such noncompliance within said period of time. If the City and Company disagree over whether Company has substantially failed to comply with any of the material provisions of this ordinance or has failed to cure an alleged non-compliance, the ordinance shall continue until agreement is reached between the City and Company resolving the matter or until the matter has been litigated through the Courts to final judgment. Non-compliance by Company of any terms and provisions of this ordinance due to force majeure or any cause beyond its control does not constitute reason for termination of this ordinance.

#### **SECTION XII. ASSIGNMENT.**

The rights of the Company hereunder shall not be assignable without first giving the City at least thirty (30) days' notice prior to filing with the NMPRC of the Company's intention to assign its franchise rights hereunder. The Company shall assist the City Manager in providing information which reflects the financial ability (e.g., financial audit) and the management ability (e.g. experience and resume of proposed management) of its proposed Assignee to operate a public utility. The aforesaid thirty (30) days' notice shall not commence to run until Company has initiated good faith efforts to provide the assistance or information as requested by the City Manager. The rights, powers, limitations, duties and restrictions herein provided for shall inure to and be binding upon the parties hereto and upon their respective successors and assigns.

#### **SECTION XIII. INTENTIONALLY OMITTED.**

#### **SECTION XIV. Term.**

Pursuant to NMSA 1978, § 3-42-1(B), the franchise granted herein shall take effect at least thirty (30) days after this ordinance is adopted and shall continue in force and effect for a period of ten (10) years thereafter, or until this ordinance shall be terminated for noncompliance by Company with the terms and conditions imposed herein, or with such reasonable restrictions, limitations and regulations as the City Commission may from time to time impose by ordinance, or until Company shall permit its corporate existence to expire without renewal, whichever of the foregoing shall first occur.

#### **SECTION XV. CONFLICTS BETWEEN MUNICIPAL CODE AND AGREEMENT.**

This ordinance hereby incorporates all applicable provisions of the Hobbs Municipal Code. Any conflict between the provisions of this ordinance and the Hobbs

Municipal Code, except as otherwise provided in this ordinance, shall be resolved in favor of the provisions of the Code. The City represents that it is unaware of any conflicts between this ordinance and the Hobbs Municipal Code.

#### **SECTION XVI. PUBLICATION COSTS.**

This ordinance shall be published as provided by NMSA 1978, § 3-42-1(8) and the cost thereof shall be paid by the Company upon presentation of an invoice for publication and proof of publication by the City as provided by NMSA 1978, § 3-42-1(E).

#### **SECTION XVII. INDEMNIFICATION.**

Company, for itself and its agents, employees, subcontractors, and the agents and employees of any subcontractors, shall, at its own expense and throughout the terms of this ordinance, indemnify, defend, and hold harmless the City and any of its elected or appointed officers and employees, from any and all claims, demands, actions, damages, decrees, judgments, attorney fees, costs, and expenses which the City, or such elected or appointed officers or employees, may suffer, or which may be recovered from, or obtainable against the City, or such elected or appointed officers or employees, as a result of, by reason of, or arising out of the installation, use, or maintenance by Company of its electrical distribution system or the exercise by Company of any or all of the rights, privileges, permission, and authority conferred herein, or as a result of any alleged act or omission on the part of Company in performing or failing to perform any of its obligations under this ordinance. Company is not, however, liable and is not required to indemnify or hold harmless the City and any of its elected or appointed officers and employees for any damages caused by the negligence of any agents, servants and/or employees of the City.

#### **SECTION XVIII. SEVERABILITY.**

If any section, subsection, sentence, clause, phrase, or other portion of this ordinance is, for any reason, declared invalid, in whole or in part, by any court, agency, commission, legislative body, or other authority of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent portion. Such declaration shall not affect the validity of the remaining portions hereof which other portions shall continue in full force and effect. In the event of a subsequent change in applicable law so that the provision which had been held invalid is no longer invalid, said provision shall thereupon return to full force and effect without further

action by the parties and shall thereafter be binding on Company and the City. If the terms of this ordinance are materially altered due to changes in or rulings regarding governing law, then the parties agree to negotiate in good faith to amend this ordinance so as to restore the original intent of Company and City and preserve the benefits bargained for by each party.

#### **SECTION XIX. NO THIRD PARTY BENEFICIARY.**

It is not intended by any of the provisions of this ordinance to create for the public, or any member thereof, a third-party beneficiary right or remedy, or to authorize anyone to maintain a suit for personal injuries or property damage pursuant to the provisions of this ordinance. The duties, obligations, and responsibilities of the City with respect to third parties shall remain as imposed by New Mexico law.

#### **SECTION XX. CONSTRUCTION OF AGREEMENT.**

The terms and provisions of this ordinance shall not be construed strictly in favor of or against either party, regardless of which party drafted any of its provisions. This ordinance shall be construed in accordance with the fair meaning of its terms.

#### **SECTION XXI. GOVERNING LAW.**

This ordinance and the franchise granted herein will be governed by the laws of the State of New Mexico with respect to both their interpretation and performance. Jurisdiction for any dispute arising from this ordinance shall lie with the Fifth Judicial District Court in Lea County, New Mexico.

Once in effect, this ordinance shall repeal Ordinance No. 782 in its entirety.

#### **SECTION XXIII. ACCEPTANCE AND EFFECTIVE DATE.**

Barring any objections to this ordinance as contemplated by NMSA 1978, § 3-42-1(C), Company shall have sixty (60) days from and after the passage and approval of this Ordinance to file its written acceptance thereof with the City Clerk, and upon such acceptance being filed, this ordinance shall take effect and be in force from and after the date of its passage and approval by the Mayor, and shall effectuate and make binding the agreement provided by the terms hereof.
